

Name of the activity: Screening program

Date of Activity: 2nd August 2018

Back ground for the activity: To address the growing needs of rural population for oral health care and the absence of dentists at primary and community health centers in many areas in around Vadodara district, the Department identified GIDC, Waghodia as a center for providing primary health care in the form of screening to the needy people.

Activity carried out by:

Faculty/Students/ Post-Graduates

- Dr. Hemal Patel
- Mr Darpan Panchal (Dental Hygienist)
- Mr. Piyush bhai
- Dr. Meehika Gaikwad
- Ms. Leona Raval (Intern)
- Ms. Hetvi Shah (Intern)
- Ms. Shraddha Singh (Intern)

Activity Guided by:

Faculty/Any other person: Dr. Hemal Patel

Participants: General Population

Brief details of the activity: Dental Check-up was conducted. A total of 59 patients were screened and checked for underlying oral diseases and patients requiring immediate treatment were short listed.

Learning: A variety of oral diseases were diagnosed and oral lesions owing to tobacco were found more prevalent in the area.

Suggested actions based on learning from the activity: A treatment camp can be organized in the area. Moreover, the area needs a tobacco cessation programs as an immediate action.

Sumandeep Vidyapeeth

An Institution Deemed to be University

Vill. Piparia, Taluka: Waghodia.

Dist. Vadodra-391 760. (Gujarat)

The translated document is attested by Vice Chancellor, SVDU

Name of the Activity: Oral hygiene screening camp, Oral hygiene instructions, Primary health care education

Date of Activity: 12th and 13th August, 2018

Back ground for the activity: Rural population bears the brunt of the burden of oral diseases. The Department of Public Health Dentistry as part of institutional social responsibility strives to provide oral health care services by increasing access to knowledge on oral health and diseases.

Institutional social responsibility is also instilled among the interns to arouse their community consciousness as they will be the future dentists.

Other agency –none

Activity carried out by:

ZankhanaBhagat (Roll no. 16)

Vitasta Ganjoo (Roll no. 17)

Manvi Srivastava (Roll no. 18)

Activity Guided by: Dr. Sweta Singh, Interns In- Charge & Reader, I/c HoD, Dept. of Public Health Dentistry

Target population:

1. Primary Health Centre, Chalamali(Bodeli,Chota Udaipur) (screened population:30)
2. GeetaSevaSamay Trust Old Age Home :Kosindra (screened population:15)
- 3 RasilabaPrathmikSchool :Chalamali. (screened population:120)

Total: 165 Individual

Brief details of the activity:

1. In primary health centre at Chalamali, the patient's oral hygiene status was checked along with oral health education. These patients were then given information on public health education.
2. Oral screening for was conducted at Rasilaben Prathmik School . Demonstration of brushing technique was given followed by instructions of tongue cleaning and dietary habits.
3. Oral screening for the Old age home was conducted at Geeta Seva Samay Trust along with oral hygiene instructions as well as denture cleaning instruction was given.

Learning: It made us realize that people are not very aware of the basic oral hygiene practices and it is extremely important to give basic dental education to them.

Suggested actions based on learning from the activity: More awareness programmes as well as screening camps must be conducted to reach out the masses.

Acknowledgement letter

Name of the activity: Screening program and oral health education program.

Date of Activity: 12th September 2018

Back ground for the activity: Screening camp for identification of various dental problems among the school children of Manav Prathistha Kendra. The need to educate the school going children about oral health was identified and so a screening camp was organized.

Activity carried out by: Faculty/Students/ Post-Graduate:

- Mr. Darpan Panchal (Hygienist)
- Dr. Priya Shetty (Post Graduate Student)
- Dr. Priyanka Talmale (Post Graduate student)

Activity Guided by: Dr. Ramya .R. Iyer

Participants: 55 School children of Manav Prathistha Kendra

Brief details of the activity: A free dental Check-up was organized by Department of Public Health Dentistry of K.M Shah Dental College & Hospital in Manav Prathistha Kendra. Total of 55 patients were screened and checked for underlying oral diseases. The patients who require immediate treatment were short listed and were motivated to undergo the treatment at the earliest. Out of 55 patients, 45 were referred to K.M.Shah Dental College and Hospital for treatment. The school children who came for screening were given oral health education. They were made aware about the importance of maintaining good oral hygiene.

Learning: Awareness regarding oral health care requires constant motivation and reinforcement. The school children of Manav Prathistha Kendra were not much aware about the oral hygiene practices but they were ready for treatment if free treatment was provided to them.

Suggested actions based on learning from the activity: More screening camp should be organized in the school and also free treatment camp can be organized.

Name of the activity: Lilod Nareshwar Sarkari Madhyamik School

Date of Activity: 04/10/2018

Back ground for the activity: To address the growing needs of school population for oral health care and the negation of these populations not visiting a dental professional until utmost necessary makes them more vulnerable for dental diseases. In order to make the children of Lilod Nareshwar Sarkari Madhyamik School aware about their oral health, a camp with oral health education was organized.

Other agency – none

Activity carried out by:

Faculty/Students

- Dr Ramya R Iyer
- Nisarg Chauhan
- Mansi Pandey

Participants: children of Lilod Nareshwar Sarkari Madhyamik School

Brief details of the activity: Dental Check-up and Oral Health education was conducted. A total of 201 patient participants were screened and checked for underlying oral problems. They were screened for common dental problems such as dental caries, periodontal disease, mal-aligned teeth and poor oral hygiene. A demonstration on correct hand washing technique as a part of Swachh Bharat program was also given to the children.

Learning: The program was successful and beneficiaries were made aware of preventive methods treatment available for various oral Health care problems. The dental team could effectively communicate the need for Oral Health care to the beneficiaries.

Suggested actions based on learning from the activity: After screening the patients, a pick up would be organized in the near future and their oral health related problems would be taken care of.

Name of the activity: Tarsalicamp

Date of Activity: 06/10/2018

Back ground for the activity: To address the growing needs of rural population for oral health care and the negation of these populations not visiting a dental professional until utmost necessary makes them more vulnerable for dental diseases. There is a need for special emphasis on hygiene maintenance. this includes oral hygiene, hand hygiene and personal hygiene. Therefore, this program was conducted incorporating three aspects of hygiene namely oral, personal and hand hygiene.

Other agency – none

Activity carried out by:

Faculty/Students

- Dr. Sweta Singh
- Dr. Meehika Gaikwad
- Shipra Sharma
- Sanjana Saxena
- Akshat Shah
- Hetvi Shah
- Prapti Shah
- Rujul Shah
- Purav Thakkar

Participants: People of Tarsalis

Brief details of the activity: Dental Check-up and Oral Health education was conducted for oral hygiene. A total of 53 patient participants were screened and checked for underlying oral problems. They were screened for common dental problems such as dental caries, periodontaldisease, cancerous and pre-cancerous lesion, mal-aligned teeth and poor oral hygiene.

For **hand hygiene**, a **demonstration** on the correct **hand washing technique** was given.

For **personal hygiene**, all the women participants were **educated** on the **importance of hygiene** during menstruation. They were given health education on maintenance of hygiene during menstruation. The beneficiaries were also distributed a sample sanitary kit which included

- a. sanitary napkins
- b. paper disposable bag
- c. paper soap
- d. pamphlets containing all the information

Learning: The program was successful and beneficiaries were made aware of preventive methods available for hygiene maintenance. The dental team could effectively communicate the need for the same.

Participants:

Activity No.	Beneficiaries
1	<ul style="list-style-type: none">• 23 Patients reporting to K M Shah Dental College and Hospital• 54 Dental students

Brief details of the activity:

- In the beginning of the day, the Red ribbon (AIDS Symbol) was distributed to all the faculty members and students of K M Shah Dental College and Hospital.
- Posters of HIV and AIDS were displayed in various parts of the college for patient education.
- All the patients reporting to the Oral Medicine and Radiology Department were educated via power point presentation about HIV/AIDS. The slide show included etiology, common modes of transmission, simple ways/precautions for prevention, oral manifestations with early detection and easily accessible point of care.
- III BDS and IV BDS students posted in the department were taught about HIV/AIDS.

Learning:

- Through this Social Initiative, the Department of OMR successfully spread the awareness about various aspects of HIV/AIDS to patients who reported to KMSDCH.
- III BDS and IV BDS students were taught to elicit the history and to identify the oral manifestations of AIDS.

Suggested actions based on learning from the activity:

- Patients were made aware to report to oral physician for any oral mucosal changes observed.
- Students were taught to proceed for confirmatory investigation for AIDS if they come across any doubtful oral lesions.

Name of the activity: Oral hygiene screening camp, Oral hygiene instructions, Primary health care education

Date of Activity: 2nd & 3rd December, 2018

Back ground for the activity: Rural population bears the brunt of the burden of oral diseases. The Department of Public Health Dentistry as part of institutional social responsibility strives to provide oral health care services by increasing access to knowledge on oral health and diseases.

Institutional social responsibility is also instilled among the interns to arouse their community consciousness as they will be the future dentists.

Other agency –none

Activity carried out by:

Nisarg Chauhan (Roll No. 1)

Arpita Damor (Roll No. 2)

Mansi Pandey (Roll No. 62)

Kaushal Goti (Roll No. 10)

Activity Guided by: Dr. Sweta Singh, Interns In- Charge & Reader, I/c HoD, Dept. of Public Health Dentistry

Target population:

1. Primary Health Center, Kadodara (Screened population: 15)
2. Primary School, Vareli (Screened population: 392)
3. Old age home, Bhata (Screened population: 50)

Total: 457 Individuals

Brief details of the activity:

1. In Primary Health Centre at Kadodara, the patient's oral hygiene status was checked along with oral health education. These patients were then given education on public health.
2. Oral screening for was conducted at Primary School, Vareli. Demonstration of hand washing, brushing technique was given followed by instructions on tongue cleaning and dietary habits.
3. Oral screening for the Old age home was conducted at Bhata; along with oral hygiene instructions as well as denture cleaning instruction was given.

Learning: It made us realize that people are not very aware of the basic oral hygiene practices and it is extremely important to give basic dental education to them.

Suggested actions based on learning from the activity: More awareness programmes as well as screening camps must be conducted to reach out the masses.

10th December 2018

Back ground for the activity:

Human Rights Day is observed every year on 10 December – the day the United Nations General Assembly adopted, in 1948, the Universal Declaration of Human Rights. This year, Human Rights Day marks the 70th anniversary of the Universal Declaration of Human Rights, a milestone document that proclaimed the inalienable rights which everyone is inherently entitled to as a human being – regardless of race, color, religion, sex, language, political or other opinion, national or social origin, property, birth or other status.

The Universal Declaration of Human Rights empowers us all. The principles enshrined in the Declaration are as relevant today as they were in 1948. We need to stand up for our own rights and those of others. We can take action in our own daily lives, to uphold the rights that protect us all and thereby promote the kinship of all human beings.

Other agency - NA**Activity carried out by:**

Faculty: Dr Rajesh Sethuraman, Dr Neerja Mahajan, Dr Tamanna Chhabra, Dr Kavita Gupta, Dr Paranjay Parajapati, Dr Piyush Javiya, Dr Namrta Shah, Dr Nianad Bhatt, Dr Sameer Chauhan, Dr Sneha Kulkarni

Post Graduates: Dr Venu, Dr Mansi, Dr Shikha, Dr Shreya, Dr Bindal, Dr Mrugnayani, Dr Uttakarsh Shah, Dr Dradhti, Dr Nirali Sayani, Dr Mamta Jain, Dr Jay Bhanushali, Dr Manal Badlani, Dr Pakshal shah, Dr Tanveer, Dr Priyanka Das

Interns: Medha Sharma, Purav Thakkar, Rohan Shambhuvani, Nisarg Chauhan

Activity Guided by:

Dr Rajesh Sethuraman Head, Dept. of Prosthodontics

Participants:

1. Faculties from various Dept. of K M Shah Dental College and Hospital
2. Under Graduates and Post graduates form all Dept. of K M Shah Dental College and Hospital
3. Non-teaching faculty from K M Shah Dental College and Hospital

Total: 82 Individuals**Brief details of the activity:**

Dept. of Prosthodontics, Crown & Bridge has planned to observe Human Rights Day on 10th December 2018. On this occasion we have invited Dr. Bhavna Mehta, Professor, Faculty of Social Work, M S University to give a lecture on EQUALITY, JUSTICE & HUMAN RIGHTS. She had enlightened the audience on charter of Patients' rights.

Name of the activity: Celebration of Energy Conservation Day, Department of Periodontology

Date of activity: 14/12/2018

Back ground for the activity: Energy conservation is the need of the hour. Sensitization for energy conservation is a prime requirement given the exploitory use of energy resources. Thus, it is important to increase the awareness of the students and non-teaching staff to the concept of energy conservation.

Activity carried out by:

Dr. Monali Shah (Staff)
Dr. Deepak Dave (Staff)
Dr. Neeraj Deshpande (Staff)
Dr. Prasad Nadig (Staff)
Dr. Ekta Shah (Staff)
Dr. Rujuta Pandya (PG)

organized with the theme of energy conservation. The program was appreciated by local media also.

Learning: Energy conservation can be the best practice at home as well as work place. Renewable energy sources should be used more.

Suggested actions based on learning from the activity:

- Renewable energy sources like solar power should be used more frequently.
- Limit the use of conventional energy.

Name of the activity:

Screening cum Treatment camp as Institutional social responsibility activity towards celebration of Prosthodontist Day on 22-01-2019 at Ramnagar, savli, Vadodara

Date of Activity:

8th January 2019

Back ground for the activity:

The prosthodontic needs of our population are monumental and most probably will remain that way at least for the next generation. Edentulousness has been a handicap for centuries and attempts to eradicate it has often been the primary aim of Preventive dentistry. However the profession has not been able to solve the problem till date. However myriad solutions as prosthetic solutions are available to serve basic function of mastication, esthetics, phonetics and general comfort.

India is a land of villages, and the rural population often suffers lack of primary dental health care. With this aim in mind Department of Prosthodontics and Crown & Bridge, K M Shah Dental College & Hospital, Sumandeep Vidyapeeth organized 'DANT SWAVLAMBAN' a free denture camp under the aegis of Indian Prosthodontics Society and Sumandeep Vidyapeeth to celebrate Prosthodontist Day.

Other agency - NA**Activity carried out by:**

Faculty: Dr Rajesh Sethuraman, Dr Tamanna Chhabra, Dr Paranjay Parajapati, Dr Piyush Javiya, Dr Sameer Chauhan

Post Graduates: Dr Uttakarsh Shah, Dr Dradhti, Dr Nirali Sayani, Dr Mamta Jain, Dr Jay Bhanushali, Dr Manal Badlani, Dr Pakshal shah, Dr Meet, Dr Tanveer, Dr Adit Kumar

Activity Guided by:

Dr Rajesh Sethuraman Head, Dept. of Prosthodontics

Participants:

Completely or partially edentulous patients of the Villages near Ramnagar, savli, Vadodara

Brief details of the activity:

The denture treatment camp was planned as a comprehensive camp comprising of basic screening, oral health education and treatment where in dentures were delivered to the edentulous patients in two days span.

The community outreach program was conducted for two days on 08-01-19 and 22-01-19. A team of doctors including faculty members, post graduate students, interns, lab technicians and attendants attended and conducted the camp. Permission for the conduct of the camp was obtained from Sumandeep Vidyapeeth, Principal K M Shah

Dental College, and the Sarpanch of the village Ramnagar. In consultation with the Sarpanch the Primary school PrathmikShala was identified as the venue to conduct the camp.

On first day of the camp, screening of the patients was done on 08-01-19. About 40 patients were screened by a team of dentists Dr. Rajesh Sethuraman, Dr. Kavita Gupta, Dr. Namrata Shah and a few Prosthodontics' Postgraduate are students. Out of 40 patients screened, 22 edentulous patients were indicated for receiving complete denture. The edentulous patients were identified and counseled for getting complete denture treatment done.

On 22-01-2019, The dentures along with micro motor burs and polishing lathe were carried to the village. Successful insertion of the denture was done.

Dr.. Piyush Javiya gave instructions to the patients regarding maintenance of the denture. They were also given a denture kit which contained denture adhesive, denture box and denture cleaning brush.

Learning:

1. Create health consciousness among old people.
2. Impart health information and conduct health education on various aspects of healthful living in home and community.
3. Prevent communicable and Non-communicable diseases.
4. Identify and treat any abnormalities/ defects/ diseases as early as possible
5. Provide treatment to the underprivileged, who cannot afford and reach for the treatment.

Suggested actions based on learning from the activity:

The list of screened patients who had no problems were provided health education

The patients with one or more problems were categorized and based on the need, treatment was provided with complete dentures.

Name of the activity: Oral hygiene screening camp, Oral hygiene instructions, Primary health care education

Date of Activity: 12th–13th January, 2019

Back ground for the activity: Rural population bears the brunt of the burden of oral diseases. The Department of Public Health Dentistry as part of institutional social responsibility strives to provide oral health care services by increasing access to knowledge on oral health and diseases. Institutional social responsibility is also instilled among the interns to arouse their community consciousness as they will be the future dentists.

Other agency –none

Activity carried out by:

Rathod Radhakishan (Roll no.22)

Meet Patel (Roll no.23)

Bhatasna Drashti (Roll no.08)

Doshi Nirjara (Roll no.09)

Activity Guided by: Dr. Sweta Singh, Interns In- Charge & Reader, I/c HoD, Dept. of Public Health Dentistry

Target population:

- a. Prathamik Health Centre: Khirasra dist. Rajkot (screened population: 50)
- b. Government Primary School: Khirasra dist. Rajkot (screened population: 180)
- c. Dikra Nu Ghar Old age Home: Dholra dist- Rajkot (screened population: 60)

Total: 290 Individuals

Brief details of the activity:

1. In Prathamik health centre at Khirasra, the patient's oral hygiene status was checked along with oral health education. These patients were then given information on public health education.
2. Oral screening was conducted at Government Primary School, Khirasra for Standard 1st to 8th. Demonstration of brushing technique was given followed by instructions of tongue cleaning and dietary habits.
3. Oral screening for the Old age home was conducted at Dikra Nu Ghar, Dholra along with oral hygiene instructions as well as denture cleaning instruction was given.

Learning: It made us realize that people are not very aware of the basic oral hygiene practices and it is extremely important to give basic dental education to them.

Appreciation letter

Name of the activity: Oral hygiene screening camp, Oral hygiene instructions, Primary health care education

Date of Activity: 20th–21st January, 2019

Back ground for the activity: Rural population bears the brunt of the burden of oral diseases. The Department of Public Health Dentistry as part of institutional social responsibility strives to provide oral health care services by increasing access to knowledge on oral health and diseases.

Institutional social responsibility is also instilled among the interns to arouse their community consciousness as they will be the future dentists.

Other agency –none

Activity carried out by:

Shah Zil (Roll no.12)

Gandhi Divya (Roll no.64)

Patel Swati (Roll no. 65)

Joshi Parantap (Roll no. 66)

Activity Guided by: Dr. Sweta Singh, Interns In- Charge & Reader, I/c HoD, Dept. of Public Health Dentistry

Target population:

1. Community Health Centre: Shukaltirth Dist: Bharuch (screened population: 34)

2. Sarvajanik High School: Kavitha Dist: Bharuch (screened population: 173)

3. Jay Shree Jalaram Seva Mandal Old age Home: Kasak Dist: Bharuch (screened population: 40)

Total: 247 Individuals

Brief details of the activity:

1. In community health centre at Shukaltirth, the patient's oral hygiene status was checked along with oral health education. These patients were then given information on public health education.

2. Oral screening was conducted at Sarvajanik Primary School, Kavitha for Standard 5th, 6th and 7th. Demonstration of brushing technique was given followed by instructions of tongue cleaning and dietary habits.

3. Oral screening for the Old age home was conducted at Jay Shree Jalaram Seva Mandal along with oral hygiene instructions as well as denture cleaning instruction was given.

Learning: It made us realize that people are not very aware of the basic oral hygiene practices and it is extremely important to give basic dental education to them.

Suggested actions based on learning from the activity: More awareness programmes as well as screening camps must be conducted to reach out the masses.

The translated document is attested by Vice Chancellor, SVDU

Name of the activity: Screening cum treatment camp at kohivav village

Date of Activity: 21/01/2019

Back ground for the activity: To address the growing needs of village population for oral health care and the negation of these populations not visiting a dental professional until utmost necessary makes them more vulnerable for dental diseases. In order to make the children and adults of kohivav village aware about their oral health, camp with oral health education was organized.

Other agency – none

Activity carried out by:

Faculty/Students

- Dr Ramyalyer
- Shivani shah
- HumaPathan
- Anuradha Rajput
- SonalVerma
- NiraliVaghani
- Parthvi Vyas
- RadhakishanRathod
- YogeshPateliya

Activity guided by: Dr.Ramyalyer

Participants: Adults and Children of kohivav village

Brief details of the activity: Dental Check-up and Oral Health education was conducted. A total of 38patient participants were screened and checked for underlying oral problems and mobile tooth extractions was done for 6 patients. They were screened for common dental problems such as dental caries, periodontal disease, mal-aligned teeth and poor oral hygiene.. A demonstration on the correct hand washing and brushing technique was also given to the children and adults.

Learning: The program was successful and beneficiaries were made aware of preventive methods treatment available for various oral Health care problems. The dental team could effectively communicate the need for Oral Health care to the beneficiaries.

Name of the activity:

Screening cum Treatment camp as Institutional social responsibility activity towards celebration of Prosthodontist Day on 22-01-2019 at Ramnagar, savli, Vadodara

Date of Activity:

22nd January 2019

Back ground for the activity:

The prosthodontic needs of our population are monumental and most probably will remain that way at least for the next generation. Edentulousness has been a handicap for centuries and attempts to eradicate it has often been the primary aim of Preventive dentistry. However the profession has not been able to solve the problem till date. However myriad solutions as prosthetic solutions are available to serve basic function of mastication, esthetics, phonetics and general comfort.

India is a land of villages, and the rural population often suffers lack of primary dental health care. With this aim in mind Department of Prosthodontics and Crown & Bridge, K M Shah Dental College & Hospital, Sumandeep Vidyapeeth organized 'DANT SWAVLAMBAN' a free denture camp under the aegis of Indian Prosthodontics Society and Sumandeep Vidyapeeth to celebrate Prosthodontist Day.

Other agency - NA**Activity carried out by:**

Faculty: Dr Rajesh Sethuraman, Dr Neerja Mahajan, Dr Kavita Gupta, Dr Namrata Shah, Dr Ninand Bhatt,

Post Graduates: Dr Uttakarsh Shah, Dr Dradhti, Dr Nirali Sayani, Dr Mamta Jain, Dr Jay Bhanushali, Dr Manal Badlani, Dr Pakshal shah, Dr Shweta, Dr Pranit Bora, Dr Adit Kumar

Activity Guided by:

Dr Rajesh Sethuraman Head, Dept. of Prosthodontics

Participants:

Completely or partially edentulous patients of the Villages near Ramnagar, savli, Vadodara

Brief details of the activity:

The denture treatment camp was planned as a comprehensive camp comprising of basic screening, oral health education and treatment where in dentures were delivered to the edentulous patients in two days span.

The community outreach program was conducted for two days on 08-01-19 and 22-01-19. A team of doctors including faculty members, post graduate students, interns, lab technicians and attendants attended and conducted the camp. Permission for the conduct of the camp was obtained from Sumandeep Vidyapeeth, Principal K M Shah Dental College, and the Sarpanch of the village Ramnagar. In consultation with the

Dist. Vadodara-391 760. (Gujarat)

Sarpanch the Primary school PrathmikShala was identified as the venue to conduct the camp.

On first day of the camp, screening of the patients was done on 08-01-19. About 40 patients were screened by a team of dentists Dr. Rajesh Sethuraman, Dr. Kavita Gupta, Dr. Namrata Shah and a few Prosthodontics' Postgraduate are students. Out of 40 patients screened, 22 edentulous patients were indicated for receiving complete denture. The edentulous patients were identified and counseled for getting complete denture treatment done.

On 22-01-2019, The dentures along with micro motor burs and polishing lathe were carried to the village. Successful insertion of the denture was done.

Dr.. Piyush Javiya gave instructions to the patients regarding maintenance of the denture. They were also given a denture kit which contained denture adhesive, denture box and denture cleaning brush.

Learning:

1. Create health consciousness among old people.
2. Impart health information and conduct health education on various aspects of healthful living in home and community.
3. Prevent communicable and Non-communicable diseases.
4. Identify and treat any abnormalities/ defects/ diseases as early as possible
5. Provide treatment to the underprivileged, who cannot afford and reach for the treatment.

Suggested actions based on learning from the activity:

The list of screened patients who had no problems were provided health education

The patients with one or more problems were categorized and based on the need, treatment was provided with complete dentures.

Brief details of the activity:

- ISR activity "BetiBachaoBetiPadhao" was conducted by the Department of Paedodontics and Preventive Dentistry in the month of January, 2019.
- Under this activity the preventive treatment like oral prophylaxis, topical fluoride and sealant application were carried out free of cost for girl patients who visited the department in the month of January.
- Screening camps in Waghodia Kanya Shala were also organized on 16th January, 2019 and 21st January, 2019 in which 6 PG students and 7 Interns actively participated.
- On 24th January 2019, Screening of 28 girl students from Kanya Shala, Waghodia, Vadodara was done. Oral prophylaxis and topical fluoride application was also done.
- A skit based on "BetiBachaoBetiPadhao" was performed by the PG students and Interns which was cheerfully enjoyed by the girl students.

Learning:

- Through this Social Initiative, the Department of Paediatric And Preventive Dentistry successfully motivated the girl patients who visited the department regarding the importance of education and their roles in society.
- The accompanying parents, guardians and teachers were also educated on the importance of a girl child, their education and their role in the society.
- Oral health talk and hand washing techniques were explained and demonstrated to the girl students.
- Gifts were also distributed to the girls who visited the department for treatment.

Suggested actions based on learning from the activity:

- 49 Girl Patients were provided with free preventive treatment who visited the Department of Paedodontic and Preventive Dentistry in the month of January, 2019.
- 223 Girl Students of Kanya Shala, Waghodia, Vadodara were screened on 16th January, 2019.
- 157 Girl Students of Kanya Shala, Waghodia, Vadodara were screened on 21st January, 2019.
- 28 Girl Students from Kanya Shala, Waghodia, Vadodara were provided with free preventive treatment on 24th January, 2019.

Sumandeep Vidyapeeth
Deemed to be University
Piparia, Tal. Waghodia (Vadodra)

Name of the college: K.M.Shah Dental College and Hospital, Sumandeep Vidyapeeth, Vadodara

Details of program:

Date: 25th to 27th January

Venue: Sayajibaag , Vadodara

Type of Program: A 3 day screening program and games were conducted.

Target population: Total 579 individuals participated. The program aimed to target the children below 14 years of age who visited Sayajibaag , Vadodara from 25th January to 27th January for screening of oral health and games were conducted for the children.

Activities: Screening, Health Education and Games.

Program highlights :

- **The Dental Public Health Team:**

A 8 member dental health team led by Dr. SwetaSingh ,Incharge Head of Department, Department of Public Health Dentistry, K.M.Shah Dental College and Hospital planned and carried out the program in a very well coordinated manner. The focus of the program was to create an environment wherein the children would willingly come for the screening of oral health. So, after the screening procedure, games were organized for all the children who were screened and they had the opportunity to win prizes.

- **Inter-disciplinary Approach:**

The team also comprised of expert faculty and post-graduates from the Department of Pedodontics who carried out the screening procedure.

- **Summary of prizes distributed:**

- 1) Compass box: 15
- 2) pens: 21
- 3) T-shirts: 21
- 4) Notebooks: 15
- 5) Badges:
- 6) Bands: 100
- 7) Raincoats: 3
- 8) Puzzles: 04

Activity Carried out by:

Dr. Sweta Singh (Staff)

Dr. Priya Shetty (PG)

Ms. Shivani Shah (Intern)

Ms. Anuradha (Intern)

Ms. Neha (Intern)

Ms. Swati (Intern)

Vice-Chancellor

Sumandeep Vidyapeeth

Vill. Piparia, Taluka: Waghodia.

Dist. Vadodara-391 760. (Gujarat)

- **Program outcome:**

The program was well appreciated by the beneficiaries.

The children were motivated to get screened. The children were very excited about the games and made efforts to win the prizes.

The children took very active participation in Oral health Education program.

- **Other Observations:**

The children willingly participated in the screening program as they were excited and looked forward to play games and win prizes after the screening. The children grasped the Oral Health Education given to them very quickly. The prizes that the children won through games had oral health information on them, so that also acted as a way of promoting Oral Health.

The translated document is attested by Vice Chancellor, SVDU

Name of the activity: Health Education cum Screening camp at Halol village

Date of Activity: 30/01/2019

Back ground for the activity: To address the growing needs of village population for oral health care and the negation of these populations not visiting a dental professional until utmost necessary makes them more vulnerable for dental diseases. In order to make the adults and children of Halol village aware about their oral health, a camp with oral health education was organized.

Other agency – none

Activity carried out by: Faculty/Students

- Dr. Radhika Pathak
- Rathod Radhakishan
- Apurva Sharma
- Parantap Joshi
- Divya Gandhi
- Swati Patel

Activity guided by: Dr. Ramya Iyer

Participants: Adults and Children of Halol village

Brief details of the activity: Dental Check-up and Oral Health education was conducted. A total of 45 patient participants were screened and checked for underlying oral problems. They were screened for common dental problems such as dental caries, periodontal disease, mal-aligned teeth and poor oral hygiene. A demonstration on the correct hand washing and brushing technique was also given to the children and adults.

Learning: The program was successful and beneficiaries were made aware of preventive methods treatment available for various oral Health care problems. The dental team could effectively communicate the need for Oral Health care to the beneficiaries.

Suggested actions based on learning from the activity: After screening the patients, a pickup was organized on 4th February 2019 and oral health related problems were taken care of.

Social Activity of Dept of Oral Pathology

Name of the activity: World Cancer Day

Date of Activity: 04/02/2019

Back ground for the activity: Oral Precancer and Cancer, tobacco related lesions have high prevalence and incidence amongst the tobacco consumers As a part of "**WORLD CANCER DAY**" We conducted an Oral Screening Camp for all the non-teaching staff to check the prevalence of tobacco use and lesions if any. This was conducted in order to make them aware of the adverse effects of tobacco consumption and the importance of maintaining a good oral health.

Name of the examiners: Aastha Debnath, Simran Dhall, Shrenee Gandhi, Afroz Gulegulzar, Shrutiyer, Drashti Jani, Kashish Kalwani (INTERNS)

Activity Guided by: Dr. Vandana Shah, Dr. Shreyas Shah, Dr. Rashmi Bhavasar, Dr. Harish Pandit

Participants: The Non-teaching staff of KMSDCH

Brief details of the activity:

Oral Precancer and Cancer screening and diagnosis camp was organized as a part of the Institutional Social Responsibility program by the Department of Oral and Maxillofacial Pathology, K.M.Shah Dental College and Hospital on 04/02/2019. This was organized in order to spread awareness against tobacco consumption amongst the non teaching staff of KMSDCH. The information about the camp was provided to all the employees. On the day of camp, participants were registered first followed by recording the details personal details, habits and findings of Oral examination. The participants were properly guided and motivated for

Attested CTC

1

dental treatment. As per the findings of oral examination Patients suspected with precancerous lesion were counseled about adverse effects of tobacco and cessation of it. The participants with suspected precancerous lesions were subjected for cytoscsmears which were fixed and stored for further lab procedures. The employees examined numbered were 30 in all.

Learning: This activity has sensitized us towards the fact that the no-tobacco policy can go a long way towards eliminating the menace of tobacco, as evidenced by the fact that 5 patients exhibited tobacco related lesion and condition.

Suggested actions based on learning from the activity: Follow ups and more camps are required to be done focusing on people belonging to different socioeconomic background.

Name of the activity: Awareness for Oral and Maxillofacial Surgery

Date of Activity: 10/02/2019

Back ground for the activity:

A 5 Kilometer awareness run was organized by Dept of Oral and Maxillofacial Surgery, K. M Shah Dental College and Hospital & Manubhai Patel Dental College and Hospital to create awareness globally regarding Oral and Maxillofacial Surgery and to celebrate golden jubilee of Association of Oral and Maxillofacial Surgeons of India.

Activity carried out by: Faculty: Dr. Amit Mahajan, Dr. Ananth, Dr. Debashish

Students: Dr. Sarjak, Dr. Pooja, Dr. Sankalp, Dr. Monika Surana, Dr. Apurva, Dr. Viren Abhani, Mr. Yash, Miss Pooja

Activity Guided by: Dr. Navin Shah (Prof and Head, Dept of Oral and Maxillofacial Surgery)

Participants: Total 76 Interns, PG Students and faculties of K. M. Shah Dental College and Hospital & Manubhai Patel Dental College and Hospital and other Members of Association of Oral and Maxillofacial Surgeons of Vadodara

Brief details of the activity:

A 5 Kilometer awareness run was organized by Dept of Oral and Maxillofacial Surgery, K. M. Shah Dental College and Hospital & Manubhai Patel Dental College and Hospital to create awareness in Vadodara regarding Oral and Maxillofacial Surgery and to celebrate golden jubilee of Association of Oral and Maxillofacial Surgeons of India.

The Participants gathered at Decathlon where T- shirts were distributed. The run flagged off at 6 am which started at Decathlon to the periphery of Sevasi followed by Breakfast. There was an active participation of the Interns, PGs, Faculties and Consultants of Oral and Maxillofacial Surgery to spread awareness globally.

Learning:

The learning curve from this event is the skills, time, manpower and team effort required in creating an awareness about the Specialty and treatment modalities done by the Oral and maxillofacial surgeon amongst general population of Vadodara, Which in turn will benefit the society and fraternity.

Suggested actions based on learning from the activity:

Only 76 participants were there including interns, PGs and Faculties of K. M. Shah Dental College and Hospital and Manubhai Patel Dental College and other members from Vadodara of Association of Oral and Maxillofacial Surgeons of India. We need to include more participants apart from dental fraternity and also suggest preventive measures for safety of public from maxillofacial injuries and pathologies.

Name of the activity: Oral hygiene screening camp, oral hygiene instruction camp, primary health care education.

Date of activity: 23rd & 24th February, 2019.

Back ground for the activity: Rural population bears the brunt of the burden of oral diseases.

Other agencies: None

Activity carried out by:

Twinkle Kathiriya (roll no: 03)

GopinRadadiya (roll no: 04)

Soorya S. Nair (roll no: 05)

Ruchi Mehta (roll no: 06)

Activity guided by:

Dr. Sweta Singh (Reader)

Target population:

1. Leuva Patel KanyaaChhatralaya, Gondal road (screened population:40)
2. Primary health center, Khokhaddad(screened population: 15)
3. Dikra nu Gharvrudhashram, Dholra(screened population:30)

Total: 85 Individuals

Brief details of the activities:

1. Screening and oral health education camp at Leuva Patel KanyaaChhatralaya: Oral hygiene status of 40 girl students of 7th standard was checked. The students were educated for proper brushing techniques and maintenance of proper oral health. Health education material i.e wrist bands were distributed amongst the students.
2. Screening and oral health education camp at Primary Health Center, Khokhaddad: 15 patients from out patient department were examined for oral hygiene status. The patients were educated for Oral hygiene maintenance and adverse effects of tobacco. Health education material i.e pens were distributed amongst the patients.
3. Screening and oral health education camp at "Dikra nu Ghar" vrudhashram, Dholra: 30 individuals from the organization were examined for oral hygiene status. The individuals were educated for maintenance of oral hygiene and maintenance of denture hygiene. Oral health education material i.e handkerchief were distributed.

Vill. Piparia, Taluka: Waghodia.

Dist. Vadodra-391 760. (Gujarat)

Learning:

The lesson learnt out of this experience is that, a large number of population in rural areas are not well aware of the importance of maintenance of good oral hygiene and that in turn increases the suffering of the individuals from dental problems.

Suggested actions based on the learning from the activity:

More efforts should be put to make the rural population aware about the importance of maintaining good oral health. More screening as well as health education camps should be organized in rural setups.

- **NAME OF THE ACTIVITY:** Oral hygiene screening camp, Oral hygiene instructions, Primary health care education
- **DATE OF THE ACTIVITY:** 09th and 10th march 2019
- **BACKGROUND OF THE ACTIVITY:** Rural population bears the brunt of the burden of oral diseases. The Department of Public Health Dentistry as part of institutional social responsibility strives to provide oral health care services by increasing access to knowledge on oral health and diseases. Institutional social responsibility is also instilled among the interns to arouse their community consciousness as they will be the future dentists.
- **OTHER AGENCIES:** none
- **ACTIVITY CARRIED OUT BY:**
 1. Sheel Shah (Roll no. 50)
 2. Vaidehi Shah (Roll no. 51)
 3. Rohan Shambhuvani (Roll no. 52)

- **ACTIVITY GUIDED BY:**

Dr. Sweta Singh, Interns In- Charge & Reader, I/c HoD, Dept. of Public Health Dentistry

- **TARGET POPULATION:**

1. Primary Health Centre: Dungarvant , Chhota Udepur (screened population: 28)
2. Navi Vasahat Prathmik Shala: Dungarvant ,Chhota Udepur (screened population: 55)
3. Senior Citizen Group :Dungarvant , ChhotaUdepur(screened population: 17)

Total: 100 Individuals

Vice-Chancellor

Sumandeep Vidyapeeth

An Institution Deemed to be University

Vill. Piparia, Taluka: Waghodia.

Dist. Vadodara-391 760. (Gujarat)

• **BRIEF DETAILS OF ACTIVITY:**

1. In Primary health centre at Dungarvant, the patient's oral hygiene status was checked along with oral health education. These patients were then given information on public health education and oral hygiene maintenance.
2. Oral screening was conducted at Navi Vasahat Prathmik Shala ,Dungarvant for Standard 3rd to 5th. Demonstration of brushing technique and hand washing technique was given followed by instructions of tongue cleaning and dietary habits.
3. Oral screening for the Old age home was conducted at. Senior Citizen Group, Dungarvant along with oral hygiene instructions as well as denture cleaning instruction was given.

- **LEARNING:** It made us realize that people are not very aware of the basic oral hygiene practices and it is extremely important to give basic dental education to them.

• **SUGGESTED ACTIONS BASED ON LEARNINGFROM THE ACTIVITY:**

More awareness programmes as well as screening camps must be conducted to reach out the masses.

Acknowledged & Accepted

Name of the activity: Oral hygiene screening camp, Oral hygiene instructions, Primary health care education

Date of Activity: 29th March, 2019

Back ground for the activity: In order to address the growing needs of rural population for oral health care and the absence of dentists at primary and community health centers in many areas in around Vadodara district, the Department has conducted a camp for school children at Bhulka Vidyalaya, Waghodia, as a center for providing primary health care in the form of education and screening. As the school children are in their growing age, oral education will have great impact in improving their oral health practices. The Department of Public Health Dentistry as part of institutional social responsibility strives to provide oral health care services by increasing access to knowledge on oral health and diseases. Total of 50 children were screened and oral health education was imparted to the target population.

Other agency –none

Activity carried out by:

Post graduate students: 1) Dr. Priya Shetty (2nd year)
2) Dr. Priyanka Talmale (3rd year)
Interns: 1) Deep Chauhan
2) Dinkle Shah
3) Parth Desai

Activity Guided by: Dr. Ramya R Iyer, Reader, Dept. of Public Health Dentistry

Target population:

1. School children of Bhulka Bhavan Vidhyalaya

Brief details of the activity:

1. Oral Health Screening was done for the children of Bhulka Bhavan Vidhyalaya. There were total **50 children** whose oral health screening was done.
2. Oral Health Education was also given to the students of Bhulka Bhavan Vidhyalaya.

Learning: It made us realize that children are not very aware of the basic oral hygiene practices and it is extremely important to give basic dental education to them.

Suggested actions based on learning from the activity: More awareness programs as well as screening camps must be conducted to reach out the children..

The translated document is attested by Vice Chancellor, SVDU

Name of the activity: Screening program of school children of BhulkaVidyalaya,Waghodia, Gujarat

Date of Activity: 30th March, 2019

Back ground for the activity: To address the growing needs of rural population for oral health care and the absence of dentists at primary and community health centers in many areas in around Vadodara district, the Department has conducted a camp for school children at BhulkaVidyalaya,Waghodia , as a center for providing primary health care in the form of education and screening,. Total of 59 children were screened and 30 of them were provided with APF gel fluoride application and pit and fissure sealant at our tertiary care hospital. Camp was conducted with the purpose to spread awareness about how to maintain oral hygiene among the target group.

Other agency – none

Activity carried out by:

Faculty/Students/ Post-Graduates

- Dr. PriyankaTalmale (3rd year Post Graduate Student)
- Dr.Priya Shetty (2nd Year Post Graduate Student)
- Dr. Deep Chauhan(intern)
- Dr. Dinkal Shah (Intern)
- Dr. Park Desai (Intern)

Activity Guided by:

Faculty/Any other person:

Dr. Sweta Singh

Participants: School children

Brief details of the activity: Oral health education and screening was conducted along with. Modified Bass brushing technique was demonstrated to children and teachers. A total of 59 school children were diagnosed with oral diseases. Patients requiring immediate treatment were short listed.

Learning Majority of the cases was having dental caries and also presence of tobacco stains. Few cases with dental flourosis were also present, the main cause being poor accessibility to oral health services. Awareness was created, and oral health education

The translated document is attested by Vice Chancellor, SVDU

Name of the activity: Community Oral Health Education, Screening and referral programs

Dates of Activities: 1st April 2019

Background for the activity: Public Health Dentistry is unique in being community-centered in its approach for provision of oral health care at the nearest contact point for village populations and the needy groups. The services offered are based on the needs of the population.

Other agency - -

Activity carried out by: Mr. Darpanbhai Panchal (Dental Hygienist)

Ms. Sheel Shah (Intern)

Ms. Vaidehi Shah (Intern)

Ms. Sonal Verma (Intern)

Mr. Ronak (Intern)

Activity Guided by: Dr. Hemal Patel (Outreach Programs In- Charge) and Dr. Ramya R Iyer (Outreach Programs In- Charge), Dr. Pulkit Kalyan(III BDS In-Charge)& Dr. Sweta Singh (In- Charge HoD)

Participants: The number of programs and beneficiaries are: 157

Brief details of the activity: The screening programs were conducted in Padra area patient pick up & drop services were arranged. Ayushman Bharat pamphlet distribution drive has been initiated and in all campaigning programs, the pamphlets were distributed door to door in order to promote the utilization of oral and maxillofacial surgical procedures covered under the scheme.

Source of support-Sumandeep Vidyapeeth (Stationery, manpower, transport, subsidies and free treatments) and NGOs (provision of space/ venue, electricity, refreshments for camp participants).

Motivated patients were provided free pick up and drop facility to and fro- by the University as per the requirement put forth by the Department of Public Health Dentistry.

An Institution Deemed to be University

Vill. Piparia, Taluka: Waghodia.

Dist. Vadodra-391 760. (Gujarat)

Activity Guided by:All Faculty members of Dept. Public Health Dentistry

Participants: Total 233 individuals residing in Manjalpur, Vadodara, Patients attending KMSDC&H and all faculty, PGs and students who propagated World Health Day Messages as part of the social media drive.

Brief details of the activity:

1. **Launch & Distribution of Pamphlets for campaigning for Ayushman Bharat and World Health Day Observance (8/04/2019):** A free dental Check-up was organized by Dept of Public Health Dentistry at Manjalpur, Vadodara. Pamphlet specially designed and prepared for Ayushman Bharat scheme for spreading awareness of treatments at KM Shah Dental College and Hospital, Sumandeep Vidyapeeth for various maxillofacial trauma, tumors and congenital defects was launched amongst the people residing in Manjalpur, Vadodara. Through the pamphlet distribution, people were educated about the various treatments offered and make them aware of the benefits under the scheme of Ayushman Bharat as applicable to dental treatment introduced by Government of India for Gujarat State which is implemented by K.M. Shah Dental College and Hospital, Sumandeep Vidhyapeeth (An Institution Deemed to be University), Piparia, Waghodia, Vadodara district. On the first day of launch, twenty eight patients were made aware of Ayushman Bharat Scheme. The patients were motivated to undergo the any treatment as applicable under the scheme.
2. **Exhibition of RHS Album (8/04/2019):** The Rural Health Service album is a mirror of all work of department & efforts of student that has been under taken during rural health service to reach out to the community. Primary health care is the basis for unusual health coverage. The RHS albums were displayed to patients as well as students to acknowledge them about rural health service on the theme for world health day, 2019 is Universal Health Coverage by World Health Organization (WHO).

Vill. Piparia, Taluka: Waghodia.

Dist. Vadodara-391 760. (Gujarat)

3. **Social Media Drive (7/04/2019):** On the occasion of World Health Day, the Dept. of Public Health Dentistry, K.M Shah Dental College and Hospital took an initiative to spread awareness about importance of Oral Health on the global level through social media. The Post graduate students and teaching staff of the department posted photographs with phrases relating to World Health Day. The phrases chosen were related to the theme of World Health Day which is **UNIVERSAL HEALTH COVERAGE EVERYONE EVERYWHERE**. This post posted on social media was to spread awareness and this post was shared by health care professionals on global level.

Learning: Awareness regarding Bharat Scheme and constant motivation and reinforcement of the benefits. The people around Manjalpur, Vadodara were not much aware about the Ayushman Bharat Scheme and were ready for treatment if free treatment was provided to them.

Suggested actions based on learning from the activity: More such awareness should be spread regarding the universal health coverage scheme (Ayushman Bharat) in and around Vadodara city.

Name of the activity: Screening program and health education

Date of activity: 08/04/2019

Background for the activity: to address and educate growing needs of oral health care in population not visiting the dental professional until utmost necessity makes them to visit. In order to make awareness among the people of manjalpur village, a screening camp with oral health education was organized.

Other agency: none

Activities carried out by:

Faculty/ student

Dr. Radhika(staff)

Ms. Afroz(intern)

Ms. Natasha(intern)

Ms. Smital kala (3rd bds)

Ms. Radhika patel (3rd bds)

Activity guided by :

Dr. Pulkit kalia (Reader and outreach program incharge of department of public health dentistry, KMSDCH)

Participants: people of Manjalpur village

Brief detail of the activity: dental check up and oral health education program was conducted. A total of 41 participants were screened and checked for their underlying dental problems. They were screened for common dental problem such as dental caries, periodontal diseases, cancerous and pre-cancerous lesions, malaligned teeth and poor oral hygiene.

Learning: the program was successful and beneficial were made aware of preventive method treatment available for various oral health care problems. The dental public health team could effectively communicate the need for oral health care to the beneficiaries.

Suggested action based on learning from the activity: after screening patients a pick up would be organized in the near future and their oral health related problems would be taken care of.

Name of the activity: Oral hygiene screening camp, Oral hygiene instructions, Primary health care education

Date of Activity: 14th - 15th April, 2019

Back ground for the activity: Rural population bears the brunt of the burden of oral diseases. The Department of Public Health Dentistry as part of institutional social responsibility strives to provide oral health care services by increasing access to knowledge on oral health and diseases. Institutional social responsibility is also instilled among the interns to arouse their community consciousness as they will be the future dentists.

Other agency –none

Activity carried out by:

KRINA MEHTA (17)

KARISHMA MEMON (18)

SEEMA NAGINA (20)

Activity Guided by: Dr. Sweta Singh, Interns In- Charge & Reader, I/c HoD, Dept. of Public Health Dentistry

Target population:

1. Modheswari Old Age Home : Bhathagaam, dist. Surat (screened population: 50)

2. Sunrise School for Mentally Challenged Children: Ramnagar, dist. Surat (screened population: 40)

3. Nandghar Aanganwadi: Panas, dist. Surat (screened population: 25)

Total: 115 Individuals

Brief details of the activity:

1. Oral screening of 50 individuals was conducted at the Old age home in Bhatha, oral hygiene instructions and denture cleaning instruction were given. Health education material i.e Badges were distributed.

2. Oral screening of 40 children was conducted at Sunrise School for Mentally Challenged Children in Ramnagar. Oral hygiene instructions were given and also tooth brushing technique was demonstrated. Health education material i.e T- Shirts were distributed.

3. Oral screening of 25 children was conducted in Nandghar Aanganwadi at Panas. The children were given oral hygiene instructions and also tooth brushing technique was demonstrated. Health education material i.e compass box were distributed.

Learning:

It made us realize that people are not very aware of the basic oral hygiene practices and it is extremely important to give basic dental education to them.

Vill. Piparia, Taluka: Waghodia.

Dist. Vadodara-391 760. (Gujarat)

Learning:

The lesson learnt out of this experience is that, a large number of population in rural areas are not well aware of the importance of maintenance of good oral hygiene and that in turn increases the suffering of the individuals from dental problems.

Suggested actions based on the learning from the activity:

More efforts should be put to make the rural population aware about the importance of maintaining good oral health. More screening as well as health education camps should be organized in rural setups.

Appreciation Letter

Name of the activity: Screening program, oral health education

Date of Activity: 24/04/2019

Back ground for the activity: To address the growing needs of rural population for oral health care and the negation of these populations not visiting a dental professional until utmost necessary makes them more vulnerable for dental diseases. In order to make the inhabitants of Kalali, Vadodara aware about their oral health, a screening camp with oral health education was organized.

Other agency – none

Activity carried out by: Faculty/Students

- Dr. Radhika Pathak (Staff)
- Ms. Haara Kothari (Intern)
- Ms. Krina Mehta(Intern)
- Ms. DhvaniPancholi(Intern)
- Ms. SeemaNagina(Intern)
- Ms. SharvariLeua(3rd BDS)
- Ms.ShreyaDalwadi (3rd BDS)

Activity Guided by:

Faculty/Any other person: Dr. PulkitKalyan (senior lecturer& outreach program in charge of Dept. of Public Health Dentistry, KMSDCH)

Participants: People of KalaliGao, Vadodara

Brief details of the activity: Dental Check-up and Oral Health education was conducted. A total of 43 patient participants were screened and checked for underlying oral problems. They were screened for common dental problems such as dental caries, periodontal disease, cancerous and pre-cancerous lesion, mal-aligned teeth and poor oral hygiene.

Learning: The program was successful and beneficiaries were made aware of preventive methods treatment available for various oral Health care problems. The dental Public Health team could effectively communicate the need for Oral Health care to the beneficiaries.

Suggested actions based on learning from the activity: After screening the patients, a pick up would be organized in the near future and their oral health related problems would be taken care of.

3. Sthambeshwar Mahadev Ashram- Kamboj: 19 patients from the old age home were examined for oral hygiene maintenance and maintenance of denture hygiene. Health education material i.e. toothbrushes and toothpastes were distributed amongst the patients.

Learning:

The lesson learnt out of this experience is that, a large number of population in rural areas are not well aware of the importance of maintenance of good oral hygiene which in turn increases the suffering of the individuals from dental problems.

Suggested actions based on the learning from the activity:

More efforts should be put to make the rural population aware about the importance of maintaining good oral health. More screening as well as health education camps should be organized in rural setups.

Name of the activity: Community Oral Health Education, Screening and referral programs

Dates of Activities: 1st May 2019

Background for the activity: Public Health Dentistry is unique in being community-centered in its approach for provision of oral health care at the nearest contact point for village populations and the needy groups. The services offered are based on the needs of the population.

Other agency - -

Activity carried out by: ‘

Mr. Darpanbhai Panchal (Dental Hygienist)

Mr. Ronak (Intern)

Ms. Sheel Shah (Intern)

Ms. Anuradha Singh (Intern)

Ms. Shailja(Intern)

Activity Guided by: Dr. Hemal Patel (Outreach Programs In- Charge) and Dr. Ramya R Iyer (Outreach Programs In- Charge), Dr. Pulkit Kalyan(III BDS In-Charge)& Dr. Sweta Singh (In- Charge HoD)

Participants: The number of programs and beneficiaries are: 147 individuals

Brief details of the activity: The screening programs were conducted in Bill,Vadsar, patientand pick up & drop services were arranged. Ayushman Bharat pamphlet distribution drive has been initiated and in all campaigning programs,the pamphlets were distributed door to door in order to promote the utilization of oral and maxillofacial surgical procedures covered under the scheme.

Source of support-Sumandeep Vidyapeeth (Stationery, manpower, transport, subsidies and free treatments) and NGOs (provision of space/ venue, electricity, refreshments for camp participants).

Motivated patients were provided free pick up and drop facility to and fro- by the University as per the requirement put forth by the Department of Public Health Dentistry.

RURAL HEALTH SERVICE REPORT

Name of the activity: Oral hygiene screening camp, oral hygiene instruction camp, primary health care education.

Date of activity: 26th & 27th May 2019

Back ground for the activity: Rural population bears the brunt of the burden of oral diseases.

Other agencies: None

Activity carried out by:

Anshita Agrawal (ROLL No. 01)
Charvisha Agrawal (ROLL.No. 02)
Sana Badavat (ROLL No. 04)
Srushti Chauhan (ROLL No. 07)

Activity guided by:

Dr. Sweta Singh (Reader)

Target population:

1. Marwadi yuva manch, Adipur (Screened population:52)
2. Primary health center, Kidana(Screened population:43)
3. Old age home, Adipur (Screened population:19)

Total: 114 Individuals

Brief details of the activites:

1. Screening and oral health education camp at Marwadi yuva manch: Oral hygiene status of 52 children were checked. The students were educated for proper brushing techniques and maintenance of proper oral health. Health education material as a reward t-shirts were distributed amongst the students.
2. Screening and oral health education camp at Primary Health Center, Kidana: 43 patients from out patient department were examined for oral hygiene status. The patients were educated for Oral hygiene maintenance and adverse effects of smoking and tobacco. Oral health education material pamphlets were distributed.

3. Screening and oral health education camp at Old Age Home, Adipur: 19 individuals from the organization were examined for oral hygiene status. The individuals were educated for maintenance of oral hygiene and maintenance of denture hygiene. Oral health education materials and handkerchiefs were distributed.

Learning:

The lesson learnt out of this experience is that, a large number of population in rural areas are not well aware of the importance of maintenance of good oral hygiene and that in turn increases the suffering of the individuals from dental problems.

Suggested actions based on the learning from the activity:

More efforts should be put to make the rural population aware about the importance of maintaining good oral health. More screening as well as health education camps should be organized in rural setups.

Brief details of the activity:

The Screening Cum Education camp began on the 31st May, 2019 on the day of "World No Tobacco Day" theme. All the members participating in the camp including interns and doctors of the Dept. of Oral & Maxillofacial Surgery and nursing staff, attender and transport from the Dhiraj General Hospital.

The members divided themselves in various teams comprising of Interns and PGs and did the oral cavity screening as a whole for various premalignant lesions and conditions as well as for oral cancer. The participants were made aware by giving them a health talk about the ill effects of the usage of tobacco in general as well as specific to the changes seen in the oral cavity. The beneficiaries also interacted with the doctors about their oral cavity problems and many of them agreed to quit the habit.

Total 5 factories were screened namely, Sodium Metal Pvt. Ltd., Deepak Nitrite, GSP Corp Science Pvt. Ltd., Farmson Pharmaceuticals and Ineos Styrolution India Ltd. and the number of beneficiaries was 201.

The screening camp ended with distribution of pamphlets to each participant and all the findings being recorded. Participants were motivated to visit the hospital for regular follow ups and treatments.

Name of the activity: WORLD NO TOBACCO DAY

Date of the activity: 31st May, 2019

Background for the activity: WORLD NO TOBACCO DAY is observed around the world every year on 31 May. It is intended to encourage a 24-hour period abstinence as well as a trigger for life-long abstinence from all forms of tobacco consumption around the globe. The day is further intended to draw attention to the widespread prevalence of tobacco use and to negative health effects. The member states of the World Health Organization (WHO) created World No Tobacco Day in 1987. In the past thirty one years, the day has been met with both enthusiasm and resistance around the globe from governments, public health organizations, smokers, growers, and the tobacco industry.

Therefore, the Department of Public Health Dentistry, KMSDC&H supported the cause and decided to conduct the following activities on the World No Tobacco Day 2019.

Theme for 2019: TOBACCO AND LUNG HEALTH

Activity carried out by: FACULTY/ POST GRADUATES/ STUDENTS:

- DR. Sweta Singh (FACULTY)
- DR. Ramya R Iyer (FACULTY)
- DR. Hemal Patel (FACULTY)
- DR. Pulkit Kalyan(FACULTY)
- Dr. Radhika Pathak (FACULTY)
- DR. Priya Shetty (PG)
- DR. RituRandad (PG)

Activity guided by:

FACULTY/ POST GRADUATES/ STUDENTS:

- DR. Sweta Singh (FACULTY)
- DR. Ramya R Iyer (FACULTY)
- DR. Hemal Patel (FACULTY)
- DR. Pulkit Kalyan (FACULTY)

Participants: 35 Students, Faculty and Non- Teaching Staff of KMSDC&H

Attested CTC

Vice-Chancellor

Sumandeep Vidyapeeth

An Institution Deemed to be University

Vill. Piparia, Taluka: Waghodia.

Dist. Vadodara-391 760. (Gujarat)

Brief details of the activity: On the occasion of World No Tobacco Day, several activities were conducted and there was active participation in all the activities.

1) OATH TAKING: Oath taking was done at the reception area of our college with our Dean, Faculty members, Non teaching staff, Students and Patients who actively took part in it. The oath was about PLEDGING NEVER TO SMOKE AND CONSUME ANY TOBACCO PRODUCTS IN LIFE AND TO MOTIVATE ONES FAMILY OR ACQUAINTANCES TO NEITHER SMOKE AND USE ANY TOBACCO PRODUCTS.

2) DRAWING/ PAINTING COMPETITION: The participants were Interns and UG Students.

The themes for the competition were: -

Tobacco and Oral Health

Tobacco and Lung Health

Tobacco Free Life

Display of the drawings/ paintings were exhibited on 31/05/2019

This event was coordinated by Ms. AasthaDebnath (Intern- Art and Craft Committee Member, KMSC&H) and Dr. Priya Shetty, II MDS PG, Department of Public Health Dentistry.

3) SLOGAN WRITING COMPETITION: The participants were Staff, Non teaching staff and students.

A big canvas sheet was placed on the wall outside the Department of Public Health Dentistry where the participants took part and wrote the slogans related to the topic on **Tobacco and Lung Health and Tobacco Free Life.**

This event was coordinated by Dr.RituRandad, I MDS PG, Department of Public Health Dentistry.

Both the above mentioned activities were judged by the judges and the winners were awarded with prizes.

Learning:By the activities conducted by the Department of Public Health Dentistry, KMSC&H we learned that people could be motivated to take a pledge and make a promise of commitment to quit tobacco. Furthermore, by allowing people to express their views about the harmful effects of tobacco, we could gain insight into what the youth of today perceived about the epidemic stature of the tobacco menace.

Hence, such activities should be conducted regularly for promoting health and oral health.

Acknowledgement letter

Name of the activity: Screening program, oral health education

Date of Activity: 19/06/2019

Back ground for the activity: To address the growing needs of rural population for oral health care and the negation of these populations not visiting a dental professional until utmost necessary makes them more vulnerable for dental diseases. In order to make the inhabitants of Madodhar, Waghodia aware about their oral health, a screening camp with oral health education was organized.

Other agency – none

Activity carried out by:

Faculty/Students

- Dr. Ritu Randad (PG)
- Mr. Nisarg Patel (Intern)
- Mr. Raj Patel (Intern)
- Ms. Simran Dhall (Intern)
- Ms. Heema Patel(Intern)
- Ms. Pooja Chellapalli (Intern)
- Ms. Srishti Tripathi(3rd BDS)
- Ms. Needa Noyda(3rd BDS)

Activity Guided by:

Faculty/Any other person: Dr. Pulkit Kalyan (Outreach program in charge)

Participants: People of Madodhar, Waghodia

Brief details of the activity: Dental Check-up and Oral Health education was conducted. A total of 16 patient participants were screened and checked for underlying oral problems. They were screened for common dental problems such as dental caries, periodontaldisease, cancerous and pre-cancerous lesion, mal-aligned teeth and poor oral hygiene.

Learning: The program was successful and beneficiaries were made aware of preventive methods treatment available for various oral Health care problems. The dental Public Health team could effectively communicate the need for Oral Health care to the beneficiaries.

Suggested actions based on learning from the activity: After screening the patients, a pick up would be organized in the near future and their oral health related problems would be taken care of.

RURAL HEALTH SERVICE REPORT

Name of the activity: Oral hygiene screening camp, oral hygiene instruction camp, primary health care education.

Date of activity: 23rd & 24th June, 2019.

Back ground for the activity: Rural population bears the brunt of the burden of oral diseases.

Other agencies: None

Activity carried out by:

Nafisa Akbani (Roll no:03)

Shivali Bhatt (Roll no:05)

Aastha Debnath (Roll no:08)

Deep Chauhan (Roll No: 01)

Activity guided by:

Dr. Sweta Singh (Reader)

Target population:

1. MukhyaKanyaShada, Dakor (**screened population:50**)
2. Community Health Center, Dakor(**screened population:15**)
3. Shree KhadayataBhuvan Mandal (**screened population:20**)

Total: 85 Individuals

Brief details of the activities:

1. Screening and oral health education camp at MukhyaKanyaShada,Dakor:
Oral hygiene status of **50 girl students** of 6th, 7th and 8th standard was checked. The students were educated for proper brushing and handwashing techniques and maintenance of proper oral health. Health education material i.e Sanitary Kit were distributed amongst the students and instructions were given accordingly.
2. Screening and oral health education camp at Community Health Centre, Dakor: **15 patients** from outpatient department were examined for oral hygiene status. The patients were educated for Oral hygiene maintenance and adverse effects of tobacco. Health education material i.e posters were given to Health Officer.

3. Screening and oral health education camp at Shree Khadayata Bhuvan Mandal, Dakor: 20 individuals from the organization were examined for oral hygiene status. The individuals were educated for maintenance of oral hygiene and maintenance of denture hygiene. Oral health education material i.e pens were distributed.

Number of Beneficiaries: 85 individuals

Learning:

The lesson learnt out of this experience is that, a large number of population in rural areas are not well aware of the importance of maintenance of good oral hygiene and that in turn increases the suffering of the individuals from dental problems.

Suggested actions based on the learning from the activity:

More efforts should be put to make the rural population aware about the importance of maintaining good oral health. More screening as well as health education camps should be organized in rural setups.

Name of the activity: Screening camp, oral health education

Date of the activity: 25/06/2019

Background of the activity: In order to address the growing needs of mentality challenged population for oral health care and negation of these population not visiting a dental professional until utmost necessary makes them more vulnerable for dental diseases. In order to make the students of Kalrav Special School for Mentally Challenged Children, Subhanpura, aware about their oral health condition, a screening camp with oral health education was organized and conducted.

Other Agency: Shree Parsnwa Medical and Education Trust.

Activity carried out by:

- **Post graduate student:** Dr. Ritu Randad (I year MDS)
- **Interns:** Twinkle Kathiriya
Manali Patel
Pooja Patel
Heema Patel
- **Non-teaching staff:** Piyush bhai Patel

Activity guided by: Dr. Ramya R Iyer, Reader, Dept. of Public Health Dentistry.

Target population: Special kids of Kalrav Special School for Mentally Challenged Children

Brief details of the activity:

1. Oral Health Screening was done for the children of Kalrav Special School for Mentally Challenged Children. There were total 30 children/adolescents/adults whose oral health screening was done.
2. They were screened for common dental problems such as dental caries, periodontal diseases, mal-aligned teeth and poor oral hygiene.

Learning: It made us realize that group of mentally challenged children are mostly deprived of basic oral health care and treatments. In the above targeted group of Mentally Challenged Children the most prevalent condition found was Dental Caries.

Suggested actions based on learning from the activity: More awareness programs as well as screening camps must be conducted to reach out to children as they are incapable of maintaining oral hygiene for themselves.

Name of the activity: Community Oral Health Education, Screening and referral programs

Dates of Activities: 1st – 2nd July 2019

Background for the activity: Public Health Dentistry is unique in being community-centered in its approach for provision of oral health care at the nearest contact point for village populations and the needy groups. The services offered are based on the needs of the population.

Other agency - -

Activity carried out by: Mr. Darpanbhai Panchal (Dental Hygienist), Faculty, interns- Miss. Manali Patel, Miss. Zenab Fatepura, Miss. Pooja Patel, Mr. Nisarg Patel, Mr. Raj Patel, Miss. Riya Patel, Miss. Sana Patel, Miss. Sonali Patel, Miss. Vrutti Patel, Miss. Kinjal Ramani, Miss. Maitri Pandya, Miss. Itishree Patel, Miss. Aastha Patel, Miss. Barkha Patel, Miss. Farheen Patel, Miss. Kesha Patel, Mr. Kishan Patel, Miss. Krisha Patel, Miss. Kashish Kalwani and Support Staff of Department of Public Health Dentistry, K.M. Shah Dental College Vadodara.

Activity Guided by: Dr. Hemal Patel (Outreach Programs In- Charge) and Dr. Ramya R Iyer (Outreach Programs In- Charge), Dr. Pulkit Kalyan (III BDS In-Charge) & Dr. Sweta Singh (In- Charge HoD)

Participants: - 223 Individuals

Brief details of the activity: The screening programs were conducted in Bill, Manjalpur, Vadsar Gaon and Kalali Gaon and community referral programs were organized in the same places. Also, Campaigning were held in Ranoli, Por, Padra, Ajwa and Kishanwadi areas and patient pick up & drop services were arranged. Ayushman Bharat pamphlet distribution drive has been initiated and in all campaigning programs, the pamphlets were distributed door to door in order to promote the utilization of oral and maxillofacial surgical procedures covered under the scheme.

Source of support- Sumandeep Vidyapeeth (Stationery, manpower, transport, subsidies and free treatments). Motivated patients were provided free pick up and drop facility to and from by the University as per the requirement put forth by the Department of Public Health Dentistry.

Permit letter

Name of the activity: Screening camp, oral health education

Date of the activity: 20/7/2019

Background of the activity: In order to address the burden of dental diseases of people of Shamiyala, Padra and to make them aware about their oral health condition, a screening camp with oral health education was organized and conducted.

Other Agency: None

Activity carried out by: Post graduate student: Dr. Ritu Randad (1 year MDS)

Interns: Ms. Sonali Patel
Ms. Kinjal Ramani
Ms. Yesha Patel
Ms. Matri Pandya
Ms. Manali Panjwani
Ms. Ittsri Patel

- **Support Staff:**
- Mr. Darpanbhai Panchal
- Mr. Piyush bhai Patel

Activity guided by: Dr. Ramya R Iyer and Dr. Hemal Patel, Dept of Public Health Dentistry, KMSH&H.

Target population: 22 Children of Shamiyala, Padra

Brief details of the activity:

1. Oral Health Screening was done for the residents of Shamiyala. There were total 22 children/adolescents/adults whose oral health screening was done.
2. They were screened for common dental problems such as dental caries, periodontal diseases, and treatment needs were identified.
3. The screening of the patients was done in the sub – center of the village.

Learning: It made us realize that residents of Shamilaya are not aware of dental problems and also avoided to get treatment done till dental problem were hampering with their daily activities.

Suggested actions based on learning from the activity: More awareness programs as well as screening camps must be conducted to reach out so that they are more aware about their oral health. Regular visits should be made more frequently for promoting oral hygiene awareness. One week later pickup will be organized for the patients to get dental treatment done at KMSDC&H.

RURAL HEALTH SERVICE REPORT

Name of the activity: Oral hygiene screening camp, oral hygiene instruction camp, primary health care education.

Date of activity: 21st and 22nd July 2019

Back ground for the activity: Rural population bears the brunt of the burden of oral diseases.

Other agencies: None

Activity carried out by:

Patel Itishri (Roll no: 23)

Kashish Kalwani (Roll no: 72)

Activity guided by:

Dr. Sweta Singh (Reader)

Target population:

1. Vanprastha Old Age Home, Dakor (screened population 20)
2. Community Health Centre, Dakor (screened population 25)
3. Shree Sansthan High School, Dakor (screened population 45)

Total: 90 Individuals

Brief details of the activities:

1. Screening and oral health education camp at Vanprastha Old Age Home, Dakor:

Oral hygiene status of 20 old age patients was screened. Patients were educated about maintenance of proper oral health and denture cleansing. Oral health education material i.e. tooth brush & tooth paste were distributed amongst the patients.

2. Screening and oral health education camp at Community Health Centre, Dakor:

25 patients from out-patient department were examined for oral hygiene status. The patients were educated for maintenance of oral hygiene and maintenance of denture hygiene. Oral health education material i.e. tooth brush & tooth pastes were distributed amongst the patients.

Signature 12/5/2021

Vice-Chancellor

Sumandeep Vidyapeeth

An Institution Deemed to be University

Vill. Piparia, Taluka: Waghodia.

Dist. Vadodra-391 760. (Gujarat)

3. Screening and oral health education camp at Shree Sansthan High School, Dakor:
45 students of standard 6th, 28 boys and 17 girls, were examined for oral hygiene status. The students were educated for Oral hygiene maintenance and brushing technique. Oral health education materials i.e. tooth brush & tooth pastes were distributed amongst the patients.

Learning:

The lesson learnt out of this experience is that, a large number of population in rural areas are not well aware of the importance of maintenance of good oral hygiene and that in turn increases the suffering of the individuals from dental problems.

Suggested actions based on the learning from the activity:

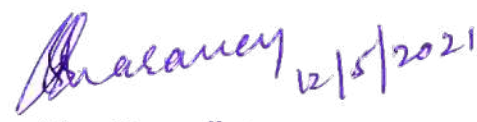

More efforts should be put to make the rural population aware about the importance of maintaining good oral health. More screening as well as health education camps should be organized in rural setups.

Authorization letter

Name of the activity: Screening camp, oral health education

Date of the activity: 25/07/2019

Background of the activity: In order to educate the school children about oral health and diagnose the disease at early stage, screening camp with oral health education was organized and conducted.

Other Agency: Cosmo

Activity carried out by:

- **Post graduate student:** Dr. Priya Shetty (MDS Student)
- **Interns:** Astha Patel
Barkha Patel
Farhin Patel
Keshu Patel
Krisha Patel
Kishan Patel
Kashish
- **Support Staff:**
 - Mr. Darpanbhai Panchal
 - Mrs. Monaliben

Activity guided by: Dr. Ramya R Iyer, Reader, Dept. of Public Health Dentistry.

Target population: 136 School children of NupurVidhyalaya, Karjan

Brief details of the activity:

1. Oral Health Screening was done for the children of NupurVidhyalaya, Karjan. There were total 133 children and 3 school staff whose oral health screening was done.
2. They were screened for common dental problems such as dental caries, and poor oral hygiene.
3. Through the screening process, children with deep pits and fissures in teeth, and presence of active caries in their oral cavity, were recognized as high caries risk children.
4. The school children were also given oral health education. They were taught proper brushing techniques. The proper technique of hand sanitization was demonstrated to the school children and they were motivated to follow the same.

Vice-Chancellor

Sumandeep Vidyapeeth

An Institution Deemed to be University

Vill. Piparia, Taluka: Waghodia.

Dist. Vadodra-391 760. (Gujarat)

Learning: It made us realize that if the school children are acquainted with proper oral hygiene measures and techniques during their early age, it will help to inculcate good oral health habits in the children. The children were very eager to learn new habits when they were motivated and educated that it will help them to keep their oral cavity disease free.

Suggested actions based on learning from the activity: The children who were identified with deep pit and fissures on the teeth and who required treatment at the earliest should be referred to the hospital where they can seek appropriate treatment. Accordingly a pick-up should be arranged for the referred children and treatment should be carried out.

ISR Activity Report

Name of the activity: “Let’s Know the Government Scheme”

Date of Activity: 10th of August 2018

Back ground for the activity: The Alma-Ata Declaration of 1978 emerged as a major milestone of the twentieth century in the field of public health, and it identified primary health care as the key to the attainment of the goal of Health for All. Four principals of primary health care are equitable distribution, community participation, intersectoral coordination and appropriate technology. What we observed during the activity of “Unnat Bharat Abhiyan”, people want to participate for better health of self and their family, but what is lacking is awareness of government benefit schemes. This compels us to do activity of awareness of related government yojana for the benefit of people for whom in actual this all yojana has been developed.

Activity carried out by: Department of Community Medicine

Activity Guided by: Dr Niraj Pandit, Prof & Head, Department of Community Medicine and Dr Jatin Chhaya, I/C RHTC and Assistant Professor, Department of Community Medicine of SBKS MI RC.

Participants: 2 students, 2 teachers

Activity carried out for: Families from field practice area of Community Medicine Department, SBKS MIRC – RHTC Bahadarpur

Brief details of the activity: Pamphlet related to government yojanas like; "PM Jan Dhan Yojana", "PM Swasthya Suraksha Yojana", "Sukanya Samriddhi Yojana", "MA & MA-Vatsalya Yojana" and "Pradhan Mantri Ujjwala Yojana" were printed. House to house visit was done along with above IEC material in field practice area of Community Medicine Department, SBKS MIRC. Each yojana was explained to the beneficiaries and motivate them to take advantage of government scheme.

Learning:(1) We are expecting, our participating Intern students also get insight in different government scheme. They also get benefits in the form of - learning by doing - as they are involved planning and execution of activity. (2) People of village: Response of the community was quiet enough to motivate us to do the same type of activity in future. Huge quantity of Government Scheme related information shared with people of village.

Suggested actions based on learning from the activity:More than 150 families were benefited by this activity. Only reason behind lack of community participation is just ignorance among ground level people. Awareness activity of this kind not only makes people responsive but motivates them to enroll in government scheme.

ISR Activity Report

Name of the activity: “Swachhta Hi Sewa: Cleanliness Awareness Rally”

Date of Activity: 22nd of September 2018

Back ground for the activity: A “jan andolan for Swachhata” to be observed in the run-up to the 4th anniversary of the Swachh Bharat Mission (SBM), i.e. from September 15th to October 2nd 2018. On September 15, 2017, the President of India launched a nationwide sanitation campaign “Swachhta Hi Seva” at Iswarganj village in Kanpur. The President administered the “Swachhta Hi Seva” Pledge whereby the Nation resolved to create a clean healthy and new India. Addressing the gathering the President said “India is fighting a decisive battle for cleanliness and hygiene. Mahatma Gandhi had once famously said “sanitation is more important than political freedom.” This statement underscored the criticality of sanitation in society. Inspired by these words, we, the department of community medicine comes out on the road to spread awareness in regards of importance of cleanliness and its health benefit in the form of “Village Cleanliness Rally”.

Activity carried out by: Department of Community Medicine

Activity Guided by: Dr Niraj Pandit, Prof & Head, Department of Community Medicine and Dr Jatin Chhaya, I/C RHTC and Assistant Professor, Department of Community Medicine of SBKS MIRC.

Rally at the site

Smt. B. K. Shah Medical Institute & Research Centre

CONSTITUENT INSTITUTE OF SUMANDEEP VIDYAPEETH
AN INSTITUTION DEEMED TO BE UNIVERSITY

Brief details of the activity: We have planned "cleanliness awareness rally" in the field area of department of community medicine – RHTC Bahadarpur. Rally was planned on the occasion of "Ganesh Visharjan 2018" as huge number of people accumulated at on this auspicious day. Department of community medicine prepared with IEC material in advance before the day of activity. On the day of Ganesh Visharjan and cleanliness drive- rally, after the prayer of "Lord Ganesha", along with school principal, teacher, students, inter doctors and RHTC staff. Slogans related to cleanliness drive were also uttered and miking to aware people about importance of cleanliness was also done. Entire activity was completed with greater enthusiasm with the feast of knowledge.

Learning: As success of any activity need community participation. Sometimes community eager to join voluntary for activity, but problem is that "even they don't know, what was expected to them". At that time, community awareness is the only resource which can help. Our activity is on the same track to aware people, what is expected from them to build the healthy nation.

Suggested actions based on learning from the activity: The aim of the Swachh Bharat Mission is to promote better hygiene behavior amongst the population and improving cleanliness only achieved by removing ignorance among ground level people. Awareness activity of this kind not only aware the people but also motivate them to do so for their country.

Sub: State Family Health Survey (SFHS-I)

As per the instruction of respected PS (PH) and CH, State Family Health Survey (SFHS) is planned in the month of March, 2019. The broad objectives of proposed SFHS-I are as below:

- To provide essential data on health and family welfare needed by the Department of Health and Family Welfare and other agencies for policy and programme purposes.
- To provide information on important emerging health and family welfare issues.

This initiative will be carried out with support of IIPS, Mumbai, and Community Medicine Department of various Medical Colleges and GNM schools of Gujarat. The field survey will be carried out with support of GNM schools of respective districts and experts from medical colleges will be responsible for training of the GNM students, field planning and monitoring of the field activities of assigned districts. Accordingly, A training of Trainers is planned as per following detail:

Date: 21 - 22 February, 2019
Venue: GVK-EMRI, Kathwada
Reporting time: 10.00 am on 21st February, 2019.

Kindly nominate one senior faculty (Associate professor or senior assistant professor and one faculty for aforementioned training program.

TA/DA for attending the TOT is to be borne from RMT fund allotted to respective medical colleges

ISR | 2018

Name of the activity: Cleanliness drive within campus area of Sumandeep Vidyapeeth University & Identification of Mosquito Breeding places and elimination.

Date of Activity: 25th Sep 2018.

Back ground for the activity: Aims of the survey

**This September,
let Swachhata be our first priority.**

Join us and do your bit towards building a Swachh Bharat.
Participate in Shramdaan activities and share your Swachhata Hi Seva moments
by using #SHS2018 or #स्वच्छता_ही_सेवा

To accelerate the efforts to achieve universal sanitation coverage and to put focus on sanitation, the Prime Minister of India, Shri Narendra Modi, launched the Swachh Bharat Mission on 2nd October, 2014.

The Mission Coordinator shall be Secretary, Ministry of Drinking Water and Sanitation (MDWS) with two Sub-Missions – the Swachh Bharat Mission (Gramin) and the Swachh Bharat Mission (Urban). The Mission aims to achieve a Swachh Bharat by 2019, as a fitting tribute to Mahatma Gandhi on his 150th birth anniversary

1. To sensitize undergraduate students regarding social responsibly towards disease control, Importance of hygiene and cleanliness in disease control
2. To develop skill to identify the Mosquito breeding places and how to eliminate

ISR | 2018

Activity carried out by: Medical Undergraduate students of S.B.K.S.M.I. & R.C

Activity Guided by: Under the guidance of Dr. Niraj Pandit & Department of Community Medicine, S.B.K.S.M.I. & R.C

Brief details of the activity:

Students had made three teams (Team A, Team B, Team C, Team D, Team E & Team F) & each team had one team leader & 2-3 members. Specific area of campus area allotted to specific team. Before starting survey activity, department had organized seminar session for knowledge build up and training on skills to identify various types of Larvae and elimination of breeding places.

Activity was carried out on Tuesday, 25th Sep 2018 after permission of Dean sir, SBKSMIRC.

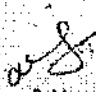

Suggested actions based on learning from the activity:

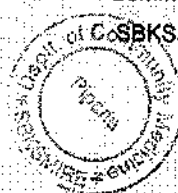

Though Campus's cleanliness and sanitation is well maintained, we have found few places with open collection of waste or open water collection which could be potential breeding site for mosquito. We have informed concerned department for proper elimination of that breeding sites.

Brief details of the activity:

Awareness Campaign through local media was done before the date of camp to inform the beneficiaries about the camp date, time and type of services available.

Before the actual day of camp the site visit to see the facilities and for arrangements for camp.

On the camp day the separate counter is made for information, registration and separate OPD are created for each specialty.

According to the need of the patient each beneficiary is being guided.

Once the check-up is complete the beneficiary comes to the final counter where he is being provided with medicines for minor illness or else guided by the staff at the counter to visit the base hospital for further treatment.

27/8/2018

To,
The Medical Superintendent,
Dhiraj Hospital,

sub: Planning of Multispeciality Medical
camp at Goltada village - Savali,
Vadodara on 16th Sept-2018.

Respected Sir/Madam,

With reference to above mentioned
Subject, it is requested to arrange
for multispeciality Medical checkup
camp at village: Goltada, At: Savli,
Dist: Vadodara on 16th Sept-2018
between 9:00 am onwards.

We expect around 350 patients
to visit our medical camp. We request
to depute following speciality doctors
in required numbers.

- 1) General Medicine - 2
- 2) Gynecology - 1
- 3) Ophthalmology - 1
- 4) Dermatology - 1
- 5) General Surgery - 1
- 6) ENT - 1
- 7) Orthopedics - 1
- 8) Paediatrics - 1
- 9) Radiology - 1
- 10) Anesthesiology - 1
- 11) Pathology - 1
- 12) Microbiology - 1
- 13) Immunology - 1
- 14) Nephrology - 1
- 15) Hepatology - 1
- 16) Cardiology - 1
- 17) Neurology - 1
- 18) Psychiatry - 1
- 19) Palliative Care - 1
- 20) Geriatrics - 1
- 21) Endocrinology - 1
- 22) Rheumatology - 1
- 23) Infectious Diseases - 1
- 24) Hematology - 1
- 25) Oncology - 1
- 26) Transfusion Medicine - 1
- 27) Clinical Nutrition - 1
- 28) Clinical Pharmacology - 1
- 29) Clinical Toxicology - 1
- 30) Clinical Immunology - 1
- 31) Clinical Microbiology - 1
- 32) Clinical Virology - 1
- 33) Clinical Bacteriology - 1
- 34) Clinical Mycology - 1
- 35) Clinical Parasitology - 1
- 36) Clinical Entomology - 1
- 37) Clinical Malacology - 1
- 38) Clinical Radiology - 1
- 39) Clinical Pathology - 1
- 40) Clinical Chemistry - 1
- 41) Clinical Hematology - 1
- 42) Clinical Immunology - 1
- 43) Clinical Microbiology - 1
- 44) Clinical Virology - 1
- 45) Clinical Bacteriology - 1
- 46) Clinical Mycology - 1
- 47) Clinical Parasitology - 1
- 48) Clinical Entomology - 1
- 49) Clinical Malacology - 1
- 50) Clinical Radiology - 1
- 51) Clinical Pathology - 1
- 52) Clinical Chemistry - 1
- 53) Clinical Hematology - 1
- 54) Clinical Immunology - 1
- 55) Clinical Microbiology - 1
- 56) Clinical Virology - 1
- 57) Clinical Bacteriology - 1
- 58) Clinical Mycology - 1
- 59) Clinical Parasitology - 1
- 60) Clinical Entomology - 1
- 61) Clinical Malacology - 1
- 62) Clinical Radiology - 1
- 63) Clinical Pathology - 1
- 64) Clinical Chemistry - 1
- 65) Clinical Hematology - 1
- 66) Clinical Immunology - 1
- 67) Clinical Microbiology - 1
- 68) Clinical Virology - 1
- 69) Clinical Bacteriology - 1
- 70) Clinical Mycology - 1
- 71) Clinical Parasitology - 1
- 72) Clinical Entomology - 1
- 73) Clinical Malacology - 1
- 74) Clinical Radiology - 1
- 75) Clinical Pathology - 1
- 76) Clinical Chemistry - 1
- 77) Clinical Hematology - 1
- 78) Clinical Immunology - 1
- 79) Clinical Microbiology - 1
- 80) Clinical Virology - 1
- 81) Clinical Bacteriology - 1
- 82) Clinical Mycology - 1
- 83) Clinical Parasitology - 1
- 84) Clinical Entomology - 1
- 85) Clinical Malacology - 1
- 86) Clinical Radiology - 1
- 87) Clinical Pathology - 1
- 88) Clinical Chemistry - 1
- 89) Clinical Hematology - 1
- 90) Clinical Immunology - 1
- 91) Clinical Microbiology - 1
- 92) Clinical Virology - 1
- 93) Clinical Bacteriology - 1
- 94) Clinical Mycology - 1
- 95) Clinical Parasitology - 1
- 96) Clinical Entomology - 1
- 97) Clinical Malacology - 1
- 98) Clinical Radiology - 1
- 99) Clinical Pathology - 1
- 100) Clinical Chemistry - 1
- 101) Clinical Hematology - 1
- 102) Clinical Immunology - 1
- 103) Clinical Microbiology - 1
- 104) Clinical Virology - 1
- 105) Clinical Bacteriology - 1
- 106) Clinical Mycology - 1
- 107) Clinical Parasitology - 1
- 108) Clinical Entomology - 1
- 109) Clinical Malacology - 1
- 110) Clinical Radiology - 1
- 111) Clinical Pathology - 1
- 112) Clinical Chemistry - 1
- 113) Clinical Hematology - 1
- 114) Clinical Immunology - 1
- 115) Clinical Microbiology - 1
- 116) Clinical Virology - 1
- 117) Clinical Bacteriology - 1

Brief details of the activity:

Awareness Campaign through local media was done before the date of camp to inform the beneficiaries about the camp date, time and type of services available.

Before the actual day of camp the site visit to see the facilities and for arrangements for camp.

On the camp day the separate counter is made for information, registration and separate OPD are created for each specialty.

According to the need of the patient each beneficiary is being guided.

Once the check-up is complete the beneficiary comes to the final counter where he is being provided with medicines for minor illness or else guided by the staff at the counter to visit the base hospital for further treatment.

Brief details of the activity:

Awareness Campaign through local media was done before the date of camp to inform the beneficiaries about the camp date, time and type of services available.

Before the actual day of camp the site visit to see the facilities and for arrangements for camp.

On the camp day the separate counter is made for information, registration and separate OPD are created for each specialty.

According to the need of the patient each beneficiary is being guided.

Once the check-up is complete the beneficiary comes to the final counter where he is being provided with medicines for minor illness or else guided by the staff at the counter to visit the base hospital for further treatment.

Community Health Nursing
REPORT ON MASS HEALTH EDUCATION

❖ **INTRODUCTION**

- As a part of the Community Health Nursing posting, 16 students from IIIrd year GNM & 22 students from IIInd year ANM were posted in Sangadol village from 10-09-2018 to 06-10-2018. Under the guidance of Mr. Adithya S, HOD, Dept. Of CHN, Mr. Ashish Patel, Clinical Instructor, Dept. Of CHN and Mrs. Kuthi Dharvi Clinical Instructor, Dept. Of OBG at Sumandeep Nursing College organized Mass Health on Environmental Sanitation.

❖ **BACK GROUND**

- In communities, health is a product of many factors, and many segments of the community can contribute to and share responsibility for its protection and improvement.
- Sanitation is the hygienic means of preventing human contact from the hazards of wastes to promote health. Hazards can be physical, microbiological, biological or chemical agents of disease.
- Environmental sanitation envisages promotion of health of the community by providing clean environment and breaking the cycle of disease.

❖ **OBJECTIVES OF THE AWARENESS PROGRAMME.**

To reduce water borne diseases

To reduce the health risks related to sanitation, contaminated

water and waste.

- Sanitary practices for the school going students and public.
- To demonstrate as a model for new villages in sanitation sector.
- Increase awareness about the importance of ensuring sustainable sanitation for all and prompt appropriate action.

Target group are consisting of Women, Village Leaders, common public, Anganwadi worker & ASHA worker. Different kinds of Charts carrying the message of village cleanliness were prepared by the students of Sumandeep Nursing College. The awareness programme started at 11.am in the village. The Students of Sumandeep Nursing College were enacted role play and exhibited a charts regarding environmental sanitation. Around 50 people were benefited by the awareness programme. Audience gave feedback that the information provided was very informative and useful. Few audience were suggested that awareness programmes are very important for public, such programmes need to be conducted regular basis by the health personnels. The Mass Health Education Programme on Environmental Sanitation came to an end with light refreshments.

As part of Swatchh Bharatha Abhiyan, we demonstrated hand washing techniques and re-demonstrated by the school children. The children were sensitized about the importance of washing their hands before and after toileting, eating etc and exercising daily and inculcating other healthy habits to avoid falling sick.

The children were asked to share their daily routines and the steps they took every day to maintain hygiene. The children learnt a lot from the session and promised to follow all the good habits.

ACTIVITY

On 17/1/19, we executed an exhibition and skit at Rustampura's government secondary school in which we explained the students about good behavior, yoga, nutrients, etc. by demonstrating it using big posters. We had assigned groups of 5 students each to display a particular topic. Each group used demonstration and poster method to explain the topics.

Mandana B.
Registrar

Sumandeep Vidyapeeth
An Institution Deemed to be University
Vill. Piparia, Taluka: Waghodia.
Dist. Vadodara-391 760. (Gujarat)

Then we played a skit on good habits and bad habits in which we explained the kids regarding good habits like brushing teeth daily, taking bath, cutting the nails, respecting others, loving and caring etc. and bad habits like disrespecting others, nail biting, waking up late, eating junk food, etc. The skit was organized in local language.

REPORT

Celebration of international day of the girl child

INTERNATIONAL
DAY OF THE GIRL CHILD

International day of the girl child, which is also known as the international day of the girl and the day of the girl, was launched by the United Nations on October 11, 2012. This year international day of the girl child was celebrated in whole India.

Name& type of the activity:

Observing the international day of the girl child

Date of activity: 11th October 2018

Back ground for the activity:

This day aims to highlight and address the needs and challenges a girl faces. And promote girls empowerment and fulfillment of their human rights.

Activity carried out by:

15 Students of 2nd year P.B.B.Sc and 22 ANM students. (total-37 students)

Activity guided by

Ms. Varsha Hun. Asst. professor, SNC

Participants:

anganwadisuperviser, anganwadi worker, female health worker, 25 people of madodhar village.

Brief details of the activity:

International day of the girl child was launched by the united nation on October 11, 2012. This programme is to bring focus on gender inequality and creating more opportunities for girls. The anganwadisuperviser gave a speech towards girls child. The students share that thoughts about saving girl child and educating girl child. Anganwadi health worker taught about the slogan "betibachobetipadhao"

Learning:

Due to some of the religious customs and practices of killing the girl child in particular village, most of them were unaware of keeping a girl in the family. After the sessions of international day of girl child and the importance of having a girl child was made clear to the people.

Suggested action based on learning from the activity:

To change the mind set of the people in a clear way so there can be changes in upbringing of the girl child. Posters like saving a girl child can be suggested. We can also give testimonies of women who have become great and popular.

INTRODUCTION:

As a part of our curriculum requirement we S.Y.B.Sc (N) Students were posted in Saidal Village . during this time we have organised nutritional programme under the guidance of our class coordinator -Ms.Ekta Patel, Asst.professor, SNC & Mr.Ashish Patel, Tutor, SNC. Nutritional programme was arranged at aanganwadi of saidal village. Total 30 Under five children have got the benefits of this nutritional programme.

Objectives:-

- Provide health any nutritive diet
- Educate children and their mothers about various food stuff & its nutritive values
- To plan healthy and affordable diet
- To educate group regarding prevention of malnutrition

ACTIVITY:

we prepare firstly menu for nutrition program it was vegetable khichdi, channa chat, and butter milk. Than we prepare budget for that and collect money form individual. As per quality of people distribute their works and reponsibilities for prepare food.

On 01/02/2019 for prepare food cutting some vegetables and roots and khichdi was prepare by students.

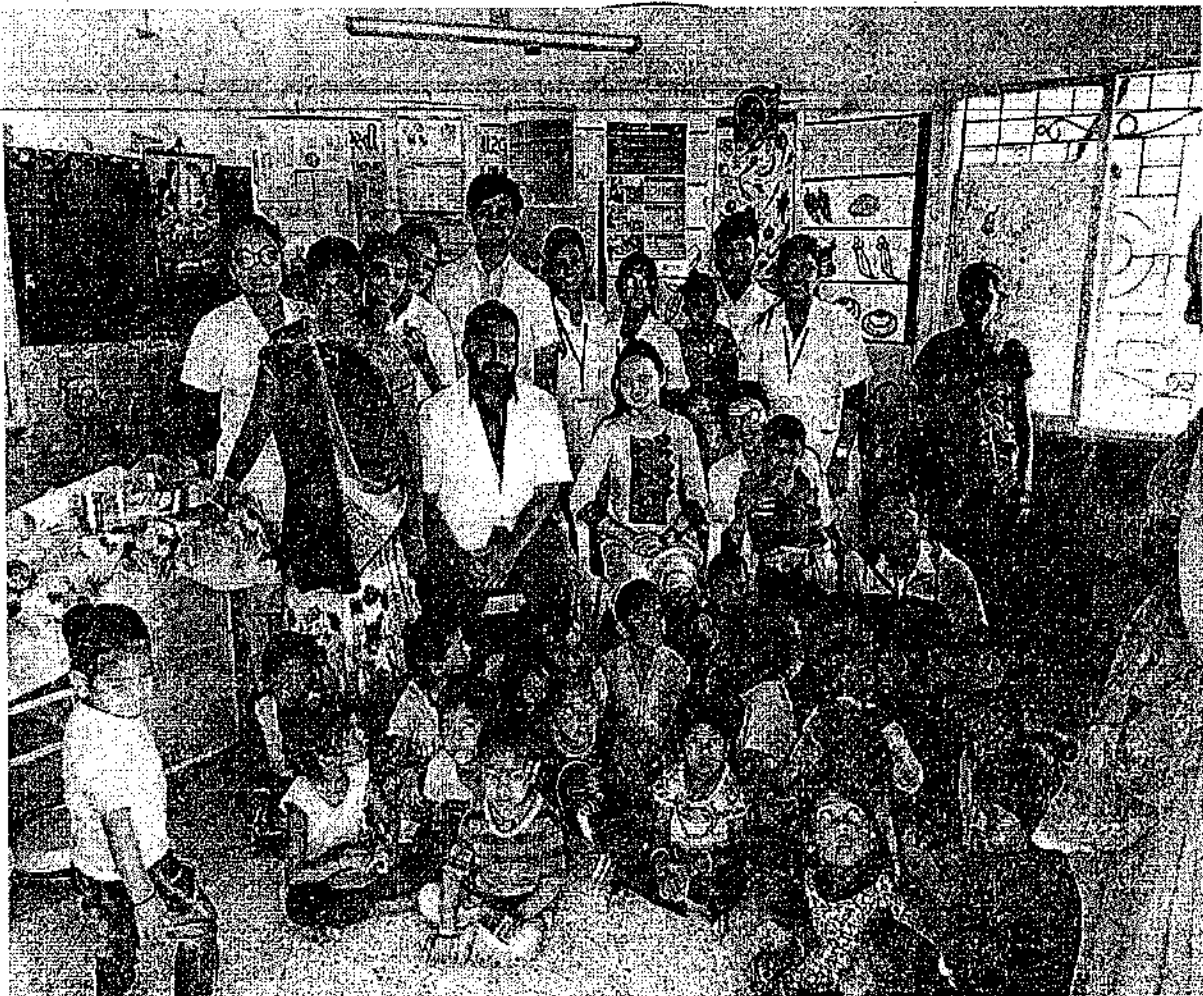

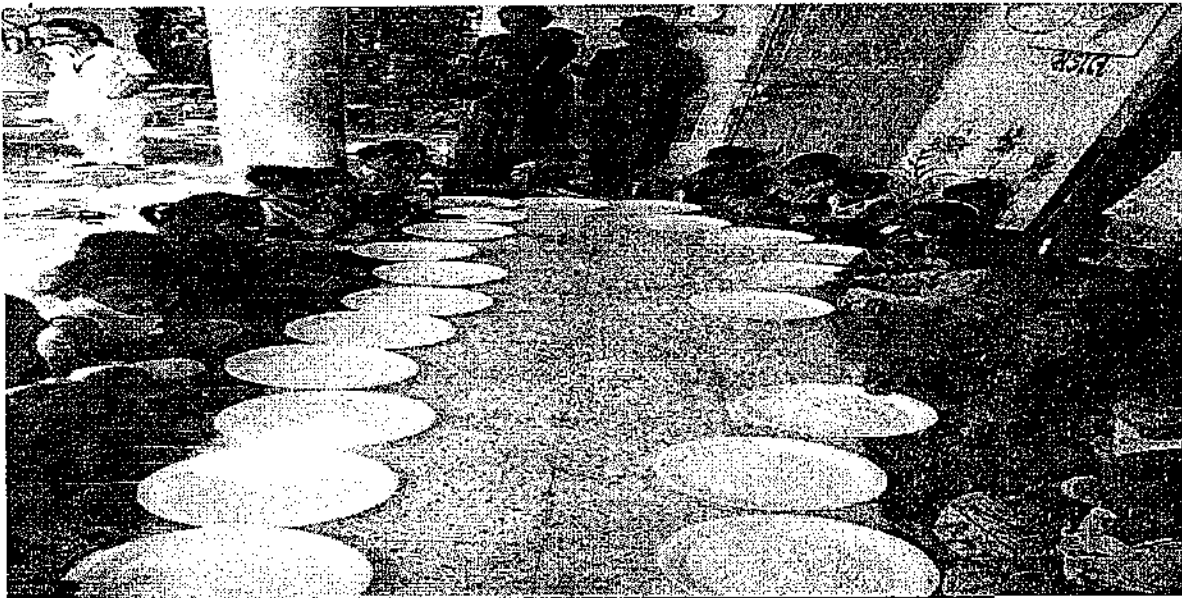

After then we serve food to the childrens of anganwadi and give them education about importance of food and what are the benifits of the foods.which is given by the student in such a good way with beautiful posters. All childrens are looks happy.

PRINCIPAL
SUMANDEEP NURSING COLLEGE,
PIPARIA, WAGHODIA, VADODARA

DURATION: 5 Minutes

SPECIFIC OBJECTIVES:

- Define weaning.
- List aims of weaning.
- Mention time of weaning.

CONTENT:

Definition:

It is a gradual addition of solid foods to the infant's diet according to infants' diet according to individual infant's capacity and gradual diminution of breast or artificial feeding in frequency and /or quantity.

Time of Weaning:

There is no one time for weaning that is best for every child, but generally most infant shows signs of readiness during the period from 4-6 months of age.

Reasons for Starting Weaning at 4-6 Months:

1. This is the time where breast-feeding become inadequate to meet the child nutritional needs particularly in relation to iron and vit. C.
2. Enzymes necessary to digest the complex structure of solid food are developed.
3. Biting is an accomplishment that becomes possible at about 6 months of age.
4. It is a good chance for child to learn independency by using cup and spoon to feed himself.
5. To accustom the infant to chew and swallow solid food.
6. The weaning period should extend from the time of introduction of the first semisolid food to the complete the cessation of breast-feeding.

An Institution Deemed to be University
VIII. Piparia, Taluka: Waghodia,
Dist. Vadodra-391 760. (Gujarat)

DURATION : 3 Minutes

SPECIFIC OBJECTIVES :

- List principle to be followed in weaning.

CONTENT :

1. Start weaning when the child is free from any disease particularly from any G.I.T. troubles.
2. Don't start in summer because of the high susceptibility to gastro-enteritis.
3. One-food item is introduced at intervals of 4-7 days to allow for identification of food allergies and to allow the child to get used to it.
4. New foods are fed in small amounts, from one teaspoon to a few tablespoons, put the spoon midway back on tongue to facilitate swallowing of semi-solid food.
5. Food should not be mixed in the bottle and feed through a nipple with a large hole.
6. Don't wait too long to introduce solid food as the infant may not be interested there after. By the age of 6 months, the infant usually learn to like the food offered and will be willing to try new food.
7. Offer new food while baby is hungry.
8. Never force the infant to take a new food.
9. Vegetables and non-sweetened food may be introduced before sweetened food to reduce the tendency to develop desire for sweets. ...

Dist. Vadodara-391 760. (Gujarat)

DURATION : 5 Minutes

SPECIFIC OBJECTIVES :

- Describe the recommended weaning food to be introduced at different age.

CONTENT :

Methods of Weaning

Almost any soft easily digestible food could be introduced to the baby from about 4 months. Start with a teaspoonful daily and gradually increase both the quantity given and the number of times it is fed to the baby.

By the 4th month:

- Orange or tomato juice could be given diluted at first and gradually increase until about 30 cc and then 60 cc.
- A ripe banana start with a teaspoon first, then increase amount by one teaspoon daily. By 1-2 weeks, baby could be taking about one average size banana daily half in morning and other in the evening.

By 5th – 4th months:

Add cereal as rice flour powder cooked in milk and sugar, wheat- Mehalabia. Cereals are a good source of iron and vit. B.

By 6th – 8th months:

- Soft cooked vegetables in strips or slices. Boil vegetable in water and add salt or sugar and no fat.
- Eggs: Hard-boiled egg yolk (in winter only) better give the egg yolk first and then egg white as it may cause some allergic manifestation.

By 8th –12th months:

- Beans (foul, skinned or mashed), ground meat, chicken liver, fish, rabbit. Mixed food containing 2 or 3 different food as rice and vegetable (as spinach or green marrow or squash) or rice, vegetable and ground chicken. This is a more balanced diet than if each is used alone.
- Desserts as custard pudding or jelly should be added later or better after the first 18 months.
- After the first year a little butter could be added to the infant diet.
- Better avoid fried food with the 2nd year.

Vill. Piparia, Taluka: Waghodia,
Dist. Vadodra-391 760. (Gujarat)

Duration: 3 Minutes

Specific Objective:

Describe the preparation of weaning food.

Content:

Preparation of Weaning Food:

The introduction of weaning food is often accompanied by loose stools, this may be due to:

- Food too hard.
- Food too bulky.
- Food contaminated.

So it is very important to care about:

1. Cleanliness:

Is very important, since the first introduction of infection to baby is often through contaminated food, instruct mothers to wash their hands and baby's hands when he begin to feed himself.

-Cooked food should be covered to protect it from the flies and dust. Utensils used in the preparation of food and feeding should be clean and washed before and after use.

2. Consistency:

Weaning food must be made into a form and texture that is soft and easily digestible for a young child. This can be done through straining and mashing.

-Don't use mixer / blender in preparation of vegetable soup as it transfer it in to a liquid form unsuitable for training babies on swallowing of semi-solid food.

3. Bulkiness:

Because the infant has a small stomach, he shouldn't be given bulky food with high percentage of water (as rice). So, it is better to give small amount of these foods.

4. Frequency of meals:

Young infant should be fed 4-5 times daily, in their own bowl or plate (so mother can see the amount taken by child).

Content:

Common Arabic Weaning Practices to be combated:

Most mothers use abrupt weaning by either:

1. Painting the nipple with "sabor", gentian violet, or Mercurochrome.
2. Interfere with the child reaching of breast.
3. Complete separation from the child (e.g. by sending the child to stay with relatives).

These are harmful customs and should be combated by early and appropriate teaching to the mothers about importance of gradual weaning for the physical and psychological health of the infant.

Feeding of Toddler: (1-3 years)

The toddler age group need 1200 calories/ day. The primary aim in dietary management of these children is to accustom them to chopped food and remove all strained food from the diet. The basic food remains the same. The only difference is the consistency of each food and size of serving is governed by the child's activity, rate of growth, body structure and the food habits he begins to initiate.

Feeding of Preschool Child: (3-6 years)

Need 1500-1600 calories daily. The basic food for preschool continues as the main stay in the diet. Children of this age group need and enjoy serving to them in shapes and sizes. They can pick up and examine (e.g. raw carrot straws).

Feeding of School Child: (6-12 years)

Needs 2000-2500 calories daily. The basic food continues to be used in about the same manner although the size of serving must be increased.

Sumandeep Vidyapeeth

An Institution Deemed to be University

Vill. Piparia, Taluka: Waghodia.

Dist. Vadodra-391 760. (Gujarat)

Duration: 4 Minutes

Specific Objective:

- Remember important point in feeding young children.

Content:

Things to Remember for Young Children:

1. Serve in very small amounts ; encourage to ask for second helping.
2. Serve attractively.
3. Give older child some freedom to choose food and to eat in his own way.
4. Don't allow drinking all milk first.
5. Don't withhold food for punishment.
6. Don't hurry child.
7. Don't insist that a child "eat all this " before he can have any of that.
8. Spices have no nutritional value and shouldn't be added to children's Food .
9. Ingredient used in the preparation of weaning food is not expensive.
10. By 8-12 months, infant should be trained to drink from cup.
11. By 12-14 months, the child may be taught to use spoon. Spilling will occur at first but will gradually decreased with practices. By 2 years, child can be taught to spoon-feed himself.
12. The use of fork is not recommended before the age of 3 years.
13. DO:
 - Give praise usually at the end of the meal.
 - Establish good relationship with child.
 - Provide learning experiences.

mean by

Duration: 01 min

Specific Objective: To explain the Importance of family Planning

Content:

Family Planning involves using birth control techniques to decide how many children you have & when you have them. It allows couples to have their desired number of children, & control the spacing & timing of their births.

⇒ Maternal health refers to the health of women during pregnancy, childbirth and after delivery.

While Motherhood is often a positive & fulfilling experience, for too many women it is associated with suffering, ill health & even death. A woman's ability to space & limit her pregnancies has a direct impact on her health.

What are the uses of family Planning?

Duration:

Specific Objective:

Content: Pill :-

Take one pill each day, containing one two hormone
can make periods more regular & less
painful
May cause spotting during the first
1 to 2 months.

Female Sterilization :-

The methods block or cut the fallopian tubes.
A health care provider searches the tubes
through two small cuts in your belly.
These methods are permanent & highly
effective.

You may feel regret, risks include infection,
bleeding, pain. Ensure tubes to 3 months of
work.

Male Sterilization :-

A health care provider blocks or cuts the
tubes that carry sperm from your testicles.
This method is permanent & highly effective.
You may feel regret.

Friends Society Patient Record for the Academic Year 2018 – 2019

Friends' society is a voluntary youth organisation, primarily of students from by M.S. University, Baroda. Friends' society is catering to the needy and deprived segments of society for more than 46 years through about a dozen service projects which cover the handicapped children & adults, poor patients attending to Govt. hospitals, slum dwellers, school children and university youth.

One of their activities "Sunday School" operates on every Sunday from 9:00am to 1:00pm. This is a school with difference where in children with special needs are collected from their homes on Sunday in Baroda City and are given different exposures.

College of Physiotherapy is providing their services to "Sunday school" of Friends' society from January 2016 onwards.

Name of faculty involved: **Prof. Dr. Lata Parmar,**
 Dr. Noel Macwan (Asst. Prof) and
 Dr. Dhvani Chanpura (Asst. Prof)

Total No. Of PG students 14, which were rotated on the monthly basis were as follows:

Sr. No.	Month	Name of the Student	No. of Patients
1	August	Hunita, Ananya, Mayuri	10
2	September	Hunita, Samira, Axita, Mayuri	17
3	October	Nidhi, Ananya, Axita, Samira	15
4	November	Mayuri	3
5	December	Shruti, Shaily, Pooja, Dhvani, Ananya, Axita, Nidhi, Samira	13

Subject: VISIT for assessment of building associates

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Respected Sir,
We take pride in the invitation by you for the 'Musculo-skeletal risks' assessment of your 'Building Associates'. We have sent the detail of the arrangements required from your side. We would be pleased if you kindly forward us an official invitation for the same.

We confirm our visit on the 4th of this month i.e. tomorrow.
Kindly do the needful and oblige
Thanking you
Regards

To,
The Vice Chancellor,
SV

Subject: Industrial Visit

Respected Sir,

This is to inform that we the College of Physiotherapy will be visiting the CEAT industry, GIDC, Halol, for the 'Risk assessment of Musculo Skeletal disorders in the Industry Workers'. This visit has been arranged in a hurry on 4th October 2018, this is on request of the Industry management. They will soon be informing us of long term association with a MOU.

We have requested the Industry to arrange for us the following:

- Transport to and fro from the University
- Tea & Lunch for the attending personnel
- Some basic arrangements like photocopying of some materials like consent forms, participation information sheets, evaluation forms etc.
- Some equipment will be taken from the institute, which will be deposited back.

After our visit we will be giving a detail report of our work to the management of the Industry and so also submitting the same to you. This is matter of pride for College of Physiotherapy and Sumandeep University, we shall do our best to maintain a long healthy association with this industry and others which we shall in future visit. We will send the copy of this to the ISR cell.

Thanking you
Regards

CEAT report for 04-10-18

A visit to CEAT tyres was organized on 04-10-18 for assessment/screening of tyre industry building associates (TBA). Prof. Dr Lata Parmar, Dr Kalpesh, Dr Neha, Dr Niketa, Dr Noel, Dr Dinesh and 14 PG students had visited CEAT tyres.

There were 35 TBA who had to be assessed/screened. The following is the report:

The TBA's were assessed at 05 stations which included BMI testing, History taking, Musculoskeletal examination, Muscle strength and endurance and Cardiopulmonary endurance testing.

Out of 35, 25 were males and 10 were females. The average age was 19.6 years ranging between 18-22 years. The average BMI was 21.01 kg/m²

Screening for musculoskeletal problems was done for all the TBA's. The neck, shoulder, lowback and knee were the predominant complains of the TBA's.

Flexibility of the hamstrings was tested and majority of them had tightness.

Back muscles endurance was also found to be less.

On Musculoskeletal Examination: Shoulder, Knee, Lumbar region and ankle were predominantly involved.

The cardiopulmonary endurance was average for most TBA's.

CEAT report for 30-10-18

A visit to CEAT tyres was organized on 30-10-18 for assessment/screening of tyre industry building associates (TBA). Prof. Dr Lata Parmar, Dr Kalpesh, Dr Neha, Dr Niketa, Dr Noeland 14 PG students had visited CEAT tyres.

There were 31 TBA who had to be assessed/screened. The following is the detailed report:

The TBA's were assessed at 05 stations which included BMI testing, History taking, Musculoskeletal examination, Muscle strength and endurance and Cardiopulmonary endurance testing.

Out of 31, 29 were males and 02 were females. The average age was 19.19 years ranging between 18-22 years.

Screening for musculoskeletal problems was done for all the TBA's. The shoulder, elbow, hip, knee were predominantly involved.

Flexibility of the hamstrings was tested and majority of them had tightness.

Back muscles endurance was also found to be less.

On Musculoskeletal Examination: Shoulder, Knee and elbow were predominantly involved.

The cardiopulmonary endurance was average for most TBA's.

CEAT report for 14-12-18

A visit to CEAT tyres was organized on 14-12-18 for assessment/screening of tyre industry building associates (TBA). Prof. Dr Lata Parmar, Dr Kalpesh, Dr Neha, Dr Niketa, Dr Noel and Dr Dineshalong with 14 PG students had visited CEAT tyres.

There were 47 tyre building associates who had to be assessed/screened. The following is the detailed report:

The TBA's were assessed at 05 stations which included BMI testing, History taking, Musculoskeletal examination, Muscle strength and endurance and Cardiopulmonary endurance testing.

Out of 47, 44 were males and 03 were females. The average age was 19.25 years.

The average BMI was 22.21 kg/m²

Screening for musculoskeletal problems was done for all the TBA's. The upper back was a complain predominantly.

Flexibility of the hamstrings was tested and majority of them had tightness.

Back muscles endurance-was also found to be less.

On Musculoskeletal Examination: The shoulder, hip, knee were predominantly involved.

The cardiopulmonary endurance was average for most TBA's.

SUMANDEEP VIDYAPEETH

DEEMED TO BE UNIVERSITY

REPORT ON SWATCH BHARAT

DATE : FROM 1ST MAY 2018 TO 26TH JULY 2018

“ GREEN CITY CLEEN CITY OUR DREAM CITY “

VENUE: PIPERIA [WAGHODIA]

The students of sumandeep vidyapeeth, management department, declared as an institution deemed to be university u/s 3 of UGC Act 1956 begun our SWACHH BHARAT SUMMER INTERNSHIP PROGRAM (SBSI) The team worked very efficiently and up to the mark. It consisted of various activities, details of which are further as follows:

Name of the Activities

Information-Education-Communication activities

Awareness Campaigns

No. of awareness drives conducted = 11

No. of people sensitized * 1000

No. of hours spent * Approximately 20

Brief Description

All the below described work comes under our awareness campaign.

Methodology

It was a comprehensive effort that includes multiple components, where the below mentioned each activity holds its own methodology.

• SWACHHATA RELATED RHYMES/STORIES IN SCHOOLS. 4 days = 24 hours

No. of Performances conducted = 7

No. of people sensitized = 200

No. of hours spent = 21

Brief Description:

We had done swachhata related rhymes/stories in schools for four days, which carries interest of small kids by which we can aware them that swachhata is how important for our home and there by our country. by focusing the small children we can easily target the society as a whole.

Methodology:

The methodology began right from, Sumandeep Vidyapeeth

An Institution Deemed to be University

Vill. Piparia, Taluka: Waghodia.

Dist. Vadodara-391 760. (Gujarat)

- 1) we had visited the primory piperia school
- 2) we had done small introduction about what they want to become and how swatchta of their schools is important for them.
- 3) later on we had show the vedios of swatchta stories from you tube.
- 4) Taught them hand hygine steps and importance.
- 5) we distribute biscuits for attracting the childrens

• PAINTING COMPETITION

No. of Performances conducted = 9

No. of people sensitized = 1400

No. of hours spent = 24 hours

Brief Description:

We had done painting competition in two schools for different age criteria which carries their creativity and by which they can be aware about the clean india. We gave 'show difference between dirty india Vs clean india' as a topic.

Methodology:

The methodology began right from,

- 1) we had visited the primory piperia school
- 2) we had done small introduction about what they know about our prime minister swatchta campaign.
- 3) We gave the pages for painting & explain them in brief about SWATCHTA.
- 4) we distribute rewards on the bases of their creative paintings to the children.

• GREEN LAND, HEALTHY LIFE PROGRAM

No. of Performances conducted = 6

No. of people sensitized = 150

No. of hours spent = 24 hours

Brief Description:

In this our life program, we organized one small educational training program about green healthy life style of human being in verious area of village and school. Then we helped the children in plantation.

• Nukkad Nataks 4 hours in 5 days

No. of Performances conducted = 10

No. of people sensitized = 1300

No. of hours spent = 26 hours

we had done three street plays, which focused different topics namely, IMPORTANCE OF CLEANLINES, TOILETING ACTIVITIES, WATER HYGIENE MEASTURES, OTH TO KEEP VILLAGE CLEAN.

Attested CTC

Methodology The methodology began right from

- 1) Analyzing village orientation, history.
- 2) Analyzing problem and selection of topic
- 3) Searching various scripts and vedios from Google, SRSS website & YouTube.
- 4) Choosing appropriate plays, scripting them with introduction & deduction

if required and non-required scenes & discussing of the right roles and characters.

5) Practicing the plays at gatherings.

6) Collection of objective materials for play.

7) Dress code finalization.

8) Finding out best place with majority of audience for selecting venue.

8) Awareness of nukkad natak a day before and few hours before the play.

9) Gathering maximum people to view and as to provide benefit and knowledge from the play.

10) Performance on the decided venue.

11) Play ended with oath taking ceremony for everyone present, for keeping village and country CLEAN'

12) Feedback (either same day or later)

- **Women health awareness program**

No. of Performances conducted = 7

No. of people sensitized = 500

No. of hours spent = 26 hours

Brief Description :

The orientation to village and talking to Panchayat we visited the houses of the village. Approximately, it took 15-18 minutes/house.

Methodology:

The orientation programme was conducted for 6 successive working days, where the village was being observed by the pairs of the volunteers who had to silently do their job and report down the points at the end of the day followed by a healthy discussion amongst self and doubt clearing. Each day the volunteers used to spend approximately 1 hours for the same. After the completion of task, the volunteers prepared the list of problems/ issues faced by the village.

Meanwhile on the next working day of the Panchayat the group members personally met the Panchayat regarding the '**Swachh Bharat Summer Internship' (SBSI)** Programme.

Discussing, informing about the task performed and taking permission for further tasks to be performed.

Once we were done with the orientation to the village and Panchayat, what we did was doing Women awareness about home cleanliness, body hygiene (usage of sanitary napkins) through banners.

- **Intervention :**

we were done with a questioning and reasoning session, we used to explain about primary care techniques, which were easy to incorporate and lead for a better healthy environment and lifestyle. The common points were as follows:

- 1) Sanitation practices
- 2) Hand washing techniques.
- 3) Cleanliness awareness.
- 4) Self hygiene maintenance.
- 5) Dumping of cattle excreta properly.
- 6) Avoid washing clothes in pond.
- 7) Safety measures to avoid illness.
- 8) Cleanliness of surrounding and village.
- 9) Oral hygiene measures

10) Bathing

11) Keep your hairs clean and tidy

12) Nail properly cut and neat, (spread of germs and bacteria)

Face - Flies - Food - Fingers - Mouth)

13) Special care and cleanliness guidance for menstruating girls.

14) In case of infection, guidance to meet a doctor.

Attested CTC

Sumandeep Vidyapeeth

Vice-Chancellor

Sumandeep Vidyapeeth

Sumandeep Vidyapeeth

Sumandeep Vidyapeeth

- 14) In case of infection , guidance to meet a doctor.
- 15) Self care
- 16) Self hygiene
- 17) family care
- 18) family hygiene
- Etc

• **Challenges faced** Less awareness. Reading issues. Lack of interest. No pictorial data presentation. To make new paintings rainy season was not an option.

Intervention: One to one communication, bringing down interest, puzzles, poetry, slogans, showing pictorial stuff, which would be easy to understand and grasp, banner presentation and demonstration.

• **Other activity**

Activity Name*

- 1) Swachhta Rally
- 2) Visiting School
- 3) Donation of posters and Banners
- 4) Visiting "Aanganwadi"
- 5) Checking and acknowledging hygiene
- 6) Oral hygiene checkup day in school
- 7) Meeting and guiding appointed village cleaners.
- 8) Full village visit
- 9) Assisting teachers in school
- 10) Play on 'not to spit in open'
- 11) Spread of "Clean India" motto.

TEAM MEMBERS

- RAVI DAMOR
- ANUBHA GUPTA
- DARSHNA PATEL.
- VINITA PALIWAL
- ARTI MISHRA

YOU MUST BE "THE CHANGE" YOU WISH TOO SEE IN THE WORLD
LETS JOIN HANDS TOGETHER TO KEEP OUR ENVIORNMENT CLEAN AND GREEN.

A Report on
“International Women’s Day Celebrations-2018”

Name of the activity: International Women’s Day Celebrations-2018.

Date of Activity: 16th March, 2018.

Place of Activity: Banaj, Dabhoi, Vadodara.

Back ground for the activity: Department of Pharmacy, SV celebrated International Women’s Day on 16th March, 2018. The celebration was a part of International Women’s Day celebrations.

Activity carried out by: 06 faculty member and 220 students are actively participated from department of pharmacy.

Activity Guided by: 06 faculty member are actively Guided from department of pharmacy.

Participants:

From community Side: women’s from Banaj village.

Brief details of the activity: The coordinators of the program were Dr. Rajesh Maheshwari and Dr. Dhanya B. Sen. The theme selected for this year was “**BETI BACHaO BETI PADHaO**”. Members of a Vadodara based NGO, Sahiyar stree sanghtan, which works for woman empowerment conducted seminar and community awareness program. The main objective of the celebrations was to create awareness among the students and public about the importance of preventing female foeticide and educating girl child. The program started with a seminar on the theme “**BETI BACHaO BETI PADHaO**”. The members of Sahiyar stree sanghtan explained various aspects of the theme. They explained what the main reasons behind female foeticide are and how the male female ratio is lowest in some of the Indian states. They also discussed about the need to prevent the practice of prenatal sex determination. The importance of educating girl child also was discussed. Many students also shared their opinion about all these issues.

Learning: Importance of community awareness programme like “**BETI BACHaO BETI PADHaO**”

Suggested actions based on learning from the activity: Will encouraged students and staff member to participate in a community awareness programme like **BETI BACHaO BETI PADHaO**”

**A Report on
“Bal-Mela-2018”**

Name of the activity: Bal-Mela-2018

Date of Activity: 27th January, 2018

Place of Activity: Sayaji Baug, Vadodara.

Back ground for the activity: Department of Pharmacy & Student Council in collaboration with the Indian Pharmaceutical Association – Vadodara Branch participated in Bal-Mela – 2018 organized by Nagar Prathmik Shikshan Samiti on 27th Jan. 2018 at Sayaji Baug, Vadodara.

Activity carried out by: 05 faculty member and 251 students are actively participated from department of pharmacy.

Activity Guided by: 05 faculty member are actively Guided from department of pharmacy.

Participants:

From Community Side: Students from various school and community people.

Brief details of the activity: The students of various schools made projects under different categories and displayed their best creativity in the Bal-Mela. Various activities like free check-up of random blood sugar, blood pressure and BMI was done. People were made aware about various diseases, i.e. Hypertension, Diabetes, Tuberculosis, AIDS etc. by using of informative posters and leaflet. Staff and students also explained them about the management of the diabetes, hypertension and obesity through proper diet, exercise and regular medical check. Around 110 school student and 90 community people were screened for diabetes, high blood pressure and obesity by performing RBS test, measuring blood pressure and BMI calculation.

Learning: Importance of community awareness in a children.

Suggested actions based on learning from the activity: Will encouraged students and staff member to participate in a community awareness programme.

A Report on World Pharmacist Day-2018

Name of the activity: World Pharmacist Day-2018.

Date of Activity: 25th September, 2018.

Place of Activity: Dept. of Pharmacy, SV and Pharmacy Store, Dhiraj General Hospital, Vadodara.

Back ground for the activity: Department of Pharmacy, SV in collaboration with Student Council, Dept. of Pharmacy celebrated World Pharmacist Day, 2018 by organizing a rally to spread the awareness about the 'role of pharmacist in healthcare setup' at Sumandeep Vidyapeeth campus and a health check-up camp at Pharmacy Store, Dhiraj General Hospital, Vadodara.

Activity carried out by: 05 faculty member and 210 students from are actively participated from department of pharmacy.

Activity Guided by: 05 faculty member are actively Guided students from department of pharmacy.

Participants:

From Hospital Side: Student from department of pharmacy and patient from Dhiraj Hospital.

Brief details of the activity: Department of Pharmacy, SV in collaboration with Student Council, Dept. of Pharmacy celebrated World Pharmacist Day, 2018 by organizing a rally to spread the awareness about the 'role of pharmacist in healthcare setup' at Sumandeep Vidyapeeth campus and a health check-up camp at Pharmacy Store, Dhiraj General Hospital, Vadodara. Around 200 students from Fourth B.Pharm and Fourth, Fifth and Sixth Pharm.D participated in the rally. Also, 10 students of Fourth and Fifth Pharm.D have participated in a Health Check-up camp.

Students have prepared posters on theme "**Pharmacists: Your Medicines Experts**". Also, free screening for Hypertension, Diabetes as well as Obesity was done by students through RBS test, blood pressure measurement and BMI calculation for Patients and students as well as faculties of Dept. of Pharmacy. Approximately 190 persons were screened for the above mentioned chronic conditions. Further, students have performed patient counselling of 100 patients/ care takers in which they explained about indication, administration and storage of prescribed medications. Moreover, the people who presented with borderline values of blood sugar and blood pressure were informed about life style changes.

Learning: Patient must be encouraged regarding participation in medical camp.

Suggested actions based on learning from the activity: Will encouraged students and staff member to participate in awareness programme and medical check-up camps.

**A Report on
“World Diabetes Day-2018”**

Name of the activity: World Diabetes Day-2018.

Date of Activity: 14th November, 2018.

Place of Activity: Village – Banaj, Ta. Dabhoi, Vadodara.

Back ground for the activity: Department of pharmacy, Sumandeep Vidyapeeth-Dept. of Pharmacy organized a blood a glucose monitoring and diabetes examination camp at village 'Banaj'. This medical camp included various healthcare professionals such as, MD (physician), dentist, nurses and pharmacists.

Activity carried out by: 03 faculty member and 190 students from are actively participated from department of pharmacy.

Activity Guided by: 03 faculty member are actively Guided students from department of pharmacy.

Brief details of the activity: Department of pharmacy, Sumandeep Vidyapeeth, in collaboration with Student Council, Dept. of Pharmacy organized a blood a glucose monitoring and diabetes examination camp at village 'Banaj'. This medical camp included various healthcare professionals such as, MD(physician), dentist, nurses and pharmacists.

The students of Pharmacy College had prepared posters, leaflets and pamphlets for general awareness of diabetes mellitus. They also explained about life style modification, disease, complications, diet chart and the steps to maintain normal blood sugar level. We also gave knowledge to villagers for maintaining and preventing of diabetes. We also counselled them regarding medication administration, adherence, not to skip medication as well as maintaining and preventing wounds and other infections. Approximately 105 persons were screened for the above mentioned chronic conditions. Students also took vitals that involved BP monitoring, blood sugar testing, BMI, pulses which was followed by consultation of doctors. All these information was provided to the villagers in local language - Gujarati and Hindi for their better understanding.

Students had a very good experience about how to interact with patient and we got a very good response from villagers as they were very satisfied with our input.

Participants: From Community Side: Villagers from Banaj.

Learning: Importance of community awareness programme and patient counselling services.

Suggested actions based on learning from the activity: Will encouraged students and staff member to participate in a community awareness programme.

Date of Activity: 14th November 2018.

Place of Activity: Primary School, Village – Banaj, Ta. Dabhoi, Vadodara

Back ground for the activity: Student Council, Department of Pharmacy, SV celebrated Children’s Day on Tuesday, 14 November 2017

Activity carried out by: 06 faculty member and 220 students are actively participated from department of pharmacy.

Activity Guided by: 06 faculty member are actively Guided students from department of pharmacy.

Participants:

From community Side: Children from primary school of Banaj village.

Brief details of the activity: Department of pharmacy, Sumandeep Vidyapeeth, in collaboration with Student Council, Dept. of Pharmacy celebrated Children’s Day with the students of Banaj Primary School. Department organised a medical camp especially for children. The Kids of the school brought for medical check-up

Students of Pharmacy College measured body mass index of school children by taking their weight and height. From this data we got to know that how many kids were under weight, normal and overweight. This was followed by health check-up performed by doctors and dentist. Some of the students were then prescribed with certain medications for minor ailments such as cough and sneezing. One of our faculty, Mrs. Megha Patel also taught some skills to the kids. We had celebrated children's day by playing game with schoolteachers and kids as well as gifted a stationary kit to all the students of school.

The kids enjoyed a lot with us and they were happy after receiving gift and playing outdoor games. The overall experience was really knowledgeable for the students and for the parents it was informative and for children it was really enjoyable.

Learning: Children must be encouraged.

Suggested actions based on learning from the activity: Will encouraged students and staff member to participate in a child encouragement programme.

A Report on
"Community Health Awareness Program on National Pharmacy week
celebration-2018."

Name of the activity: Community Health Awareness Program on National Pharmacy week celebration-2018.

Date of Activity: 28th November, 2018.

Place of Activity: Village – Banaj, Ta. Dabhoi, Vadodara.

Back ground for the activity: Dept. of Pharmacy, SV had organized a Health Awareness Programme at village 'Banaj' as a part of National Pharmacy Week celebration - 2018. It was aimed to carry out the health care awareness for prevalent disease, basic physical examination and dispensing of drugs along with patient counselling.

Activity carried out by: 06 faculty member and 240 students from are actively participated from department of pharmacy.

Activity Guided by: 06 faculty member are actively Guided students from department of pharmacy.

Participants:

From community Side: Villagers from Banaj.

Brief details of the activity: Dept. of Pharmacy, SV had organized a Health Awareness Programme at village 'Banaj' as a part of National Pharmacy Week celebration - 2018. It was aimed to carry out the health care awareness for prevalent disease, basic physical examination and dispensing of drugs along with patient counselling.

In this programme, there were around 240 student volunteers along with 6 faculty members who participated in community awareness through dispensing and patient counselling.

Also, the resident doctors from Dept. of General Medicine, and Dentistry have contributed with basic physical examination and diagnosis. There were helped by 2 nursing staff as well. The student volunteers from dept., of Pharmacy have actively participated with preparation of posters, leaflets and pamphlets on various prevalent diseases in local language.

They have also guided the villagers regarding life style modifications and medication related information like when& how to take the prescribed medicines, what to do if the dose is missed and also which are the preventive measures for disease as well drug related problems.

Vill. Piparia, Taluka: Waghodia.

Dist. Vadodara-391 760. (Gujarat)

The students took the vitals which involved BP monitoring, pulse rate, BMI and Blood sugar level. On the basis of this, the case file of each patient was prepared and then they were referred to the concern residents.

Learning: Patient must be encouraged regarding participation in medical camp.

Suggested actions based on learning from the activity: Will encouraged students and staff member to participate in awareness programme.

To:
The Sarpanch,
Village - Banaj, Ta. Dabhoi,
Vadodara

Subject: To grant permission for conducting Community health awareness program.

We, Department of Pharmacy, Sumandeep Vidyapeeth in collaboration with student council Department of Pharmacy, are organizing pharmacy week 2018 from 26th - 28th November, 2018. As a part of that we are planning to conduct community health awareness program on 26th November, 2018 at your village. We are aiming to carry out the health care awareness for prevalent disease, basic physical examination and dispensing of drugs along with patient counseling.

Therefore, we are requesting you to grant permission for conducting this event.

Hoping for your positive response.

Thanking you,

**A Report on
"World AIDS Day-2018"**

Name of the activity: World AIDS Day-2018

Date of Activity: 1st December 2018.

Place of Activity: Village – Banaj, Ta. Dabhoi, Vadodara.

Back ground for the activity: Department of pharmacy, Sumandeep Vidyapeeth, in collaboration with Student Council, Dept. of Pharmacy organized an HIV/ AIDS Awareness program on World AIDS Day at Banaj on 1st Dec, 2018. The awareness camp was organized in collaboration with various healthcare professionals such as, MD(physician), dentist, nurses and pharmacists.

Activity carried out by: 02 faculty member and 150 students from are actively participated from department of pharmacy.

Activity Guided by: 02 faculty member are actively Guided students from department of pharmacy.

Participants:

From community Side: Patient from Banaj village.

Brief details of the activity: Department of pharmacy, Sumandeep Vidyapeeth, in collaboration with Student Council, Dept. of Pharmacy organized an HIV/ AIDS Awareness program on World AIDS Day at Banaj on 1st Dec, 2018. The awareness camp was organized in collaboration with various healthcare professionals such as, MD(physician), dentist, nurses and pharmacists.

The students of Pharmacy College had prepared posters, leaflets and pamphlets for general awareness of HIV/AIDS. These included what actually AIDS means, causes, what are the signs and symptoms, it's transmission, what are the preventive measures and how it is been treated, facts and myths about the HIV/AIDS. Doctors did the medical checkup of villagers. All the information was provided to the villagers in local language - Gujarati and Hindi for their better understanding.

The villagers are being benefited with the knowledge of life style modification related to HIV. Most of the villagers were given patient counselling by means of leaflets, pamphlets, posters and they were satisfied with the overall care.

Learning: AIDS patient must be encouraged.

Suggested actions based on learning from the activity: Will encouraged students and staff member to participate in an AIDS awareness programme.
