हम सुमनदिप के ज्योतिर्ध्व है, ज्ञान दीपकी ज्योत जली है।

नव अर्जन, नव विद्या धारा, लेकर बहती लहर चली है...

हम सुमनदिप के ज्योतिर्ध्व है, ज्ञान दीपकी ज्योत जली है।

मंत्र मिला है मानवताका, बनेह अभव ममता का

सेवाव्रत संदेश मिला है, सबके प्रति करुणाका

ज्ञान मिला है शिक्षा पाई, सेवाकी एक लहर चली है,

हम सुमनदिप के ज्योतिर्ध्व है, ज्ञान दीपकी ज्योत जली है।

कर्ज नहीं भूलेंगे इसका, जिसने विद्यादान दिया है,

शिक्षा झुका कर वंदन इसको, जिसने गौरव का सम्मान दिया है,

सौबभ देवो विद्यापीठकी, गाँव गाँव बात चली है,

हम सुमनदिप के ज्योतिर्ध्व है, ज्ञान दीपकी ज्योत जली है।

INTRODUCTION

Sumandeep Vidyapeeth was established on 17th January 2007 and is declared as Deemed to be University u/s 3 of UGC Act, 1956. The University is accredited by National Assessment & Accreditation Council (NAAC) with a CGPA of 3.53 on a Four point scale at 'A' Grade, in the year 2015. It is a renowned Healthcare University Nationally that indoctrinates Health-care Education and Training of high merits. Sumandeep Vidyapeeth incorporates globally benchmarked 'Evidence Based Education System' in all its academic programs. With strong research culture, excellent student-centric academic ambience, well equipped Tertiary care super-specialty Hospital and exquisitely efficient Academicians & Researchers, the University is constantly marching towards the summit of excellence.

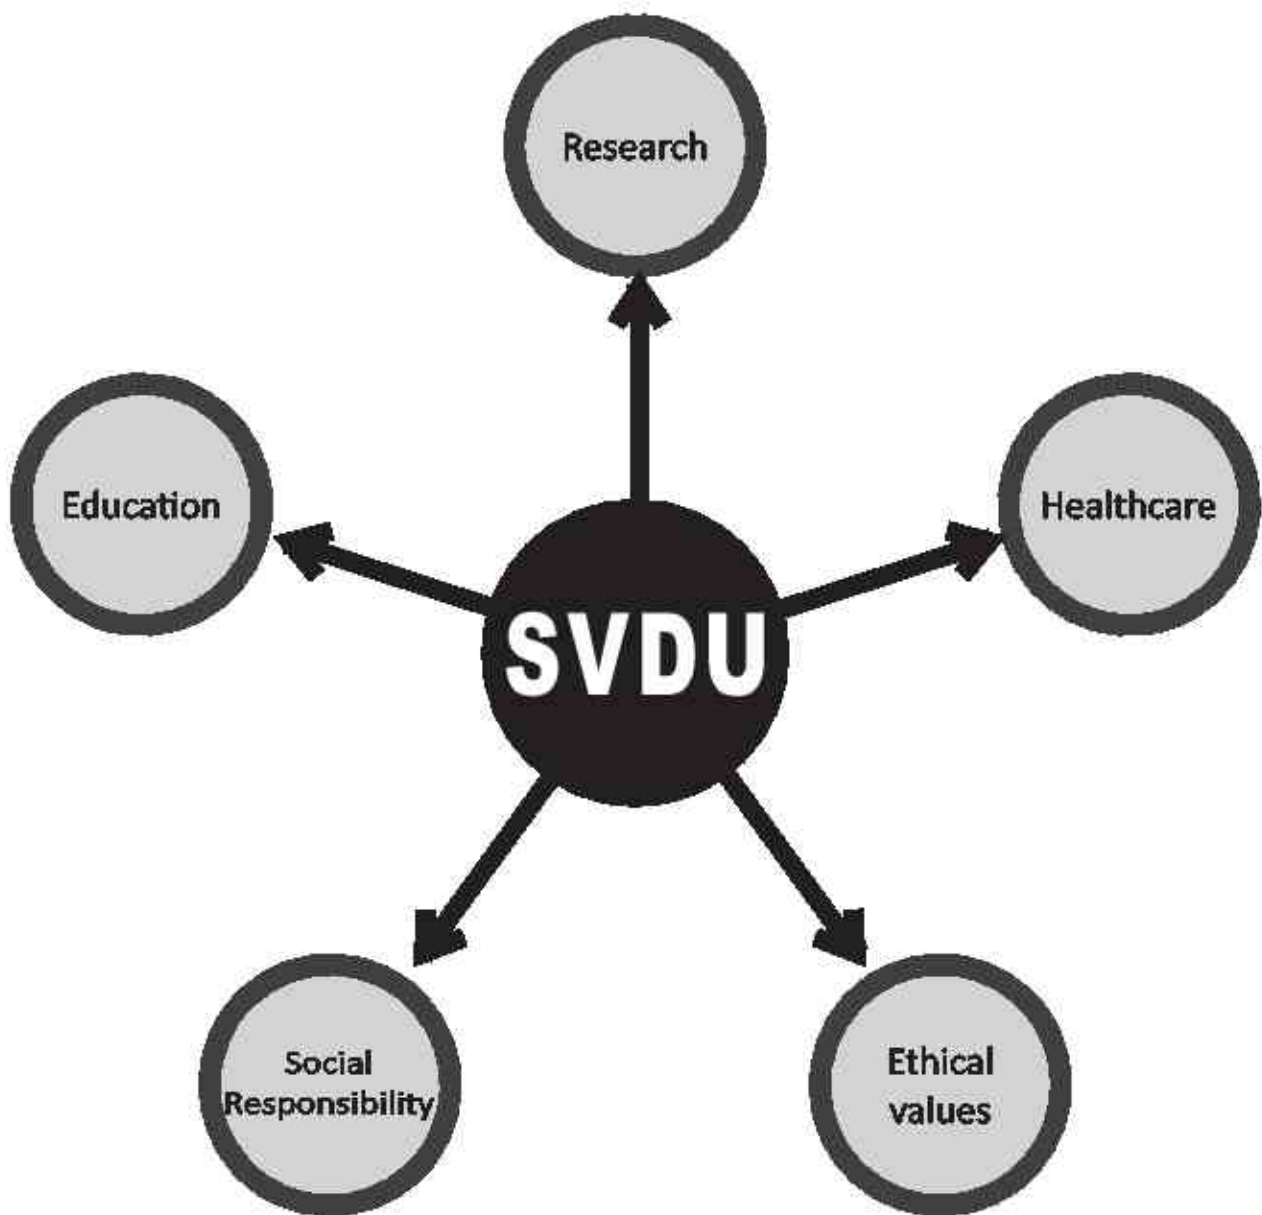

Sumandeep Vidyapeeth, once a nurtured dream of a single man stands as an unmistakable reality and landmark for today. Dr. Mansukhbhai Shah, a visionary, a First generation Entrepreneur and a Philanthropist, was the Founder Chairman of K.M. Shah Charitable Trust, established in 1981. His social commitments, professional vision and growing challenges in professional healthcare education led him to make a foray in healthcare education. The journey began with establishment of K. M. Shah Dental College & Hospital in 1999, as the First Self Financed Dental College in Gujarat. The professional vision continued to provide diversified educational needs of the society and as a result, other career oriented institutes were subsequently established like College of Physiotherapy, Multi speciality Dhiraj Hospital, Smt. Bhikiben Kanjibhai Shah Medical Institute & Research Centre (SBKSMI & RC); Sumandeep Nursing College, Department of Pharmacy and Department of Management. The zealous pursuit of professional dream & people's trust has culminated into the authentication of the SUMANDEEP VIDYAPEETH since 2007.

The university offers unparalleled training in 18 Undergraduate, 64 Postgraduate degree, 12 Postgraduate diploma, 05 Medical Superspecialty and Ph.D. programs in all the constituent institutes. Today, more than 3300 National and International students are being trained for various programs offered by the university.

The multi speciality 1360 bedded Dhiraj Hospital with state of art infrastructure and a Dental Hospital with 350 fully equipped dental chairs, situated in rural area and border of tribal zone; provides diverse clinical exposure and offers highly subsidized services, ranging from basic life support to super-specialty care, or patients mainly from marginalized sections of society. The hospital conducts variety of outreach programs, addressing a plethora of health issues of local community. Through a number of humanitarian ventures, Hospital attempts to provide free Diagnostic & Therapeutic services at the doorstep of community.

Pursuit of quality has been the corner stone of the University. Sumandeep Vidyapeeth, despite several roadblocks has relentlessly moved ahead and will continue to do so because it firmly believes that -

"The woods are lovely Dark and deep; But we have promises to keep and miles to go before we sleep."

VISION AND MISSION OF SUMANDEEP VIDYAPEETH

VISION

- To be the Centre of Excellence in Health Education, Health Care Services, Research and Innovation.
- To develop Health Care Professionals of Global Competence.

MISSION

- To provide state of art infrastructure and human resource of higher credentials for Research, Hospital services, Teaching- Learning and Administration
- To contribute towards Nation building by creating intellectually and technically proficient Health Care professionals who are innovative scholars, inspiring leaders and contributing citizens
- To execute High Quality, International Standard academic and research programs in Health Sciences.
- To augment the partnerships between Industries, Community and Institute for collective endeavour towards societal development.

Hon'ble Chancellor....

MESSAGE

I am happy that Sumandeep Vidyapeeth is growing in all frontiers of higher learning. The University is steadily marching towards offering more robust and broad-based educational programs. Our teaching and training ensures that our students receive the highest quality education which introduces them to the frontiers of knowledge and provides them with the skills and discipline to contribute fully to whatever career they follow.

Our University has grown both in the areas of academics and research. This year has been significant as our university has reached a new height of receiving accreditation by 'NAAC' with a CG PA of 3.53 on a four point scale at 'A' grade. Our commitment to excellence continues further.

The University focuses on four pillars of excellence - Education, Research, Health care, Ethical Values and Social Responsibility.

I congratulate the Internal Quality Assurance Cell (IQAC) for organizing & compiling the University annual report 2016-17 in a systematic way.

Take pride in how far we have come, and have faith in how far we can go!

Veteran Air Commodore (Dr.) G. D. Mehta

Hon'ble Vice Chancellor....

MESSAGE

It gives me immense pleasure to present the University Annual report 2016-17 on the activities & achievements on all fronts. Sumandeep Vidyapeeth Deemed University has made significant progress in academics and research because of sincere and dedicated teaching faculty, students and support staff. The state of art facility in the university has helped us in receiving accreditation by NAAC with a CG PA of 3.53 on a four point scale at 'A' grade. Though the academic year is passing, which was a promising year in Academics and Research, we will not be complacent and our pursuit for excellence will go ahead with greater enthusiasm. By working closely with renowned scientists, academicians and community, we feel proud to have leadership skills which can help in enhancing education and health prosperity, especially to the marginalized sections of the society. This year we could enhance the International collaborations, student and staff exchange and joint projects. I extend my best wishes to the students and faculty who are a part of our University and to those who seek to join us in our mission to develop Sumandeep Vidyapeeth as a Centre of Excellence.

Let us continue our aspiration to excel with greater zeal !

Dr. (Col.) V P Singh

Hon'ble Registrar....

MESSAGE

I am happy to write a message for our Annual Report 2016-17. The constituent institutes of Sumandeep Vidyapeeth university continues their pursuit of excellence, may it be in academics, co-academics or extra-academic activities, research, publication, infrastructure & development, akin to the set objectives during this academic year also. The effective performance in all the areas is being presented briefly in this Annual report 2016-17. I am sure on reading this report one will certainly have overall insight into the ethos of this university.

The members of the Internal Quality Assurance Cell have worked very hard to present this report.

I congratulate the members for the same. University will continue to put I the horizons & ensure

That university continually improve.

Dr. M.M Sattigeri

Evidence Based Education System Cell

Introduction

It was being felt since long that the knowledge and skills obtained during the training in healthcare, during undergraduate and post graduate courses are insufficient to carry on lifelong successful healthcare practice and decision making. To make decisions, the practicing professionals even today are largely dependent on obsolete knowledge and expertise derived from unsystematic observations made during his training, which can be as old as his course itself.

Evidence based medicine (E BM) was introduced to do away with this trend in the medical field. It simply means the need for judicious use of current, objective information in making decisions about the care of individual patients. The term was coined to encourage proficiency in judgments by individual clinicians based not only on "experience" but also on experience informed by results acquired in systematic approach.

Incorporation of same principle in all aspects of teaching and learning process to impart the process more perfectly is Evidence Based Education System (EBES) which was adopted by our university with the aim to create individuals skilled in all ways to use evidence to make individual decisions. The adoption of EBES is all the more imperative since the 'Internet Revolution' has provided immediate and easy access to new research.

Many may ask why evidence based? The answer lies in it being scientifically sound, is patient focused, incorporates clinical experience, is thorough and comprehensive, stresses on good judgment, use of empirically-verified treatments in the care of patients, incorporation of research results into the process of care, ability to critically appraise research results.

EBES is thus an innovative emerging area needed for promoting knowledge based learning & self-learning. Sumandeep Vidyapeeth adopted it since its inception (2007) to establish an educational system which to overcome the present shortfalls and to be at par with global education system.

Objectives:

- To prepare health care provider of first contact, capable of functioning independently in both urban and rural environment with special attention to diagnosis prevention and treatment planning of the diseases/health related problems and prevention of same by being abreast to scientifically proven empirical evidence.
- To provide education that allows hands-on-experience both in hospital as well as in community setting with systematic evidence based approach, educational experience that emphasizes health rather than only disease with outcome-based education as a goal.

- To inculcate the technique of reasoning, ability to understand the evidence, the nature and hierarchy of the evidence, critically choose the best evidence and apply it in clinical practice.
- To facilitate a learning experience that will provide the skills to develop, implement and disseminate an evidence-based approach for effective health care practice.
- To provide the doctor/dentist/health care provider who will believe in the value of life-long learning and value the evidence in making clinical decisions over opinion. EBES can lead to better skill and knowledge which ultimately will benefit society.

Composition

1. Director: Dr. Prasad Muley
2. Coordinator: Dr. Rashmi Venkatesh, KMSDCH
3. Executive Members:
Dr. Monali Shah- KMSDCH
Dr. Arti Muley -S.B.K.S MIRC
Dr. G. Palani Kumar -College of Physiotherapy
Dr. Medha Wadhwa -Department of Management
Dr. Vikas Chandrakar -Department of Pharmacy

Mrs. Mital Thakkar -Department of Management

Stages of Implementation of EBES in Sumandeep Vidyapeeth

1. Infrastructural up gradation
2. Faculty Training programs —
 - a. Faculties are deputed for advanced training of evidence based subject as well as education system.
 - b. Teachers of this institute are encouraged to attend various enrichment programs.
 - c. Teachers' training programs, national workshops and International conferences are organized regularly by university for skill development. Till date we have organized two International conferences in 2011 & 2014 respectively.
 - d. Feedback is taken from students & faculty regularly for improving teaching system.
3. Teaching of Evidenced Based subjects (EBM/ EBD/ EBN/ EBP/ Pharmacy) in

- 4. Evidence based education:
 - Theory class: All the theory classes are evidence based i.e. incorporation of evidence in didactic lectures,
 - Clinical/practical class: All clinical classes include evidence based exercise. Students are also involved in small group teaching, peer teaching. Various home assignments are also given.
 - UG students are encouraged to do research as well as evidence based community health project, Evidence based UG seminar
 - All PG academic activities like seminar, journal club, role modeling etc. are evidence based.
- 5. Preparation of disease specific treatment protocols in all subjects with best available evidence and its application on reference population, its modification as per need after feedback analysis and research.

Outcome till now since inception of the program -Impact of EBES On Students

Students have become less fearful of facts, figures and statistics, and are well oriented in research methodology. They can comprehend and analyze latest research articles. As a consequence they are conscientious and ethical, evidence-based, research—oriented and patient—centric.

They have inculcated scientific and ethical practices, based on solid verified principles rather than individualistic, arbitrary doctrines. It has led to formulation of management protocols for diseases prevalent in the region. This has accrued maximum benefit to the patients in form of standard and rational treatment.

On Society

EBES is making teachers and professionals accountable. As a consequence Treatment has become ethical & cost effective and addresses issues of drug and investigations misuse. Above all, it has transmitted a spirit of working on evidence and endeavoring to generate evidence and making this search a life-long process. It will in the long term form database from community centric hypothesis based research, which might at some stage help in formulation of State and National health policies. This will bring maximum benefit to the community, society and the nation at large.

Outcome in the year 2016-17:

1. Trained faculty and motivated them.
2. Regular teaching of evidence based subject at Undergraduate & Post graduate level-sensitization of students to evidence based concept.
3. Wider acceptance from faculty and staff.
4. Formulation of Evidence base subject module and local protocol.
5. Major Activities
 - EBES Core Committee organized a series of EBES workshop programs for Post graduate students in August 2015

- EBES Faculty orientation workshop 4-5* January 2016
- Formulation of Evidence Based Treatment Protocol.
- EBES training Workshop for PG students on 2-5-9-11-23 Aug.2016.
- EBES Faculty Orientation Workshop on 12/12/2016 & 13/12/2016.
- International training program on Comprehensive Systematic review on 3 to 7th Jan.2017
- EBES training Workshop for PG students on 8-9-10-21-22-23-24-25 Nov.2017
- EBES Faculty Orientation Workshop on 27th & 28th Dec.2017.

Upcoming remarkable activity:

- Continuation of EBES faculty training workshop in next academic year
- Field testing of clinical protocol to test its applicability in real life scenario
- To promote out rich campus activity to promote EBES Student Welfare Committee.

4. Department of Pharmacy

Department of Pharmacy, Sumandeep Vidyapeeth was started in 2008 with first year B. Pharm and M. Pharm in 2 branches in a small old building. Subsequently the present building was constructed with several laboratories and classrooms with modern amenities and excellent infrastructure facilities. Many Pharma industries have come forward to have collaborative research work with the department. Hence, we have several industry-academia projects running simultaneously for past 4 years.

Presently we have 3 branches in M. Pharm with an intake of 10 students in each branch. Many of the faculties obtained their PhD degrees in past two years. Many pharma industries visit our department for in-campus recruitment. Therefore our students who pass out their M. Pharm and B. Pharm are employed well in the industry. The department also added a new feather in its cap by starting Pharm D course in 2012 which is approved by PCI. Further we also started Pharm D Post Baccalaureate from the year 2015 onwards. The department is also having a well furnished Drug Information Centre which has got all the information regarding the proper medication based on the prescription.

Department of Pharmacy is approved by Pharmacy Council of India, New Delhi. It is well equipped with up-to-date facilities for modern research. The laboratories are designed in compliance with PCI/AICTE requirement. The Department has sophisticated instruments like RP PCR, HPLC, FTIR, Brookfield Rheometer, UV Spectrophotometer, Flame photometer, Fluorimeter, etc. The Library has sufficient books, National/International Journals, magazines and internet facilities. It also has a CPCSEA recognized animal house facility.

Department has generated more than hundred research articles in National/International peer reviewed journals. Students are encouraged to participate in conferences, seminars & workshops to update knowledge & push the boundaries of discovery. Our educators seek the best way to ensure that student learning is optimal & focused on evidence based pharmacy education system. Besides we have well trained and highly qualified faculty members who are actively engaged in their own research.
