**November 20, 2015**

To,  
The Members,  
Dental Faculty Board of Studies (Clinical),  
K.M.Shah Dental College & Hospital,

**Sub: Minutes of 19<sup>th</sup> (B) meeting of Dental Faculty Board of Studies (Clinical)**

The 19<sup>th</sup> (B) meeting of the Dental faculty Board of Studies (Clinical) was held on 19/11/2015 at 9.30am in the Board Room of KMSDCH to discuss the following Agenda. The meeting was chaired by Dean Dr AjithKrishnan C. G.

1. To discuss the SOP of internal examination of KMSDCH. (Annexure – I)
2. To discuss recommendations proposed by EBD committee. (Annexure – II)
3. To discuss related to introduction of new topics in Prosthodontics theory syllabus of fourth BDS. (Annexure – III)
4. To discuss related to introduction of OSCE / OSPE pattern in fourth BDS Terminal practical examination in the subject of Prosthodontics.
5. To discuss related to extramural posting of postgraduate students of Prosthodontics for maxillofacial prosthesis in tertiary cancer care centres.
6. To discuss related to – Systematic Review as one of the form for Library Dissertation.
7. Any other matter to be discussed with the permission of Chair.

- The following members were Present for the meeting:

- |                            |                  |
|----------------------------|------------------|
| 1. Dr. C.G. Ajith Krishnan | Chairman         |
| 2. Dr. Chandramani B. More | Member Secretary |
| 3. Dr. Santosh Goje        | Member           |
| 4. Dr. Navin Shah          | Member           |
| 5. Dr. Nimisha Shah        | Member           |

9. Dr. Kiran Jadhav	Member
10. Dr. Vandana Shah	Member
11. Dr. Ruchi Pawar	PG Student Representative
12. Mr. Dishant Parikh	UG Student Representative

- The following members were absent for the meeting:

1. Dr. Rakesh Shah	Member
2. Dr. Monali Shah	Member
3. Dr. Hetal Pandya	Member
4. Dr. Vipul Gurjar	Member

The Chairman Dr. Ajithkrishnangreeted all the members and the meeting was convened for order to discuss the agenda-

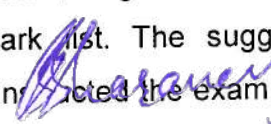

### **1. Agenda no.1: To discuss the SOP of internal examination of KMSDCH (Annexure I).**

All the members actively participated. Dr. Rajesh, Coordinator for internal examination section, elaborated about the SOP. As the academic year is altered that is from June to May, the schedule of all the internal examination for BDS students were modified. Extensive discussion was held on the conduction of pattern for internal practical examination.

Dr. Goje raised a question about the evaluation of answer books and its knowledge to the HoD. After due deliberation, it was unanimously decided that, the answer book evaluator will send the signed evaluation sheet with covering letter forwarded by the HoD to the examination section. It was also decided that, the said evaluation sheet shall be displayed on the department notice board and the record for the same shall be maintained.

Dr. Anshula Deshpande suggested that, a consolidated sheet of theory and practical examination of all the department should be displayed on the college notice board by the student section. The student should also sign this mark list. The suggestion was unanimously accepted by all the members. The chairman inducted the exam coordinator and student section incharge to implement the same.

**Attested CTC**  
  
**Vice-Chancellor**  
**Sumandeep Vidyapeeth**  
**An Institution Deemed to be University**  
 Vill. Piparia, Taluka: Waghodla.  
 Dist. Vadodara-391 760. (Gujarat)

Dr. Nimisha suggested that, the expenses pertaining to preliminary / mock examinations of MDS students should be borne by the institute. All the members actively participated in the discussion. Various views were put forward. The expenses towards this examination are presently made by the department and mainly by the postgraduate students. This is causing lots of unrest amongst the postgraduate students and thus finally a resolution was passed that, the college should bear all the expenses (material cost, TA, DA and Hospitality to the external examiner) of preliminary / Mock examination of MDS students. After due deliberations, the SOP of internal examination of KMSDCH including Internal examination marks and CCES should be considered out of TEN marks each, added together and averaged, for both theory and practical was approved.

**2. Agenda no.2: To discuss recommendations proposed by EBD committee (Annexure - II).**

The recommendations proposed by the then EBD committee were displayed and read by the member secretary. The recommendation number 1,4 and 5 were not within the purview of BoS. Hence they were not discussed.

The recommendation no 2 was discussed at large length. It was unanimously decided that, the university examination section shall request any one teacher from EBD committee to draw a question paper based on the existing syllabus.

The recommendation no 3 was viewed by all the members. Extensive deliberations were held regarding number of teaching hours. It was thus unanimously resolved that, the suggested teaching hours in the modified syllabus should be implemented.

**3. Agenda no 3: To discuss related to introduction of new topics in Prosthodontic theory syllabus of fourth BDS. (Annexure - III)**

The Chairman read the list of new topics to be introduced in the theory syllabus of fourth BDS in the subject of Prosthodontics. Dr. Rajesh elaborated the need of introducing the new topics.

After due discussion, the proposal of introducing new topics viz. Geriatric Oral health related quality of life and Forensic Prosthodontics in the IV year BDS theory syllabus of Prosthodontics and Crown and Bridge was unanimously accepted.

Vice-Chancellor  
Sumandeep Vidyapeeth  
An Institution Deemed to be University  
VIII. Piparia, Taluka: Waghodia.  
Dist. Vadodara-391 760. (Gujarat)

**4. Agenda no. 4: To discuss related to introduction of OSCE / OSPE pattern in fourth BDS Terminal practical examination in the subject of Prosthodontics . (Annexure – IV)**

The member secretary asked Dr. Rajesh to present this agenda. He elaborated and told the board that, OSCE / OSPE was introduced on trial basis last year and it was convenient and advantageous in implementation. The chairman suggested the members to introduce OSCE / OSPE in their respective subjects for BDS terminal examination. All the members unanimously accepted the suggestion and this they will take up as an agenda in the departmental board of studies before introducing.

The proposal of Dept of Prosthodontics to introduce OSCE / OSPE pattern in fourth BDS Terminal practical examination in the subject of Prosthodontics was unanimously accepted.

**5. Agenda no. 5: To discuss related to extramural posting of postgraduate student for maxillofacial prosthesis in tertiary cancer care centres.**

Dr. Rajesh presented this agenda. He told the board that extramural postings of the postgraduate students of department of Prosthodontics can be planned to improve exposure related to maxillofacial prosthetics. However the cancer hospitals in and around Baroda are charging an exorbitant amount per student for the clinical posting related to maxillofacial prosthesis. The postgraduate students have shown inability to pay this fee to the concerned cancer hospitals. Dr. Navin Shah and Dr. Vandana Shah also told that, their postgraduate students are also facing similar problems of finance. Dr. Rajesh informed that the department will again talk to concerned cancer hospital and postgraduate students and then will come to the board with the suggestions.

**6. Agenda no.6: To discuss related to – Systematic Review as one of the form for Library Dissertation in the subject of Prosthodontics.**

All the members actively participated in discussing this agenda. Various views and suggestions were put forward. Dr. More and many members also told the board they have already introduced Evidence Based management as one of the form for Library Dissertation. The chairman suggested the board, to introduce systematic review as one of

the form as a library dissertation, as dental council of India has not laid down any guidelines pertaining to it.

All the members unanimously accepted the suggestion of dept. of Prosthodontics. It was decided to propose Systematic Review as one of the form for Library Dissertation in MDS curriculum of all subjects.

**7. Agenda no.7: Any other matter to be discussed with the permission of Chair.**

1) Dr. Kiran Jadhav informed the board that, DCI has issued a Gazette notification dtd. 27/04/2015 stating that, "Any student who does not clear the BDS course in all the subjects within a period of 9 years, including one year compulsory rotatory paid internship from the date of admission shall be discharged from course." He also read the existing regulation / previous notification that "Any student who does not clear the first year BDS examination in all the subjects within 3 years from the date of admission shall be discharged from the course."

Dr. Jadhav raised a query whether which notification should be applied to which batch. Dr. More told that, the sanctity of any notification or gazette applies from the date of introduction. Many of the members agreed to this statement.

Dr. Jadhav told the board that, at present there are total fourteen UG students, who have taken admission in the year 2009 or 2010. These students have either appeared only 1<sup>st</sup> BDS or 2<sup>nd</sup> BDS university examination. If the notification dtd. 27/04/2015 is applied to these fourteen students, and then these students will not be able to complete their BDS course within 9 years from their enrollment. Dr. More and Dr. Rajesh said that, for these students the old notification will be applied. Whereas students who are enrolled after April, 2015 will be eligible for the new notification dtd. 27/04/2015.

All the member unanimously agreed and was thus resolved that, the students enrolled before April, 2015 will be governed by previous notification that "Any student who does not clear the first year BDS examination in all the subjects within 3 years from the date of admission shall be discharged from the course." Whereas students who are enrolled after April, 2015 will be eligible for the new notification dtd 27/04/2015.

2) Dr. Kiran Jadhav also informed the board that, four MDS students have abruptly discontinued reporting to the department / institute in last 3 years. They have not informed about their absence neither to student section nor to the concerned

15/2/2021

Vice Chancellor

department. All the members discussed this issue. The chairman told the board that, there are no guidelines from the statutory council pertaining to this issue, **hence it was resolved that, these students shall be contacted in writing and advise them to report to the college.**

- 3) Dr. Rajesh raised an issue stating that, the DCI has clearly mentioned that, students should have 70% of attendance in the non-exam going subjects. This rule is not included in the BDS regulations of SumandeepVidyapeeth University. **After due deliberations it was resolved that, this point should be incorporated in the BDS SVU regulation.**
- 4) Dr. Anshula Deshpande pointed out that, there is discrepancy in the number of short studies to be conducted by the postgraduate students. In the SVU MDS regulation, it is clearly stated that, postgraduate student should conduct at least one research study. Dr. Anshula told the members that, the PG students are conducting two research studies. All the members participated in the discussion. **It was thus resolved that, each postgraduate student has to conduct atleast Oneresearch study during their course as per the SVU regulations except dept. of Public Health Dentistry, wherein Two term dissertations are prescribed by DCI.**
- 5) Dr. Rajesh pointed out that, in similar lines of supplementary batch, the regular batch BDS students shall also obtain 40% of the marks for becoming eligible to appear for the University examination and this should be mentioned in the SVU regulations, in the section of 'Eligibility to appear in examination'. **All the members unanimously agreed with the suggestion.**

The Chairman thanked all the members for healthy and prolific discussion. The meeting was adjourned sine die.

Dr. Ashit and Dr. Tamanna were on exam duty and so were represented by Dr. Pulkit and Dr. Rajesh respectively.

Dr. Chandramani More, Dr. Santosh Goje, Dr. Hetal Pandya and Dr. Vipul Gurjar showed their inability to attend the meeting.

**Dr Ajith krishnan CG Chairman, BOS welcomed all the members and the following agendas were discussed:**

- 1. To discuss proposed changes in BDS, MDS curriculum & Internal examination in the subjects of Dental Anatomy and Dental Histology, Preclinical Prosthodontics, Preclinical Conservative dentistry, Dental materials, Prosthodontics, Conservative Dentistry & Endodontics, Pedodontics and Preventive dentistry, & Oral and Maxillofacial Pathology, Orthodontics & Public Health Dentistry.**

The suggestions presented by Department Board of studies of Prosthodontics were presented by Dr. Rajesh Sethuraman. These were discussed at length. In the end the suggestions given by the department were accepted as follows:

- a. Introduction of a lecture on Implant Prosthodontics: Treatment options in IV year BDS
- b. Introduction of Herbal prosthodontics in Applied Basic Sciences (paper I), Cranial Prosthesis in the section of Maxillofacial Prosthesis 8.2.3 (Paper 2), Digital Facebows and Virtual Articulators in section of articulators 8.2.2.14 (paper 2) in Prosthodontics and Crown & Bridge MDS syllabus.
- c. Introduction of fabrication of Obstructive Sleep apnea appliance in Prosthodontics and crown and Bridge MDS Practical Syllabus.
- d. Modification of final BDS University Clinical examination pattern with primary impression for completely edentulous patients and fixed partial denture preparation on typodont teeth.
- e. Restructuring Dental materials (II year BDS) and clinical Prosthodontics (IV year BDS) University evaluation pattern by incorporating OSCE/OSPE in place of spotters.

The suggestions presented by Department Board of studies of Orthodontics were presented by Dr. Santosh Goje. These were discussed at length. In the end the suggestions given by the department were accepted as follows:

- a. Introduction forensic odontology topic in recent advance in orthodontics lecture in IV year BDS.
- b. Implement objectively structured IV year BDS Prelims practical examination in place of spotters.
- c. Book and Journal review for MDS students

The suggestions presented by Department Board of studies of Pedodontics were presented by Dr. Anshula Deshpande. These were discussed at length. In the end the suggestions given by the department were accepted as follows:

- a. Implementation of OSCE in internal assessment examination of IV BDS.

The suggestions presented by Department Board of studies of Oral Pathology for change of Internal assessment exam pattern were presented by Dr. Vandana Shah. These were discussed at length. In the end the suggestion given by the department was accepted as follows:

- a. Internal examination evaluation by OSPE pattern.
- b. A module of two days biodesigning will be added during the period of routine department posting for Interns.

**These suggestions were unanimously approved.**

The following suggestions were reverted back to the departments for more clarity in application. These will be discussed in the next Board of studies meeting.

- a. BDS clinical prosthodontics related to the open book examination system to be included in 3<sup>rd</sup> Year term end examination requires more clarity and detailed pattern of examination conduction. This was sent back to the department for more clarification

**Attested CTC**

- b. Suggestion given by the Public Health Dentistry to Include two epidemiological survey preceded by recording two WHO Oral Health

Vill. Piparia, Taluka: Waghodia.

Dist. Vadodra-391 760. (Gujarat)

Assessment proforma – 1997 as a part of training for conducting the survey was sent back to the department for clarification.

**2. To discuss proposed changes in University evaluation pattern of Conservative Dentistry & Endodontics, Prosthodontics and Pedodontics and Preventive dentistry & Public Health Dentistry.**

The suggestions presented by Department Board of studies was presented and deliberated in depth. The suggestions made with respect to agenda **2.1 & 2.2** were unanimously accepted by the Board. On agenda **no 2.3** there were two suggestions. One by Dept of pediatric dentistry and other by department of Prosthodontics. The board after much pondering decided to take up both the suggestion circumstantially and proposed two recommendations for the selection of examiners in the university BDS examinations.

1. There may be two practical examiners one of which would be internal and another would be and external as per the norms set by DCI. In this case, theory evaluation should be done by the examiners other than the practical examiners.
2. In case Four examiners need to be appointed two examiner should be within the institute .Third one may be selected from the state and fourth one from outside state.
3. For MDS university exam, there should be two examiners within the institute and other two can be within or outside state.
4. The issue of university regulations for external examiners was discussed at length and all the members were of opinion that the rule of calling at least 50% examiners to whom dissertations were sent, should be waved off. There is no such regulation even in DCI guidelines.

All the board member unanimously agreed to these suggestions.

**3. To approve and suggest the panel of examiners for BDS, MDS & Dental Mechanics**

**Attested CTC**

This agenda will be taken up later in the next board of studies meetings as many departments had not submitted their Board of examiners and need clarity

# Discussion and decisions

## Topic

Inclusion of topics in the theory syllabus of PD 301- Pharmacology II

## Discussion

Dr. A. K. Seth (chairman) welcomed the members of the Board of studies and presented the agenda of the meeting. He emphasized about the syllabus of subject PD 301- Pharmacology II Pharm. D. 3<sup>rd</sup> year in which some topics are not covered in PCI prescribed syllabus such as drugs acting on G.I. Tract and coagulant, and antifibrinolytics. Dr. Seth told to all members of the Board of studies that this point was discussed with PCI inspectors in the previous PCI inspection at large and as per their suggestions given; topics are to be added.

## Decision

All members were agreed to include the topics in the PCI prescribed syllabus of PD 301.

The meeting then ended at 12.00 noon with vote of thanks.

Topic	Discussion	Decision
Elaboration of subtopic in the syllabus of Pharm D subjects ;  PD 203- Pharmacognosy & Phytopharmaceuticals of Pharm. D. 2 <sup>nd</sup> year and PD 305- Medicinal Chemistry of Pharm. D. 3 <sup>rd</sup> year	Dr. A. K. Seth (chairman) welcomed the members of the Board of studies and presented the agenda of the meeting. He emphasized about the syllabus of subject PD 203- Pharmacognosy & Phytopharmaceuticals of Pharm. D. 2 <sup>nd</sup> year and PD 305- Medicinal Chemistry of Pharm. D. 3 <sup>rd</sup> year which is not given in elaborated form in PCI prescribed syllabus and needs to be enriched by including relevant sub-topics under the Topics given. Dr. Seth told to all members of the Board of studies that this point was discussed with PCI inspectors in the previous PCI inspection at large and as per their suggestions given; sub-topics under each topic are to be added.	All members were agreed to include the sub-topics in elaborated form in the chapters given in the relevant syllabus of PD 203 and PD 305 prescribed by PCI.

The meeting then ended at 12.30 pm with vote of thanks.

Dr. Mahavir represented Dr.Harsoda for physiology.

Dr. H .A . Desai represented Dr. Mrs. Sattegi in pharmacology.

Dr. S Sugna represented Dr. Mrs Lakhani in Micro biology.

Dr. Jasmin Jasani and Dr.Anoop Nilaver were absent.

**Dr. Ajithkrishnan welcomed all the members and following agendas were discussed.**

**1. To discuss the internal examination SOP and proposed modification in University theory examination scheme.**

Internal Examination SOP was mailed to all the members on the previous day. Dr. Ajit Asked all the members to give their suggestions if any change in the SOP. Dr. Rajesh had an opinion that with the existing internal marks system where only five marks are counted from 3 summative assessments and remaining five are counted from CCES. Due to this the value of internal examination is been diluted. All the efforts taken by staff and the exam section is going in vein. Students are also not taking internal exam seriously, particularly second internal where they have to answer MCQs.As per DCI, we cannot increase the internal marks more than 10. Dr. Rajesh suggested to keep the marks of internal exam 10 and marks of CCES 10. Later it should be added and averaged. This proposal was accepted by the board. It was also told that for prosthetic & conservative pre clinics, the internal marks will be 20 so average of 20(internal marks)and 20 (CCES) should be done.

**After due deliberations, the SOP of internal examination of KMSDCH including Internal examination marks and CCES should be considered out of TEN marks each, added together and averaged, for both theory and practical was approved.**

**The Preclinical Internal examSOP along with internal marks and CCES out of 20 marks each and averaged in Pre-clinical subjects of Prosthodontics and Conservative dentistrywas unanimously accepted by the board.**

**2. To discuss proposed changes in the curriculum of pre-clinical prosthodontics and Dental materials (prosthodontics).**

Dr. Tammanna and Dr. Rajesh proposed to restructure pre-clinical prosthodontic terminal practical examination on OSCE/ OSPE pattern. They also mentioned the need to introduce reverse engineering / CAD-CAM in theory syllabus of second BDS as desirable to know section in Dental Materials theory.

**After adequate deliberation it was accepted to propose Introduction of Objectively structured Practical examination (OSPE) in pre-clinical Prosthodontics Terminal Examination.**

It was also decided to propose introduce reverse engineering / CAD-CAM in theory syllabus of second BDS as desirable to know section in Dental Materials theory of Prosthodontics and crown and Bridge.

**3. To discuss recommendation proposed by EBD**

Soft copy of the EBD syllabus was mailed to all the members, five recommendation were proposed by EBD committee to the board of studies out of that two recommendations were administrative matter which were not discussed in the board, one recommendation was to set the EBD paper strictly as per curriculum and should be set preferably by faculties teaching EBD and moderation of EBD paper should be done as done in other subjects.

Dr. Vandana informed the board that it was routinely observed, since last four years that, there was a discrepancy between the topics covered by the EBD department and the question asked in the university exams. In this case, moderation should be done by the faculty teaching EBD as it is done in other subjects. She also suggested that if possible, EBD paper should be set by the faculty who are teaching EBD in dental college.

This suggestion was accepted by the entire board.

Another suggestion was to discuss modifications in the existing curriculum of EBD. It was noted that there is a difference in the number of hours shown in the hard copy

submitted and the number of hours actually taught in the dental college. So it was decided by chairman to send back for the reevaluation to the existing EBD coordinator.

Another recommendation to issue experience certificate to the EBD faculty. Dr. Ajith replied that EBD teaching faculties are already been given experience certificate by institute.

**This agenda was approved.**

4. To discuss changes proposed by Microbiology department regarding maintenance of attendance of 2<sup>nd</sup> BDS students and providing practical laboratory in K.M Shah Dental college for the same.

**This agenda was not discussed in the board as it is an administrative matter.**

5. Any other matter with the permission of the Chairman

Dr. Kiran from the student section informed to the board that 14 undergraduate students are not coming to the college since last 3- 4 years. And inspite of sending repeated reminders there was no communication from the students. According to new DCI rules, undergraduate students have to complete the course with internship in 9 years. All the members were of an opinion that the new rule should be applied from the current first year BDS batch.

Another matter was proposed by Dr. Nimisha to have one common board of studies for KMSDCH rather than two (pre-clinical and clinical). Dr. Ajith and Dr. More said that few agendas are repeated in both the board .it was even observed that one agenda is accepted by one board and rejected in another. This causes lot of difficulty to make final resolutions. So one board of studies is preferred.

**Both the suggestions were unanimously accepted by the board.**

**Chairman thanked all the members and the meeting was adjourned.**
