

**ISR Activity**

**August 2015**

**Name of the activity:** Screening and Camp of School Children, Jasingpura, Vadodara

**Date of Activity:** 01/08/2015

**Back ground for the activity:** Dental screening and cognizance of hand sanitization amongst school children

**Other agency - None**

**Activity carried out by:**

- Dr. Soumya Sinha (Reader)
- Dr. Parth Joshi (1<sup>st</sup> P.G.)
- Dr. Princy Thomas (1<sup>st</sup> P.G.)
- Mr. Hemani Patel (Intern)
- Mr. Vanashree Patel (Intern)

**Activity Guided by:**

Dr Bhavna Dave. HOD Dept of Pedodontics and Preventive Dentistry. KMSDCH

**Participants:** 21 students and 2 Teachers

**Brief details of the activity:**

Department of Paedodontics and Preventive Dentistry, K.M Shah Dental College as a part of SANKALP 2015 had organized a school dental camp in Jaisingpura.

On **1<sup>st</sup> August 2015**, oral health education and awareness programme and screening had been done.

Correct brushing techniques with the help of brushing models and hand washing techniques were demonstrated.

Videos were shown to the kids for better learning and understanding.

Oral health screening of 21 children was done .

At the time of oral health screening 21 children were present, of which 100% required basic oral prophylaxis.

Most of them were diagnosed with carious lesion requiring restorative treatment and orthodontic treatment.

**Vice-Chancellor**

**Sumandeep Vidyapeeth**

An Institution Deemed to be University

Vill. Piparia, Taluka: Waghodia.

Dist. Vadodara-391 760. (Gujarat)

**Activity Guided by:**

Faculty/Any other person:

Dr. Ramya R Iyer, Dr. Hemal Patel, Dr. Pulkit Kalyan

**Participants:** 939 total people at GaytriShaktipith Mandir, Gadhethad, Upleta (Rajkot District), Gujarat

**Brief details of the activity:** Oral health education and screening was conducted. Modified Bass brushing technique was demonstrated to the people. A total of 939 patients were diagnosed with oral diseases. Among all total number of 456 patients got treatment at camp site. It was a 5- day Comprehensive Oral Health Outreach Program;

**Program Highlights:**

- **The Dental Public Health Team:** A 24 member dental health team including auxiliary and support staff, led by Dr. Ramya R, Outreach Programs In- Charge of the Department of Public Health Dentistry, K. M. Shah Dental College and Hospital (KMSDC&H), under the able guidance of Dr. C.G Ajithkrishnan CG, Dean, KMSDC&H and Professor and Head, Department of Public Health Dentistry and Dr. Sweta Singh, Reader and In-charge HoD of the Department, conducted the program in a well coordinated manner.
- **Inter-disciplinary Approach:**
  - The team also comprised of expert faculty and post-graduates from the Departments of Pedodontics and Oral Surgery for diagnosis and management of cases that warranted advanced care.
  - Furthermore, the dental public health professionals in the camp also co-ordinate with the local medical professionals for medical and emergency assistance

**Learning:** The number of patients for Dental OPD in the multi-diagnostic camp was far greater than any other medical specialty OPD, managed by local medical professionals. Oral health took the centre stage during all the 5 days. **(Take home message- Dental Public Health Professionals are the key players for promoting oral health).** Rural people were awestruck by the "Magical van"-the Mobile Dental Van and it seemed to be a motivation factor to get screened and treated. **(Take home message- Mobile dental**

## INSTITUTE SOCIAL RESPONSIBILITY

**Name & Type of the activity:** Oral Health Awareness program for tobacco consumption

**Date of Activity:** 02/03/2016

**Back ground for the activity:** The aim of the activity was to create awareness about oral health and ill effects of tobacco amongst the people at Madheli Village (Screening conducted in the premises of Govt. Primary School)

**Activity carried out by:** The Department of Oral Medicine and Radiology

**Faculty** –Dr. Bhumika Rawat

**PG** – Dr. Kajal Shilu

**Interns**–Mr. Vishal Rathod, Mr. Samir Rana, Mr. Nirmal Panchal

**Activity Guided by:** Dr. Chandramani B. More

**Number & type of Beneficiaries:**

**No. of beneficiaries** – 52

**Type** - Residents of Madheli Village

**Brief details of the activity:**

- Total 52 residents of Madheli Village, Vadodara participated in screening camp.
- All participants got oral health education & knowledge about ill effects of harmful oral habits like tobacco which was facilitated using pictorial e - posters and explanations in Gujarati language.
- Both pediatric and adult patients participated in camp.
- All participants were screened for oral pre-cancerous lesion and conditions along with other regular dental pathologies.
- Patients with harmful oral habit got health education and counseling for behavioral modification.
- Pharmacological management was given to patients with oral PMD's.

**Attested CTC**

**ISR ACTIIVITY**

**MARCH 2016**

**Name of the activity:** Dental screening for Children attending Akshar trust primary school in Mangal bazaar area of Vadodara.

**Date of Activity:** 2<sup>nd</sup> and 3<sup>rd</sup> of March 2016

**Back ground for the activity:** Dental screening and cognizance of hand sanitization amongst school children

**Other agency - None**

**Activity carried out by:**

Dr. Pratik Karia (Faculty)

Dr. Kishan (PG)

Ms. Paridhi Shah (Intern)

**Activity Guided by:**

Dr Bhavna Dave. HOD Dept of Pedodontics and Preventive Dentistry. KMSDCH

**Participants: 22 Children**

**Brief details of the activity:**

This programme was held on the 2nd and 3rd of march 2016. A total of 22 children accompanied by their parents and care givers were brought to the department from their school.

The activities carried out were, oral screening of 22 children, behavior modeling and administration of the required treatments. Their parents and guardians were also educated about the oral health care of these children. All the staff members, post graduate students, interns and the undergraduate students posted in the department participated enthusiastically in all the activities. A very good response was obtained from the children and the parents alike at the end of the 2 day programme.

### Brief details of the activity:

The activities carried out were, oral screening of 354 children from std I to std VI and oral health provision activities. The details of the same are given below

#### Day 1

A team of 7 people comprising of 1 senior staff, 2 post graduate students and 4 Interns screened 91 students from std IV to std VI, followed by oral hygiene instructions.

#### Day 2

A team of 13 people comprising of 1 senior staff, 2 post graduate students and 10 Interns screened 251 students from std I to std III, followed by oral hygiene instructions.

#### Day 3

A team of 11 people comprising of 2 post graduate students and 9 Interns who screened 12 students who were absent on the previous 2 days from std I to std IV, followed by skit presentation by the Interns.

After the three-day program, referral cards were given to each child, which would entitle them to free treatment in the month of march, and 25% discount on any treatment afterwards.

**Name of the activity:** Dental Camp at Dabhoi District for oral hygiene day celebration.

**Date of activity:** 20/03/2016 **Time:** 09:30 AM to 2:00 PM

**Back ground for the activity:** Oral Hygiene day celebration was done for sensitizing the local population in the district of Dabhoi for various periodontal diseases.

**Activity carried out by:**

Dr. Jasuma Rai, Staff, Department of Periodontology  
Dr Pulkit Kalyan, Department of Public health Dentistry  
Dr Phoram, Dr shivani, Dr Urvi, Dr Rujuta, Dr Nidhi, Dr Ankita

**Activity guided by:** Dr. Deepak Dave

**Participants:** 74

**Brief details of the activity:** This program was conducted for the local population of the Dabhoi district. Routine dental check up was done for all the participants who came to visit the camp site. Following the dental check up done by Dr urvi and Dr nidhi participants were explained about proper oral hygiene habits. A special room was provided in the area of camp with the audio visual facility where the presentation was done by Dr. Jasuma for various disease condition and its treatment was done for the awareness of diseases caused by lack of oral hygiene habits.

A mobile dental Van with all the facilities was used to carry out basic dental procedures like scaling and filling if required after the oral screening. A positive response was seen among all the participants who came for screening in the camp

**Learning:** Importance of oral hygiene and understanding of various periodontal procedures.

**Suggested actions based on learning from the activity:** This program had increased awareness about Oral hygiene and its implementation in daily life will reduce periodontal problems.

	Prachi Bhavsar		
	Arohi Patel		

**Camp coordinator:** Dr. Rashmi Bhavasar.

**Activity Guided by:** Dr. Vandana Shah

**Participants:** 75

**Brief details of the activity:**

The camp was started at 10.30 am on 30<sup>th</sup> April 2016, and was held in the Grampanchayat office by whole hearted co-operation from Sarpanch of Piparia village Mahendrabhai Patel as well as technical help from our computer operator Zinkal Patel. The interns from community department as well as interns from oral pathology department had participated along with faculty members Dr. Vandana Shah, Dr. Rashmi Bhavasar, Dr. Nidhi Gupta, Dr. Usha Sharma and Dr. Kapil Dagrur. Very first day response was average and only 15 patients visited to screening centre. But at least they were directed towards maintaining oral hygiene practices and were directed to visit OPD of KMSDCH for their teeth related problems in the respective departments. It was also continued on 1<sup>st</sup> May from 8 am to 1.30 pm and again in evening from 5 pm to 7.30 pm. Faculties involved were Dr. Rashmi Bhavasar, Dr. Kiran Jadhav, Dr. Harish Pandit. The response from the Piparia

village community was very enthusiastic and encouraging. There were total 75 participants in all, including children, adults, and aged patients. Among these 18 were children, 45 middle aged individuals and 12 old aged people were examined. Problems observed during this screening were basically dental caries, generalized gingivitis, periodontitis, edentulous patients requiring partial and complete dentures; also almost 80% of population in males was ghutaka and tobacco abusers. They were screened for oral lesions and were guided for biopsy as well.

**Learning:** It was open for all people of Piparia village from younger children to old aged people, both interns as well as faculty, were involved in bringing out the complete awareness about oral hygiene practices as well as about discontinuation of habit of tobacco and its related products followed by screening for oral precancer and cancer. Participants salivary sample was also collected for evaluation of salivary parameters in relation to their tobacco habit related changes and dental caries status. This camp was organized basically to develop positive attitude towards oral hygiene maintenance.

**Suggested actions based on learning from the activity:** They were screened for oral lesions and were guided for biopsy as well. All the patients were also counseled for discontinuation of habit and were also referred to KMSDCH and Dhiraj Hospital for their other systemic problems encountered during screening of oral cavity. They were also guided for appropriate brushing methods and further follow up for scaling and other related measures.

**Activity carried out by:** The Department of Oral Medicine and Radiology

**Faculty** –Dr. Mihir Khatri

**Interns**–Miss Monkia Surana, Miss Shreya Thakkar, Miss Dimpy Shah, Miss Jinal Shah

**Activity Guided by:**Dr.Chandramani B. More

**Number & type of Beneficiaries:**

**No. of beneficiaries** – 71

**Type** - Population of All Gujarat Institute of Driving, Technical Training and Research (AGIDTTR)

**Brief details of the activity:**

As we reached there at AGIDTTR 10:30 am on 30<sup>th</sup> may 2016, we were first briefed about the institution and its role in the development of the tribal youths; and in motivating them to take up driving as a profession. Then we started with the oral examination of the patients and explained the harmful effects of tobacco to those patients who were having habits of chewing tobacco and habit of smoking bidis.

Equipment and materials were provided by the department of Oral Medicine and Radiology. The motives of the camp were a)Oral health education and screening for oral pre-cancerous lesion and conditions among population, b)To provide knowledge about ill effects of harmful oral habits like tobacco, c)To encourage those people to quit the habit of tobacco and Ghutka, d)Identify and provide the basic medication required

for Oral Premalignant Disorders and help the patients not to get involved in oral harmful habits. Also the patients were explained the ill-effects of consuming tobacco through examples and pictorial representations. Total 71 patients were examined.

Mr. Rajesh Modi, Deputy Director of the institute felicitated Dr. Mihir Khatri and the other interns for their contribution in spreading awareness amongst the institute officials as well the students regarding the harmful oral habits.

**Learning:**

Through this Social Initiative, the Department of OMR successfully spread the awareness about Oral Health Care and ill effects of tobacco and areca nut.

**Suggested actions based on learning from the activity:**

The patients identified with dental / oral problems were given medicinal treatment and referred to KMSDCH for further dental treatment.

## REPORT OF BMD CAMP 2015-2016

The Department of Orthopaedics had successfully organized and conducted Bone Mineral Density (BMD) camp at Dhiraj Hospital, SVU, Piparia, Vadodara on 21/08/2015 (Friday) from 9 am onwards till 5 pm.

In BMD camp all the needy patients were first examined in OPD and those above 50 years of age and few suspected cases were referred for BMD evaluation. In total around 124 numbers of patients participated in this BMD camp and out of which 36 number of patients were diagnosed with low BMD i.e. Osteoporosis and 44 numbers of patients were identified with borderline BMD.

After evaluation, necessary advices regarding dietary intake and supplementations were given to the patients with low BMD as well as borderline patients. This helped in screening of patients with low BMD and educating them in OPDs regarding consequences of low BMD as well as its cure by respective consultants.

AN INSTITUTION DEEMED TO BE UNIVERSITY

## Brief details of the activity:

Awareness Campaign through local media was done before the date of camp to inform the beneficiaries about the camp date, time and type of services available.

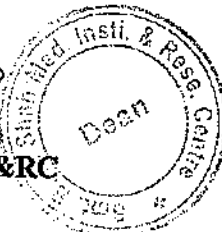

Before the actual day of camp the site visit to see the facilities and for arrangements for camp.

On the camp day the separate counter is made for information, registration and separate OPD are created for each specialty.

According to the need of the patient each beneficiary is being guided.

Once the check-up is complete the beneficiary comes to the final counter where he is being provided with medicines for minor illness or else guided by the staff at the counter to visit the base hospital for further treatment.

## Brief details of the activity:

Awareness Campaign through local media was done before the date of camp to inform the beneficiaries about the camp date, time and type of services available.

Before the actual day of camp the site visit to see the facilities and for arrangements for camp.

On the camp day the separate counter is made for information, registration and separate OPD are created for each specialty.

According to the need of the patient each beneficiary is being guided.

Once the check-up is complete the beneficiary comes to the final counter where he is being provided with medicines for minor illness or else guided by the staff at the counter to visit the base hospital for further treatment.

CONSTITUENT INSTITUTE OF SUMANDEEP VIDYAPEETH  
AN INSTITUTION DEEMED TO BE UNIVERSITY

## Brief details of the activity:

Awareness Campaign through local media was done before the date of camp to inform the beneficiaries about the camp date, time and type of services available.

Before the actual day of camp the site visit to see the facilities and for arrangements for camp.

On the camp day the separate counter is made for information, registration and separate OPD are created for each specialty.

According to the need of the patient each beneficiary is being guided.

Once the check-up is complete the beneficiary comes to the final counter where he is being provided with medicines for minor illness or else guided by the staff at the counter to visit the base hospital for further treatment.

## Brief details of the activity:

Awareness Campaign through local media was done before the date of camp to inform the beneficiaries about the camp date, time and type of services available.

Before the actual day of camp the site visit to see the facilities and for arrangements for camp.

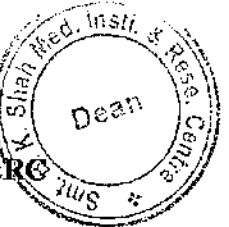

On the camp day the separate counter is made for information, registration and separate OPD are created for each specialty.

According to the need of the patient each beneficiary is being guided.

Once the check-up is complete the beneficiary comes to the final counter where he is being provided with medicines for minor illness or else guided by the staff at the counter to visit the base hospital for further treatment.

CONSTITUENT INSTITUTE OF SUMANDEEP VIDYAPEETH  
AN INSTITUTION DEEMED TO BE UNIVERSITY

## Brief details of the activity:

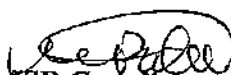

Awareness Campaign through local media was done before the date of camp to inform the beneficiaries about the camp date, time and type of services available.

Before the actual day of camp the site visit to see the facilities and for arrangements for camp.

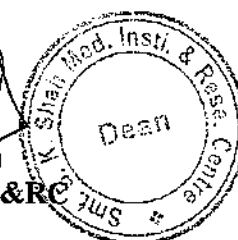

On the camp day the separate counter is made for information, registration and separate OPD are created for each specialty.

According to the need of the patient each beneficiary is being guided.

Once the check-up is complete the beneficiary comes to the final counter where he is being provided with medicines for minor illness or else guided by the staff at the counter to visit the base hospital for further treatment.

## Brief details of the activity:

Awareness Campaign through local media was done before the date of camp to inform the beneficiaries about the camp date, time and type of services available.

Before the actual day of camp the site visit to see the facilities and for arrangements for camp.

On the camp day the separate counter is made for information, registration and separate OPD are created for each specialty.

According to the need of the patient each beneficiary is being guided.

Once the check-up is complete the beneficiary comes to the final counter where he is being provided with medicines for minor illness or else guided by the staff at the counter to visit the base hospital for further treatment.

## Brief details of the activity:

Awareness Campaign through local media was done before the date of camp to inform the beneficiaries about the camp date, time and type of services available.

Before the actual day of camp the site visit to see the facilities and for arrangements for camp.

On the camp day the separate counter is made for information, registration and separate OPD are created for each specialty.

According to the need of the patient each beneficiary is being guided.

Once the check-up is complete the beneficiary comes to the final counter where he is being provided with medicines for minor illness or else guided by the staff at the counter to visit the base hospital for further treatment.

CONSTITUENT INSTITUTE OF SUMANDEEP VIDYAPEETH  
AN INSTITUTION DEEMED TO BE UNIVERSITY

## Brief details of the activity:

Awareness Campaign through local media was done before the date of camp to inform the beneficiaries about the camp date, time and type of services available.

Before the actual day of camp the site visit to see the facilities and for arrangements for camp.

On the camp day the separate counter is made for information, registration and separate OPD are created for each specialty.

According to the need of the patient each beneficiary is being guided.

Once the check-up is complete the beneficiary comes to the final counter where he is being provided with medicines for minor illness or else guided by the staff at the counter to visit the base hospital for further treatment.

## Brief details of the activity:

Awareness Campaign through local media was done before the date of camp to inform the beneficiaries about the camp date, time and type of services available.

Before the actual day of camp the site visit to see the facilities and for arrangements for camp.

On the camp day the separate counter is made for information, registration and separate OPD are created for each specialty.

According to the need of the patient each beneficiary is being guided.

Once the check-up is complete the beneficiary comes to the final counter where he is being provided with medicines for minor illness or else guided by the staff at the counter to visit the base hospital for further treatment.

## Brief details of the activity:

Awareness Campaign through local media was done before the date of camp to inform the beneficiaries about the camp date, time and type of services available.

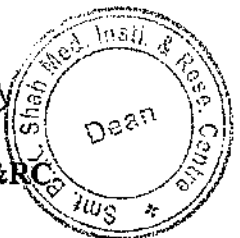

Before the actual day of camp the site visit to see the facilities and for arrangements for camp.

On the camp day the separate counter is made for information, registration and separate OPD are created for each specialty.

According to the need of the patient each beneficiary is being guided.

Once the check-up is complete the beneficiary comes to the final counter where he is being provided with medicines for minor illness or else guided by the staff at the counter to visit the base hospital for further treatment.

AN INSTITUTION DEEMED TO BE UNIVERSITY

## Brief details of the activity:

Awareness Campaign through local media was done before the date of camp to inform the beneficiaries about the camp date, time and type of services available.

Before the actual day of camp the site visit to see the facilities and for arrangements for camp.

On the camp day the separate counter is made for information, registration and separate OPD are created for each specialty.

According to the need of the patient each beneficiary is being guided.

Once the check-up is complete the beneficiary comes to the final counter where he is being provided with medicines for minor illness or else guided by the staff at the counter to visit the base hospital for further treatment.

DR. RAVINDRA H. N., Ph.D(N)  
PRINCIPAL  
SUMANDEEP NURSING COLLEGE,  
PIPARIA, WAGHODIA, VADODARA

**Name & type of the activity:**

Observing World heart day.

**Date of activity:**

29<sup>th</sup> September, 2015

**Back ground for the activity:**

The world heart foundation organizes world heart day, and international campaign held on September 29<sup>th</sup> to inform people about cardiovascular diseases, which are the biggest cause of death. The day promotes preventive measures to reduce the risk of cardiovascular diseases. World heart day is a global campaign during which individuals, families, communities, and governments around the world participate in activities to take charge of their heart health and that of others.

**Activity carried out by:**

3<sup>rd</sup> year G.N.M, 4<sup>th</sup> year B.Sc.Nursing, 2<sup>nd</sup> year PBB.Sc. Nursing, and 1<sup>st</sup> & 2<sup>nd</sup> M.Sc. Nursing. (155 Students)

**Activity guided by:**

Dr. Ravindra H N

Mr. Kevin Christian

**Participants:**

General public of Waghodia Village- 300

**Brief details of the activity:**

The students of 3<sup>rd</sup> year G.N.M, 4<sup>th</sup> year B.Sc.Nursing, 2<sup>nd</sup> year PBB.Sc. Nursing, and 1<sup>st</sup> & 2<sup>nd</sup> M.Sc. Nursing had celebrated world heart day on 29<sup>th</sup> September, 2015. The theme was "Creating Heart-Healthy Environment". Prior permission was taken from Mamlatdar and Police Inspector, Waghodia. Students initiated the march from PHC, passed through ICDS office, Taluka office, Post-Office, Main circle, and ended at PHC, Waghodia. Over 155 students held pluck cards, and raised the slogan regarding prevention of CAD, 'Keeping heart healthy', salt restricted diet, periodic medical consultation and healthy checkup.

**Learning:**

The aim of this initiative is to improve health globally by encouraging people to make lifestyle changes and promote education regarding ways to improve heart health. March was held to show its importance of spreading awareness among general public.

Attested CFC

શ્રી

પ્રમુખશ્રી,

પ્રમુખશ્રીની કચેરી,

ડિયા

વિષય :- “વિશ્વ હૃદય દિવસ” નિમિત્તે રેલી કાઢવા માટેની મંજૂરી આપવા બાબત

મનનીય સાહેબ શ્રી,

સવિનય અભિવાદનું કે સુમનદીપ નર્સિંગ કોલેજ તરફથી “વિશ્વ હૃદય દિવસ” ઉજવી રહ્યા છે. જે નિમિત્તે આ રેલી કોલેજ તા. ૨૮/૮/૨૦૧૫ ને મંગળવાર ના રોજ સવારે ૧૦.૦૦ વાગે ૧૦૦ વિદ્યાર્થીઓ તથા ૫ શિક્ષકો વાઘોડિયા પી.એચ.સી થી રેલી નિકળીને ૫૦૦ મીટર ના અંતરમાં-વાઘોડિયા ગ્રામપંચાયત સુધી કાઢવા આવશે.

આ સાથે જામે આપણે ખાતરી આપીએ છીએ કે આ રેલીથી જાહેર જનતાને તથા જાહેર વાહન વ્યવહારને અવરકારી કામગીરીમાં કોઈ પણ પ્રકારનો અડચણ આવશે નહીં. તો અમોને આશા છે કે આ રેલી માટે અનુમતિ આપવા મહેરબાની આપશોજી.

આભાર સહ

આપનો વિદ્યાર્થી

**PRINCIPAL**  
SUMANDEEP NURSING COLLEGE,  
PIPARIA, WAGHODIA, VADODARA

**Name & type of the activity:**

Observed world mental health day.

**Date of activity:**

10<sup>th</sup> October, 2015

**Back ground for the activity:**

World mental health day is celebrated on October 10 every year. The day is celebrated with the objective to mobilize efforts in support of mental health and provides an opportunity for everyone to talk and discuss mental health issues, and what more needs to be done. Poster presentation, street play, story telling and outdoor games were done during this day. The day provides an opportunity for all stakeholders working on mental health issues to talk about their work, and what more needs to be done to make mental health care a reality for people worldwide.

**Activity carried out by:**

2<sup>nd</sup> year G.N.M, 3<sup>rd</sup> year B.Sc.Nursing, and 1<sup>st</sup> & 2<sup>nd</sup> M.Sc. Nursing. (TOTAL-160)

**Activity guided by:**

Mr. Suresh V., HOD of MHN department, SNC and Mrs. Janki Patel.

**Beneficiaries:**

Patients of Karelibaug Hospital & their relatives (150) and general public, central Bus station, Vadodara. (200), total 350.

**Brief details of the activity:**

The students of 2<sup>nd</sup> year G.N.M, 3<sup>rd</sup> year B.Sc.Nursing, and 1<sup>st</sup> & 2<sup>nd</sup> M.Sc. Nursing celebrated world mental health day on 10<sup>th</sup> October, 2015. The theme was "Dignity in Mental Health". Students and faculty of MHN department had organized an awareness programme at Mental Health Hospital, Karelibaugh and Central Bus Stop Vadodara. The students had done role play and street play on the dignity and rights of mentally challenged clients in society and health care institutions. Outdoor games were arranged for the patients and they actively participated in the games like singing and dancing competition. They recited poems and shayaris. Story telling was done about the great and famous Thomas Alva Edison.

**Vice-Chancellor**

**Sumandeep Vidyapeeth**

An Institution Deemed to be University

Vill. Piparia, Taluka: Waghodia.

Dist. Vadodara-391 760. (Gujarat)

The Chief guests, patients, their relatives and students received a warm welcome by the head organizer of the program- Mrs Janki Patel ( Asst. Lecturer of Sumandeep Nursing College –MHN dept).

❖ **Felicitation of chief guests:**

The Chief guests of the day were felicitated by the fragrance of flowers from bouquets that honored their presence. This gesture was graced by (Mr. Suresh V. HOD of MHN Dept., Sumandeep Nursing College and Mrs. Janki Patel)

❖ **Messages delivered:**

The theme for the year 2015 was unfolded by Dr. Rakesh Shah the Medical Superintendent of Mental Health Hospital, Karelilbagh. Followed by an inspirational message that touched our hearts regarding the 'Dignity of patients with mental disability'. Sr. Babbi also delivered an inspirational speech on her experience with the patients and their relatives. Dr. Ankita also had shared her views on the theme 'Dignity in mental health'.

❖ **Role play:**

The second year GNM had presented a role play based on the theme. It was a delightful as well as heart touching view as they put in their efforts to show the misconceptions about mental illness in the community and also focused on the human rights of the mentally disabled clients.

❖ **Story:**

Mr. Keval of 3<sup>rd</sup> year B.Sc. (N) had dictated a story about the great and famous Thomas Alva Edison. It was inspirational for both patients as well as their relatives.

❖ **Street play:**

The 1<sup>st</sup> & 2<sup>nd</sup> year M.Sc. Nsg. students of Sumandeep Nursing College presented a street play on the dignity and rights of the mentally challenged clients in society and health care institutions.

❖ **Outdoor games:**

Various outdoor games were arranged for the patients. The patients actively took part in the games like singing and dancing competitions, they recited poems and shayaris. They were given gifts as a token of appreciation. One of the patients who had recovered from her mental disability had shared her experience with the students.

**Attested etc** Vote of thanks:

Dist. Vadodara-391 760. (Gujarat)

Mr. Jonils Macwan had given a vote of thanks at the end of the programme and finally there was distribution of refreshments to all patients and relatives present.

Thus the program at the hospital ended by 11am.

**At the Central bus depot, Baroda:**

The 1<sup>st</sup> and 2<sup>nd</sup> year M.Sc nursing students had presented their streetplay at the central public bus depo. There was a good gathering of public the response was positive and co-operative. Pamphlets were distributed by the students to the public in and around the bus depo. Followed by a poster exhibition.

**Conclusion:** The program was highly informative according to the feedback received from students and public and patients as well as their relatives. The focus was constantly on creating awareness among people regarding dignity of mentally disabled patients.

**Feedback:**

A feedback form was issued with interest to receive suggestions and improve the quality for further betterment. On analysis the following results were obtained:

Sl. No.	Content	Good	Average	Poor
1	How was the program?	50	0	0
2	How was our effort to create awareness ?	50	0	0
3	How was the bhavai ?	45	5	0
4	How was the street play ?	50	0	0
5	How were the games arranged for you ?	40	10	0

Out of the 50 feedback forms most of the reviews were in favor of our program.

**Name & type of the activity:**

Observing world TB day.

**Date of activity:**

22<sup>nd</sup> march, 2016

**Back ground for the activity:**

World TB day was celebrated on 22 march on theme "Unite to end TB". Despite being preventable and curable, TB is now the world's leading infectious disease killer. TB affects millions around the world. Better diagnostic, shorter treatment and strong partnership both domestic and global, are needed to accelerate the path of elimination. Aim to raise public awareness of tuberculosis and the efforts made to prevent and treat this disease. It is celebrated each year to increase efforts to end global tuberculosis epidemic and to raise public awareness about health, social and economic consequences of TB.

**Activity carried out by:**

1<sup>st</sup> & 2<sup>nd</sup> M.Sc. Nursing, 4 year B.Sc. Nursing. (66 Students)

**Activity guided by:**

Ms. Bhumika Chaudhari

Mr. Ankit Christian

**Participants:**

General public of Dabhoi, 200 people.

**Brief details of the activity:**

The students of 1<sup>st</sup> & 2<sup>nd</sup> M.Sc. Nursing, 4 year B.Sc. Nursing had done rally on theme "Unite to End TB". Rally started at 10:45 am from CHC, Dabhoi to various areas of Dabhoi (Jain-waga, Rabariwaga, Patelwaga, Vakilwaga, Sonifariya, Pandyasheri, Kadiya wad). During the rally various posters have been displayed to create awareness among general public regarding definitions of TB, sign and symptoms, treatment and its prevention. Slogans were also recited and displayed by the students. Rally ended at CHC, Dabhoi at 12:00 pm. The objectives of this rally is to save the life of people through mass education, to create awareness among general public about TB, to educate the people regarding TB preventive measures, to discuss regarding DOTS therapy, its uses and milestones and to explain various strategies through posters and slogans.

**Name & type of the activity:**

Organizing School Health Programme

**Date of activity:**

22<sup>nd</sup> march, 2016

**Back ground for the activity:**

School Health Programme is one of the important component of total health care delivery system in the state, which helps in keeping close watch on the health of school going children. It is an admitted fact that children are the future of the Nation. If the children are healthy, the nation is bound to be strong. Health education builds students knowledge, skills and positive attitudes about health. It also teaches about physical, mental, emotional and social health. It motivates students to improve and maintain their health, prevent disease and reduce risky behaviour. With this context SNC has conducted School Health programme at Kanyashala, dabhoi.

**Activity carried out by:**

1<sup>st</sup> & 2<sup>nd</sup> M.Sc. Nursing, 4 year B.Sc. Nursing. (37 Students)

**Activity guided by:**

Ms. Bhumika Chaudhari

Mr. Ankit Christian

**Beneficiaries:**

Students of standard 3, 4 and 5 – (38 students), Kanyasala, Dabhoi

**Brief details of the activity:**

The students of 1<sup>st</sup> & 2<sup>nd</sup> M.Sc. Nursing, 4 year B.Sc. Nursing conducted a School Health Programme. Programme started by registration of the school children for health assessment. Assessment was done by measuring height and weight, head to toe examination and eye examination. Health education was given on various topics like adolescent changes in female, personal hygiene, and nutrition. The aim is to create awareness among school children about healthy living, to provide counselling and guidance services to children with special problems, to develop and distribute health education materials and media to schools, to identify and correct psychological problems among school children, including substance abuse and to promote life skill education and personal development in schools.

### Report on Exhibition

The Exhibition program was organized by the 1<sup>st</sup> & 2<sup>nd</sup> year M.Sc Nursing students and 4<sup>th</sup> year B.Sc Nursing students from Sumandeep Nursing College.

The Exhibition program was conducted by Dept. of community health Nursing on the communicable and non communicable disease, vector born diseases, water born diseases, air born diseases, types of pollution, , nutritional deficiency disorder, family planning, antenatal, postnatal care under guidance of Ms. Bhumiika Chaudhari and Mr. Ankit Christian SNC on the 21<sup>st</sup> march 2016 at the community health centre, Dabhoi.

### DESCRIPTION OF TOPICS:

#### **Communicable and Non Communicable Diseases:**

Communicable diseases are diseases that are the result of a causative organism spreading from one person to another or from animals to people.

As a health worker you need to be equipped with the capacity to target communicable diseases for their eradication.

• **Zoonotic diseases (diseases of contact with animals or animal products)**  
such as anthrax, brucellosis, rabies, hydatidosis, tetanus.

• **Family planning:**

✦ **Definition**

According to the WHO in 1971, the family planning may be defined as, "It is the way of thinking and living that is adopted voluntarily upon the basis of knowledge, attitude and the responsible decision by the individual and couple both in order to promote the health and welfare of the family group and thus contribute effectively to the social development of the country."

• **Aims of the family planning**

1. To avoid unwanted birth.
2. To bring about wanted birth.
3. To regulate the intervals between the pregnancies.
4. To control at the time at which the births occur in relation to the ages of the parent.
5. To determine the numbers of children in the family.
6. To promote the adaptation of the small family size.

• **Methods of the family planning**

There are two methods of the family planning which are:-

- Temporary method
- Permanent method

### POSTER EXHIBITION & HEALTH EDUCATION

- **Air Pollution**

Chemicals added to the atmosphere by natural events or human activities in high enough concentrations to be harmful

**Two categories:**

**I. Primary Air Pollutant**

Harmful substance that is emitted directly into the atmosphere

**II. Secondary Air Pollutant**

Harmful substance formed in the atmosphere when a primary air pollutant reacts with substances normally found in the atmosphere or with other air pollutants.

- **Health Effects of Air Pollution**

- o Sulfur Dioxide and Particulate material

Irritate respiratory tract and impair ability of lungs to exchange gases

- o Nitrogen Dioxides

Causes airway restriction

- o Carbon monoxide

Binds with iron in blood hemoglobin

Causes headache, fatigue, drowsiness, death

**Attested CTC**

o Ozone

**Subject: conducting Physiotherapy camp**

This is to inform you that 'College of Physiotherapy' is planning to conduct a 'Physiotherapy camp' at Bhadarpur on Sunday, the 21<sup>st</sup> of February, 2016. <sup>between 10 - 1.00pm</sup> The matter that will be circulated to every house in the Village is as attached. The person in charge at the center will be able to help us organize this. There is need of the following to be arranged:

- Transport service to accommodate the faculty & PG, approx. 15-20 persons, to & from the campus
- Some examination couches & portable equipment will also need to be shifted
- Arrangement of safe drinking water, tea and breakfast at 11.00 am and at 2.00pm lunch
- The printing material for patient assessment and record and banners.

The total cost of printing should not exceed Rs. 1500/=

Thanking you

Prof. Lata D. P. M.Sc. P.T. PhD  
Principal  
College of Physiotherapy,  
Sumandeep University

**Subject: Bahadarpur camp**

We appreciate the approval of the breakfast & lunch by the University, however as on the day of camp i.e. 21<sup>st</sup> February 2016, the caterers of the Bahadarpur hospital are on leave and therefore they apologized for being unable to provide the services. We request the University to approve the lunch with only Rs 10 extra per plate, by another caterer there. The Bahadarpur hospital caterer would have charge Rs 60 / plate.

About breakfast we request to approve from the Sumandeep mess, as alternative arrangement already approved by the University

## “CAMP at Bahadarpur”

The camp was organized at VallabhacharyaMahaprabhuji hospital, Bahadarpur on 21<sup>st</sup> February, 2016. By 9.45 A.M. faculty of COP, SV reached there and Principal, Prof. Lata Parmar met the trustees & sarpanch, who welcomed her and conveyed their happiness on organization of such an activity.

Patients had already started to come by 9.45 am. After small inaugural function at 10 o'clock with the trustees of the hospital Shri Hasmukhbhai and Shri Rajubhai and the Sarpanch Sanjaybhai.

Dr. Palak Mistry in charge of community spoke about the camp; focusing on the health of the people started with beautiful saying “AAROGYAM DHAN SAMPADA” meaning “Health is Wealth”. She also talk about camp was mainly organized firstly, to make the people aware of the quality Physiotherapy services that can be given in the Bahadarpur hospital, and also to help those people who are suffering from the conditions like, joint pain, muscle weakness, children with cerebral palsy or deformity and chest conditions. She informed that repeated camps have been planned by the College to continue to observe and assess the results / difference that this can bring about to the society for improvement in health and quality of life.

The screening and treating of the patients started 10 am onwards. The reception table was managed by one faculty & PG student. They did the registration, and for each patient number were generated and the primary information of the patient with chief complaint was recorded on the evaluation sheet, which was given to the patient.

The patient was directed to either the assessment & treatment area segregated for male & females for the privacy. One senior Ortho and Neuro faculty received the patients to assess the condition and to educate & counsel, as well treat the patients. All the patients were given minimum 30 minutes. After completion, the patients were requested to go again to the reception table to submit the evaluation sheet and fill up the feedback form.

Total 39 patients were the beneficiaries of this camp. Almost all of the patients were very happy and some requested such activity to be organized at least once per month.

The feedback analysis indicated the following:

☐ Such camp should be organized at least once per 15 days or month so it will be good for the patients. The facilities are good. This is good for poor people.

☐ Staff has properly assessed and properly given understanding of the condition. For that the patient is thankful to the institute.

☐ This camp is very good and very beneficial to the patients. For that the patient is thankful to the institute.

☐ Physiotherapy is very helpful in to relieve the pain.

☐ Very good arrangement and very good treatment.

Total No. of Faculties – 15

Total No. of Students – 98

**Subject: Industrial Visit**

This is to inform that we the College of Physiotherapy will be visiting the CEAT industry, GIDC, Halol, for the 'Risk assessment of Musculo Skeletal disorders in the Industry Workers'. This visit has been arranged in a hurry on 5<sup>th</sup> & 6<sup>th</sup> of March 2016, this is on request of the Industry management.

We shall be requesting the Industry to arrange for us the following:

- Transport to and fro from the University
- Tea & Lunch for the attending personnel
- Some basic arrangements like photocopying of some materials like consent forms, participation information sheets, evaluation forms etc.
- Some equipment will be taken from the institute, which will be deposited back.

After our 02 day visit we will be giving a detail report of our work to the management of the Industry and so also submitting the same to you. This is matter of pride for College of Physiotherapy and Sumandeep University, we shall do our best to maintain a long healthy association with this industry and others which we shall in future visit.

Subject: Project 'Risk Assessment of Musculoskeletal disorders in tyre industry workers'

This is to inform you that College of Physiotherapy takes pride in undertaking the project 'Risk Assessment of Musculoskeletal disorders in tyre industry workers'. We thank Dr. Niraj Pandit for introducing us to this. This project has been planned a bit in haste on the request of the CEAT industry management, i.e. on the 5<sup>th</sup> & 6<sup>th</sup> of March 2016. This screening will lead to data collection of the various non invasive fitness components that will be evaluated, analyzed and report formulated to be submitted to the industry management and to our University.

We would like to take this opportunity to publish this data in a reputed journal. As we have acute shortage of time, waiting for SVIEC for this time is impossible. Therefore we are submitting in brief about this project (attached). We are following the protocol required i.e. informed consent form, participant information sheet which will be taken from the workers. The details of methodology will be submitted soon.

We request the authorities to consider the project for SVIEC when submitted in near future.

**Title: Risk Assessment of Musculoskeletal disorders in tyre industry workers**

**Investigators: COP faculty**

**Background:** - Workers of tyre industry are susceptible to various musculoskeletal disorders as their work involves heavy weight lifting, pushing & pulling as well as repetitive overhead activities. They also have risk of muscle pull, stress-strain along with repetitive overuse strain injury. They also work in an environment with altered temperature. This study aims to assess risk of musculoskeletal disorders in workers of tyre industry.

**Methodology:** - After getting informed consent form from all the consecutive workers of industry, they will be assessed for the following:

- Joint examination
- Strength & Flexibility,
- Cardio-respiratory endurance-Queen's College Step Test
- Rapid Entire Body Assessment (REBA),
- Rapid Upper Limb Assessment (RULA)

**Statistics** Collected data will be analysed using appropriate statistical tool.

### Subject: Report of visit to CEAT Industry

The CEAT tyre industry invited us, the College of Physiotherapy, to do a musculoskeletal analysis of their 'Building Associates' (attached), on the 5<sup>th</sup> & 6<sup>th</sup> of March 2016. They made all the arrangements as follows:

- Comfortable conveyance to & fro from the University.
- Tea, breakfast, mineral water & lunch
- Photo copying of all the given materials viz. informed consent forms, participant information sheets, evaluation sheet, questionnaire & work sheets of 'Risk assessments'.
- We requested for 08 stations to be manned by 1-2 faculty, this was arranged in their spacious 'AC training room' (photographs).
- Some equipments were carried from here viz. Hand Dynamometer, laptops with software of calculation of VO2 max., weighing scale, waist straps, Goniometers, BP apparatus etc.

On the day 1 i.e. 5<sup>th</sup> March 2016, we reached at 9.30 am at the main gate itself we were given a pass & all were given the visitors ID. We were taken to Administration building from where we were escorted by the medical officer to the 'Training room'. We set the 08 stations and after tea & breakfast commenced with our work.

The 'building associates' picked up were sent first to the station 1, where they were explained about the details required to be filled up by them and finally to return to the same station for the feedback, where the form was to be collected. The associate proceeded to each station in orderly manner. Various tests were undertaken as follows:

1. Registration & issue of file & feed back at the end
2. Height & weight measurements
3. Brief history
4. Quick examination of neck, shoulders, knees, back
5. Flexibility – mainly Hamstrings, Hip flexors
6. Spinal muscle evaluation – 'Sorensen test'
7. Grip & pinch strength by 'Dynamometer'
8. Functional capacity assessment

One faculty analyzed the movement while the associates were at work. Total 09 faculties and students were 07 in number. We continuously worked on both days and screened 51 on the day one and 50 on the 2<sup>nd</sup> day.

### Report on musculoskeletal analysis of 'Building Associates' (BA) of CEAT

We are extremely thankful to CEAT tyre industry for inviting us, to do a musculoskeletal analysis of their 'Building Associates' (BA), on the 5<sup>th</sup> & 6<sup>th</sup> of March 2016.

The procedure & various tests undertaken were as follows:

1. Registration & issue of file & feed back at the end
2. Height & weight measurements
3. Brief history
4. Quick examination of neck, shoulders, knees, back
5. Flexibility – mainly Hamstrings, Hip flexors
6. Spinal muscle evaluation – 'Sorensen test'
7. Grip & pinch strength by 'Dynamometer'
8. Functional capacity assessment

One faculty analyzed the movement while the associates were at work. We continuously worked two days and screened 51 on the day one and 50 on the 2<sup>nd</sup> day.

### RESULTS

100 of BA were analyzed as one of the BA registered but did not return for the assessment. The results are as seen:

Gender

■ male ■ female

Clinical joint examination showed the following (1 girl was found to be hyper mobile, but had no major complaints except pain in the legs following prolonged standing.)

27 reported abnormal back examination

12 abnormal shoulder examination

7 abnormal neck examination

3 were found to be positive on elbow examination

0 - Wrist and Hand

Bilateral lower limbs were relatively less involved

1 was positive for Hip

7 for Knee of which 6 showed patella-femoral joint involved

2 for Ankle

70 Hamstrings tight i.e. popliteal angle  $>35^{\circ}$

02 unable to perform Spinal extension

9 people data not available of Cardio vascular –

4 BA's tests was not done due to medical reasons

5 BA's did not complete the test

The above results mandate that with the cooperation of the management some action in the interest of the BA's.

We suggest the following for the 03 categories that emerge:

- BA's with symptoms who will require active therapy
- BA's with symptoms on provocation and / or on prolonged working will require management to improve endurance & education for preventing further problems
- Prophylactic education to all

Subject: repeat visit to CEAT industry

Respected Sir,

This is to inform you that the CEAT industry, medical officer has invited us again for the session of discussing the strategies that can be implemented to help minimize the musculo-skeletal problems reported by the 'Building Associates' of the industry (report submitted to them and also forwarded to the Registrar, attached hereby for your easy reference). Dr. Niraj Pandit, who was the one who arranged the first meeting, will also probably join us during this meet.

The meeting is scheduled on the 10<sup>th</sup> of this month, May 2016. We, few seniors would be leaving 8.30 am in the morning and probably be there for the whole day. The industry as before will arrange for our transport to & fro and also the hospitality there will be taken care of by them. We request your kind approval & needful regarding the special on duty leave for the faculty list attached.

Thanking you

#### Report - 2<sup>nd</sup> visit to 'CEAT' Tyre industry

CEAT tyre industry, medical officer invited us again for the session of discussing the strategies that can be implemented to help minimize the musculo-skeletal problems reported by the 'Building Associates' of the industry (assessment report submitted to them and also forwarded to the Registrar). Dr. Niraj Pandit, who was the one who arranged the first meeting, wished to join us this meeting but was unable to do so.

The meeting was scheduled on the 10<sup>th</sup> of this month, May 2016. We, few seniors left at 8.30 am in the morning and were there for the whole day. The industry as before arranged for our transport to & fro and also the hospitality there was taken care of by them. The schedule there was as follows:

- We reached at the premises at around 9.30 am, after finishing the visitors' formalities at the gate; we met the medical officer in 'Admin' building. Post tea, we presented our detail report to the health team manager & the medical officer. Both of them were impressed and wanted us to present to the higher authorities. The meeting with the higher authorities was arranged at 3.30 pm.
- We met some of the building associates (BA), about 10, who could be released from their duty. The undersigned & Prof. Palanikumar undertook the task of education to the BA's by talking to them and also presented the power pt. slides as visuals
- The other faculty Dr. Kalpesh, Dr. Neha. M. & Dr. Noel Macwan, guided each BA on the performance of essential work out. This was actual hands on feel given to the BA's.
- Total 05 faculties and 07 students were present.

Finally, we presented to the higher authorities team. There were approximately 12-15 persons in the managerial capacity. Professor Lata Parmar initiated the proceedings, after initial greetings thanked them all for the trust they laid in the College and also informed them that with regards the results of the 'Musculo-Skeletal' risk assessment certain things were to be confidentially reported to the managing team alone. The strategies to deal with the genuine and / or prophylactic issues of the BA's would be dealt with as a group, injured for active therapy & others for awareness / education on ergonomic health related issues. With this the undersigned requested Prof. Palanikumar to present the results to the management team.

After the presentation there was a healthy deliberation on various aspects i.e. curative for the injured population, prophylactic & health promotion for the entire work force for awareness & coping. More important issue brought up by one of the manager was of prospective study to actually study the results and also to actually screen the associates for fitness and then follow-up. The matter of engineering controls was also discussed and several changes that could be easily & immediately instituted were spelt out like the height adjustments and strict rotations between the stations of the associates to study if the musculo skeletal injuries prevalence decreased.

### Bhadarpur Camp report (2<sup>nd</sup> Camp)

The camp was organized on 28<sup>th</sup> May, 2016.

We started from the college by 8:30 A.M. and reached at the VallabhacharyaMahaprabhuji hospital, Bhadarpur by 9:30 A.M. Prof. Kumar met the trustees, who welcomed him and conveyed their happiness on organization of the camp. We had small inauguration function at 10 A.M. trustees of the hospital were invited for the inaugural function.

The screening and treatment of the patients started 10 AM onwards, 1 PG student & 1 intern was at the reception who did the registration, issued case papers to the old patients who attended 1<sup>st</sup> camp, number was generated for new patients, and primary information of the patient with their main complaints was recorded on the evaluation sheet, which was given to the patient. The patient was then directed towards the assessment & treatment area where Ortho & Neuro faculty received the patients to assess the condition and to educate and treat the patients. All the patients were given minimum 30 minutes for assessment and treatment. After completion of treatment, they were again requested to go to the reception table for submission of evaluation sheet and submit the feedback form.

Total beneficiaries - 17 patients took advantage of the camp.

Total No. Faculty – 06 & Students - 98

## REPORT

On

**AIDS DAY, 1<sup>st</sup> December 2015**

The students of MBA(Healthcare) understand their social responsibility and as a part of that voluntarily decided among themselves for donating a poster to create awareness on HIV AIDS to Khadodara Village after taking the permission from the Principal of Department of Management. The students prepared a poster that mentions the introduction to HIV AIDS, clinical detection signs of AIDS and how to prevent the spread of AIDS. They donated the same to the Sarpanch of Khadodara Village so it could be displayed in the village. The students explained the details in the poster to the residents. The students were acknowledged by the Village Authorities. The students' social activity gesture was appreciated by the Principal of Department of Management. The activity was carried out under the supervision of Dr. Medha Wadhwa, Assistant Professor, Department of Management. The number of students who participated in the activity was of third semester and 10 in number.

**A Report on  
“World Diabetes Day-2015”**

**Name of the activity:** World Diabetes Day-2015

**Date of Activity:** 14<sup>th</sup> November, 2015

**Place of Activity:** Village – Banaj, Ta. Dabhoi, Vadodara.

**Back ground for the activity:** Department of pharmacy, Sumandeep Vidyapeeth-Dept. of Pharmacy organized a blood a glucose monitoring and diabetes examination camp at village 'Banaj'. This medical camp included various healthcare professionals such as, MD (physician), dentist, nurses and pharmacists.

**Activity carried out by:** 05 faculty member and 145 students from are actively participated from department of pharmacy.

**Activity Guided by:** 05 faculty member are actively Guided students from department of pharmacy.

**Brief details of the activity:** The students of Pharmacy College had prepared posters, leaflets and pamphlets for general awareness of diabetes mellitus. They also explained about life style modification, disease, complications, diet chart and the steps to maintain normal blood sugar level. We also gave knowledge to villagers for maintaining and preventing of diabetes. We also counselled them regarding medication administration, adherence, not to skip medication as well as maintaining and preventing wounds and other infections. Approximately 170 persons were screened for the above mentioned chronic conditions. Students also took vitals that involved BP monitoring, blood sugar testing, BMI, pulses which was followed by consultation of doctors. All these information was provided to the villagers in local language - Gujarati and Hindi for their better understanding.

**Participants:** From Community Side: Villagers from Banaj

**Learning:**

Students had a very good experience about how to interact with patient and we got a very good response from villagers as they were very satisfied with our input.

**Suggested actions based on learning from the activity:** Will encouraged students and staff member to participate in a community awareness programme.

## A Report on “Bal-Mela-2015”

**Name of the activity:** Bal-Mela-2015.

**Place of Activity:** Sayaji Baug, Vadodara.

**Date of Activity:** 26<sup>th</sup> and 27<sup>th</sup> December 2015.

**Activity carried out by:** 05 faculty member and 149 students are actively participated from department of pharmacy.

**Activity Guided by:** 05 faculty member are actively Guided from department of pharmacy.

**Participants:**

From Community Side: Students from various school and college as well as community people.

**Background of the activity:**

Department of pharmacy, Sumandeep vidyapeeth deemed to be university participated in 44<sup>th</sup> Bal-Mela sponsored by Vadodara Municipal Corporation on 26<sup>th</sup> and 27<sup>th</sup> of December 2015. This Bal-Mela is one of the main events which have been conducted every year at the Sayaji Baug, Vadodara. The aim of this festival to create awareness among the society in first aid, harmful effect of plastics, yoga, handicrafts, 3D printings, abuse of antibiotics, etc. These awareness program were conducted by student of various school and college as well as Res cross society, fire brigades, yoga etc. by depicting various posters, videos, demonstration and exhibition. Student of Department of pharmacy, Sumandeep Vidyapeeth University was given a stall where they exhibited several posters regarding the “Responsible use of antibiotics; save lives “which is the theme of Indian pharmaceutical association for 54<sup>th</sup> National pharmacy week.

**Day 1: 26<sup>th</sup> December 2015**

On the first day, all students and staff members arrived at Sayaji Baug at 9:00 am and the posters were arranged in the stall. Our stall number was 15. People started coming from 9:30 onwards. The public showed lot of interest in our stall and student explained and advised the public about the misuse of antibiotics. Students also explained different issues related to antibiotic like antibiotic resistant, self-medication, proper storage of antibiotics, mechanism of action and need of completing the antibiotic course prescribed by doctor.

**Sumandeep Vidyapeeth**

An Institution Deemed to be University

Vill. Piparia, Taluka: Waghodia.

Dist. Vadodara-391 760. (Gujarat)

Visitors ask many doubts about use of antibiotics, Children from different school also visited the stall. Procedure for proper disposal of antibiotic was also explained to the parents of children so that antibiotics can be kept out of reach to the children. Student also explained the public that for viral disease like cold and flu antibiotic should not be taken and whenever necessary it can be taken only on the prescription of registered medical practitioner. Public kept coming till late evening.

#### **Day 2: 27<sup>th</sup> December 2015**

On second day the stall opened at 9:00 am. People from different field came on the second day. Students informed the public that they have the right to ask about their medicines to doctor and pharmacists. Importance of completing entire course of antibiotics prescribed by doctors and antibiotic resistance was also explained to the public. The program was conducted on behalf of IPA Vadodara branch. Students also given food coupons and food was arranged in different stalls. All the students thoroughly enjoyed the program. The overwhelming response of public and active participation of students made the program a grand success.

**Learning:** Importance of community awareness programme to spread awareness regarding communicable disease, medicine use and other chronic diseases as well as basic general awareness in school child.

**Suggested actions based on learning from the activity:** Will encouraged students and staff member to participate in a community awareness programme to spread awareness in a society.

**A Report on**  
**"Health Check up Camp as a part of National Pharmacy week**  
**Celebration-2015"**

**Name of the activity:** Health Check up Camp as a part of National Pharmacy week Celebration-2015.

**Date of Activity:** 16<sup>th</sup> December 2015.

**Place of Activity:** Mastupura and Ropa Village, Vadodara.

**Back ground for the activity:** Department of Pharmacy in collaboration with its student council organized a Health Check up Camp as a part of National Pharmacy week celebration, 2015.

**Activity carried out by:** 05 faculty member and 100 students are actively participated from department of pharmacy.

**Activity Guided by:** 05 faculty member are actively Guided from department of pharmacy.

**Participants:**

From Community Side: Villegers from village and school children.

**Brief details of the activity:** On 16<sup>th</sup> December 2015, 100 students from department of pharmacy visited school located at Ropa village as a part of community awareness program and health checkup camp. Students of the school were informed about various chronic diseases, i.e. Hypertension, Diabetes, Tuberculosis, AIDS etc. by the use of informative posters. Also, around 110 children from the schools were screened for diabetes, high blood pressure and obesity by performing RBS test, measuring blood pressure and BMI calculation. Students also explained about the responsible use of Antibiotics. In Mastupura village around 60 patient were examined and they were advised some diet modifications and exercises.

**Learning:** Importance of community awareness programme to spread awareness regarding communicable disease and other chronic diseases in school child and health checkup for screening of diseases.

**Suggested actions based on learning from the activity:** Will encouraged students and staff member to participate in a community awareness programme at various schools and general health checkup.
